ENTERPRISE FUNDS

Enterprise Funds account for the acquisition, operations and maintenance of the City's facilities. These services are entirely or predominantly supported by user charges. The City periodically determines whether the revenue earned, expense incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. All activities necessary to provide services are budgeted for in these funds:

Sewer Fund

This fund is used to account for the operations of the regional sewer collection and treatment facilities operated by the City. Memphis continues to have the lowest residential, commercial and industrial waste water rates among the 1,250 largest cities in the nation. The last increase in sewer fees was in FY 2005.

Storm Water Fund

This fund is used to account for the operations of the storm water system operated by the Public Works, General Services and Engineering Divisions of the City. The funds are generated from the Storm Water fee assessed to Residential and Non-Residential facilities and properties within the City limits. The City's storm water fee is be added to MLG&W utility bills and moneys collected will be used to fund federally mandated storm water requirements and to alleviate local flooding problems.

Category	FY 2007 Actual	FY 2008 Forecast	FY 2008 Budget	FY 2009 Adopted
Revenues				•

SEWER FUND SUMMARY

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	13,985,264	14,460,595	16,237,442	17,397,546
Materials & supplies	15,790,985	18,325,850	19,460,679	21,639,363
Capital outlay	2,670,682	2,716,610	2,014,000	3,213,000
Transfer To Fixed Assets				
Capital	(1,154,522)	(2,108,608)	(1,406,000)	(2,605,000)
Bond issue costs	(682)	0	0	0
Total Expenditures	31,291,727	33,394,447	36,306,121	39,644,909
Charges for Services	(538,520)	(373,306)	0	0
Net Expenditures	30,753,207	33,021,141	36,306,121	39,644,909
Funded Staffing Level	241.00	250.67	290.00	290.00

Locate, identify, and correct problems in the sewer collection systems by providing both cleaning of sewer lines as preventive maintenance and clearing sewer stoppages on an emergency basis.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	2,254,118	2,323,992	2,681,542	2,860,184
Materials & supplies	1,191,767	1,488,034	2,021,050	2,025,050
Capital outlay	430,766	605,731	470,000	720,000
Transfer To Fixed Assets				
Capital	(353,412)	(535,731)	(400,000)	(650,000)
Net Expenditures	3,523,239	3,882,026	4,772,592	4,955,234
Funded Staffing Level	47.00	49.08	56.00	56.00

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Develop and monitor the service center's annual budget in accordance with the division's goals and policies	To ensure the service center stays within budget by establishing internal budget constraints and monitoring all expenditures	Meeting all quarterly forecasts	Not Measured	Not Measured	100%
Protect the health of the community and the environment by providing the safe collection and transportation of wastewater through the City's sanitary sewer system in a cost-effective manner	To implement a more aggressive manhole inspection and cleaning programs to reduce the number of stoppages and overflows, as well as, prevent future emergencies by 25% from last fiscal year	Number of routine manhole inspections	25,000	17,000	15,000
	To respond to all stoppages and overflows calls within 24 hours of receiving notification or a complaint from a citizen	Percentage of calls responded to in 24 hours	79%	82%	80%
Significantly reduce the number of on-the job injuries (OJIs)	To reduce the overall number of reported OJIs by 15% from last fiscal year, through proper training	Number of OJIs	2	1	1

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Ensure that each employees' skill levels remain high	To require each employee to complete at least 16 hours of mandatory training that covers specific information pertaining to the employee's job functions by the end of the fiscal year	Number of training hours	Not Measured	896	896
Meet reporting requirements and mandates for overflows and discharges	To review the currents process and implement the necessary changes to guarantee that the department adheres to all of the State's reporting requirements regarding sewage overflows and discharges, and ensure that we meet this mandate 100% percent of the time	Percentage of overflows and discharges reported on time	100%	100%	100%

To properly and cost effectively treat the wastewater and dispose of the bio-solids generated by the residents and industries in the southern half of Memphis and adjacent communities in compliance with the many regulatory requirements of the United States.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	3,580,907	3,636,927	4,297,944	4,538,910
Materials & supplies	6,067,655	7,986,878	7,606,325	8,307,577
Capital outlay	1,531,093	1,054,665	800,000	1,050,000
Transfer To Fixed Assets Capital	(335,888)	(854,664)	(600,000)	(850,000)
Total Expenditures	10,843,767	11,823,806	12,104,269	13,046,487
Charges for Services	(38,502)	(32,554)	0	0
Net Expenditures	10,805,265	11,791,252	12,104,269	13,046,487
Funded Staffing Level	56.00	56.33	69.00	69.00

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Develop and monitor the service center's annual budget in accordance with the division's goals and policies	To ensure the service center stays within budget by establishing internal budget constraints and monitoring all expenditures	Meeting all quarterly forecasts	89.2%	100%	100%
Maintain compliance with federal, state and local regulatory agencies, while studying and pursuing additional environmental programs within the wastewater treatment industry	To maintain a high- quality effluent and meet all State regulatory requirements limitations of 99% or more each quarter	Percentage of compliance each quarter	99.9%	99.9%	99.9%
	To evaluate existing treatment performance and develop a long range plan to begin prioritizing areas for future work	Survey existing staff regarding current status of equipment and staffing and begin identifying future needs.	Not Measured	Not Measured	Completed

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
	To assess and document current procedures used by Pretreatment Program and initiate management progression transition	Production of document by Program Manager and identify his current duties	Not Measured	Not Measured	Completed
Operate the plant cost-effectively and minimize the financial impact through energy-efficient and other programs that encourages employee participation	To increase employee awareness of energy consumption by widening access to energy consumption data and processes that consume energy	implement web based monitoring program for plant energy usage and review energy usage with plant staff on regular basis	Not Measured	Not Measured	Completed
Implement a standard training program to provide adequate resources, training and education to improve service, increase employee development and reduce job injuries	To schedule at least four hours of health and safety training each quarter by utilizing videos, and/or PowerPoint for every employee through a cooperative effort with the Health and Safety Coordinator	Percentage of employees trained each quarter	68%	75%	100%
	To implement a total of four training programs, one per quarter, designed to provide advancement opportunities for employees and to introduce employees to new equipment and technology through seminars, on-the-job training, correspondence, and/or vendor training	Number of training programs implemented each quarter	Not Measured	1	Completed
Minimize the number of lost time on-the job injuries (OJI's), and the effect on the operation	To reduce the overall number of reported OJIs by 15% from last fiscal year, through proper training	Lost time OJI's less than 10 per 100 FTE	12	11	8

To properly and cost effectively treat the wastewater and dispose of the bio-solids generated by the residents and industries in the northern half of Memphis and adjacent communities in compliance with the many regulatory requirements of the United States.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	4,051,294	4,148,576	4,456,682	4,925,799
Materials & supplies	6,378,478	6,500,688	6,319,228	7,444,235
Capital outlay	136,633	341,000	246,000	410,000
Transfer To Fixed Assets Capital	(28,543)	(241,000)	(146,000)	(310,000)
Total Expenditures	10,537,862	10,749,264	10,875,910	12,470,034
Charges for Services	(521,354)	(342,142)	0	0

Funded Staffing Level	63.00	66.25	75.00	75.00

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Develop and monitor the service center's annual budget in accordance with the division's goals and policies	To ensure the service center stays within budget by establishing internal budget constraints and monitoring all expenditures	Meeting all quarterly forecasts	92.6	100	100
Maintain compliance with federal, state and local regulatory agencies, while studying and pursuing additional environmental programs within the wastewater treatment industry	To maintain a high- quality effluent and meet all State regulatory requirements limitations 99% or more each quarter	Percentage of compliance each quarter	99.9%	99.9%	99%
	To assess and document current procedures used by Pretreatment Program and initiate management progression transition	Production of document by Program Manager and identify staff to assume new duties	0	0	Completed

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
	To develop long range plan for bio-solids management	Perform an in- house projection of storage capacity of current disposal sites and initiate planning for future options	0	0	Completed
Operate the plant cost-effectively and minimize the financial impact through energy-efficient and other programs that encourages employee participation	To increase employee awareness of energy consumption by widening access to energy consumption data and processes that consume energy	implement web based monitoring program for plant energy usage and review energy usage with plant staff on regular basis	0	0	Completed
Implement a standard training program to provide adequate resources, training and education to improve service, increase employee development and reduce job injuries	To schedule at least four hours of health and safety training each quarter by utilizing videos, and/or PowerPoint for every employee through a cooperative effort with the Health and Safety Coordinator	Percentage of employees trained each quarter	54%	75%	100%
Implement a standard training program to provide adequate resources, training and education to improve service, increase employee development and reduce job injuries	To implement a total of four training programs, one per quarter, designed to provide advancement opportunities for employees and to introduce employees to new equipment and technology through seminars, on-the-job training, correspondence, and/or vendor training	Number of training programs implemented each quarter	Not Measured	Not Measured	Completed
Minimize the number of lost time on-the job injuries (OJI's), and the effect on the operation	To reduce the overall number of reported OJIs by 15% from last fiscal year, through proper training	Lost time OJI's less than 8 per 100 FTE	7	7	7

To provide dependable transport of wastewater through pump stations without interruption of service or discharge of pollutants into nearby streams.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	480,848	478,643	504,759	528,394
Materials & supplies	381,700	377,588	551,580	556,080
Capital outlay	40,749	41,000	41,000	61,000
Transfer To Fixed Assets				
Capital	(21,096)	(25,000)	(25,000)	(45,000)
Net Expenditures	882,201	872,231	1,072,339	1,100,474
Funded Staffing Level	8.00	7.83	8.00	8.00

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Develop and monitor the service center's annual budget in accordance with the division's goals and policies	To ensure the service center stays within budget by establishing internal budget constraints and monitoring all expenditures	Meeting all quarterly forecasts	Not Measured	Not Measured	100%
Protect the health of the community and the environment by delivering consistent and reliable levels of service provided by wastewater lift station facilities, through regular inspection and maintenance of component systems to reduce pump failures	To ensure operational reliability of sewage lift stations by scheduling monthly inspections and maintenance on each facility	Number of inspections completed	1,200	1,200	1,200
	To minimize overtime cost associated with after hour failures by 50% from the previous fiscal year, through proper maintenance	Reduction in overtime cost and hours	39%	7%	5%

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Ensure employees' skill levels remain high in order to perform adequate inspections, maintenance on pumps and to respond to emergencies	To require each employee to complete at least 16 hours of mandatory training that covers specific information pertaining to the employee's job functions by the end of the fiscal year	Number of training hours	154	200	125

The mission of all Environmental Administration functions is to provide the highest level of environmental services, while charging a user fee that is consistently the lowest in the nation.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	633,963	686,091	683,577	737,719
Materials & supplies	417,575	348,916	692,465	791,855
Total Expenditures	1,054,114	1,035,007	1,376,042	1,529,574
Charges for Services	21,336	1,390	0	0
Net Expenditures	1,075,450	1,036,397	1,376,042	1,529,574
Funded Staffing Level	9.00	9.17	10.00	10.00

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Develop and monitor the service center's annual budget in accordance with the division's goals and policies	To ensure the service center stays within budget by establishing internal budget constraints and monitoring all expenditures	Meeting all quarterly forecasts	Not Measured	Not Measured	100%
Provide the most cost-effective and efficient provision of sanitary sewer service while providing maximum practical protection to the environment and public health, while maintaining sewer fees at the lowest in the nation	To successfully manage the department's budget in order to generate an adequate surplus to ensure good bond rating for the sell of future sewer bonds at best cost possible for the City	Future bond rating	Moody's A2	Moody's A2	Moody's A2

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Maintaining the most competent, knowledgeable and courteous staff possible, capable of providing the mostefficient customer services to resolve customer billing inquiries as quickly as possible and provide accurate and timely accounting and budgeting support	To ensuring that the staff has the tools necessary to accurately calculate, bill and collect revenues for sewer services with minimum errors to reduce billing disputes and increase sewer revenues for City-billed industrial accounts	Number of billing disputes	4	4	4
Ensure that each employee skill-level remain high	To require each employee to complete at least 16 hours of mandatory training that covers specific information pertaining to the employee's job functions by the end of the fiscal year	Number of training hours	513	400	400

To provide construction-type repairs to the sewer system in a timely and cost-effective manner.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	2,421,927	2,497,492	2,928,732	3,088,477
Materials & supplies	1,243,961	1,385,780	2,033,065	2,277,600

To preserve, repair, and improve the city's storm sewer infrastructure and the efficient, consistent delivery of essential City services vital to our citizens' quality of life.

Operating Budget

	FY 2007	FY 2008	FY 2008	FY 2009
Category	Actual	Forecast	Budget	Adopted
Personal services	2,875,420	0	3,237,020	3,594,890
Materials & supplies	754,201	0	936,491	971,760
Capital outlay	404,354	0	427,500	453,000
Transfer To Fixed Assets				
Capital	(3,815,759)	0	0	0
Net Expenditures	218,216	0	4,601,011	5,019,650
Funded Staffing Level	66.00	68.00	73.00	73.00

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Develop and monitor the service center's annual budget in accordance with the division's goals and policies	To ensure the service center stays within budget by establishing internal budget constraints and monitoring all expenditures	Meeting all quarterly forecasts	Not Measured	Not Measured	100%
To protect property by reducing the likelihood of storm water flooding by providing preventive maintenance that includes inspection and repairs through cost-effective measures	To establish an aggressive plan to inspect 50% of all drainage basins within the City and arrange the necessary repairs to any damages that could cause unexpected flooding without undue delays	Percentage of basins inspected	76%	100%	100%
Improve drainage conditions by increase the routine inspection and cleaning the City's drainage inlets	To establish a more aggressive plan to increase the number storm drain inlets inspected and cleaned per day by 10% and to inspect and clean all high risk inlets once per month or determined by thunder storms	Percentage of inlets inspected and cleaned	Not Measured	Not Measured	100%

Goal	Objective	Performance Measure	Actual FY 2007	Estimated FY 2008	Adopted FY 2009
Ensure that each employees' skill levels remain high	To require each employee within the service center to complete at least 10 hours of training that covers specific information pertaining to the employee's job function by the end of the fiscal year	Number of training hours	1,488	730	730
Minimize the number of lost time on-the job injuries (OJI's), and the effect on the operation	To reduce the number of lost time injuries by 15%, by providing every employee with adequate health and safety training, and ensuring that all safety policies are being adhered to and safety equipment is properly used	Number of lost- time injuries reported	8	6	4

To preserve, repair, and improve the city's infrastructure and the efficient, consistent delivery of essential City services vital to our citizen's quality of life.
