mission

To develop a system of integrated services and activities that drive neighborhood redevelopment, investment in housing capital and economic development.

structure

services

The Division of Housing and Community Development (HCD), along with the Memphis Housing Authority (MHA), works to develop affordable housing options and neighborhood revitalization through down-payment assistance, homeownership counseling and single-family housing rehabilitation. HCD works to improve the development of Memphis neighborhoods, communities and economy by targeting single-family housing production, offering infrastructure assistance by site or project, determining the contribution of land and land acquisition for special projects, developing area neighborhood plans and housing and environmental standard inspections.

issues & trends

As with many large urban centers, Memphis has a sizable low-income population concentrated within the inner-city. shortage of affordable housing for this population has been estimated at over 8,000 rental units and 500 units for ownership. Characteristically, economic development in these same neighborhoods suffers at equally alarming rates. The restructure of the City's public housing program has placed even more stress on the already lagging affordable housing stock. The current Administration has centered a primary focus on the revitalization of the city's oldest and most neglected areas. The Division has developed a series of planning processes that follow the national trend of resident involvement in neighborhood redevelopment.

strategic goals

- Develop a consolidated planning program that utilizes a collaborative process whereby the community establishes a unified vision for housing and community development actions
- Enhance access, opportunity and an expansion of choices whereby all residents may experience affordable and decent housing options
- Alleviate slum and blight conditions throughout the City
- Build neighborhoods of choice which provide amenities and services commensurate with quality-of-life standards
- Support investment in neighborhood community development activities that create job and work-force development

budget highlights

- \$150,000 to replenish Target Area Small Business Revolving Loan Amount
- \$166,000 for Housing Resource Center for Housing Counseling
- \$1,291,379 for Peabody Place Section 108 housing
