#### COMPREHENSIVE ANNUAL FINANCIAL REPORT

FISCAL YEAR ENDED JUNE 30, 2012

City of Memphis

Tennessee

A C Wharton

Mayor

# George M. Little

Chief Administrative Officer

PREPARED BY DIVISION OF FINANCE

**Brian Collins** 

Director

December 15, 2012

To Members of the City Council And Fellow Memphians:

I respectfully submit The City of Memphis' Comprehensive Annual Financial Report for the fiscal year ended June 30, 2012. This report documents our financial position and operations for the year, as well as the current economic climate of Memphis.

A C WHARTON, JR. Mayor

With great resolve and skill, the City strategically and tactically maneuvered through the difficult economic conditions that currently exist in our wonderful city and nation. During this period of low interest rates and diminishing returns, the City of Memphis placed its available resources in high yield investments - its top priorities, which are to create safe and vibrant neighborhoods, grow prosperity and opportunity for all, invest in our young people and advance a culture of excellence in city government. Through prudent stewardship of the citizen's tax dollars, Memphis will continue to propel forward as an economic leader in the region and as one of the best cities in the nation in which to live, learn, work and recreate.

Even in these difficult financial times we have managed to make prudent and strategic investments to strengthen our ability to compete for high quality jobs and to enhance our attractiveness to tourists. Specifically through strategic infrastructure investments we have managed to attract leading industries such as Electrolux and Mitsubishi. Strategic investments have also been made in tourist and entertainment attractions such as the Overton Square area and Graceland. In addition to these large scale investments, we have deployed our Bloomberg resources to develop a culture of innovation and revitalization in the core areas of our city.

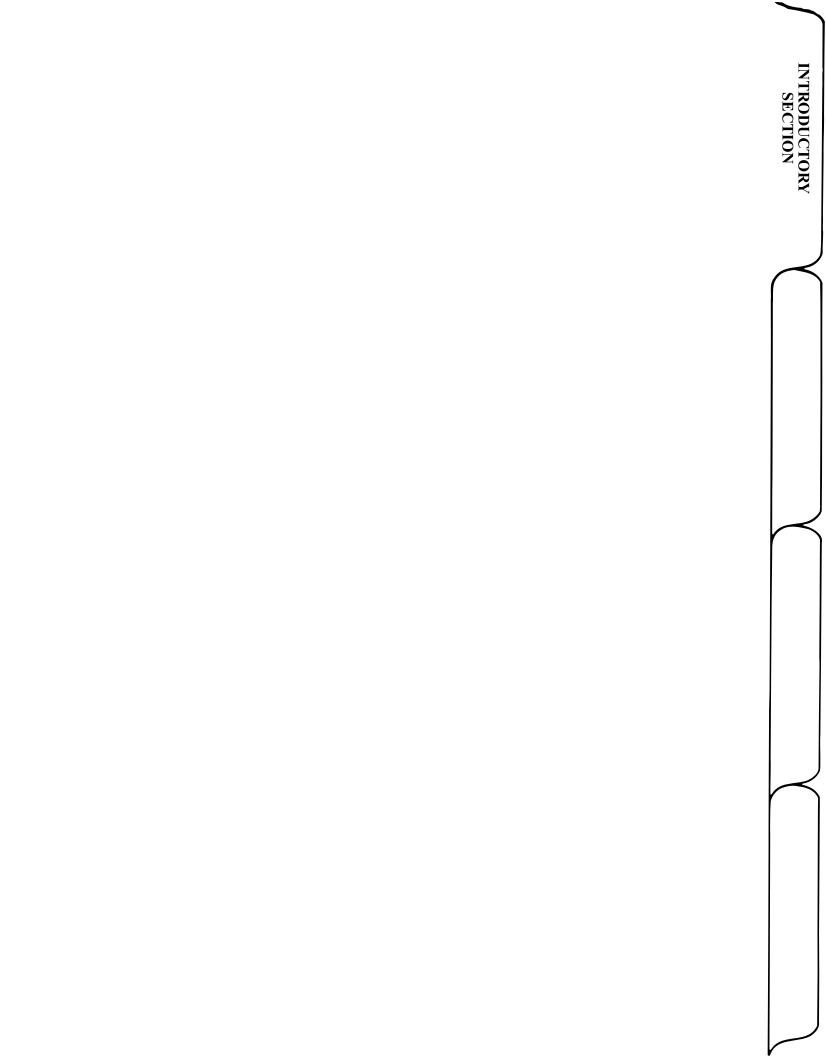

Bold goals were set and achieved this year despite tough economic realities. We are extremely proud of the progress made with our residential and mixed use development projects, including the Legends Park project and other Hope VI revitalization projects. These projects are bringing new life to Downtown Memphis and surrounding areas by replacing dilapidated public housing with beautiful single family homes, multifamily homes and commercial space. Aggressive anti-blight initiatives and the recent opening of the new Crump police station are sure to be impactful in making our city cleaner and safer.

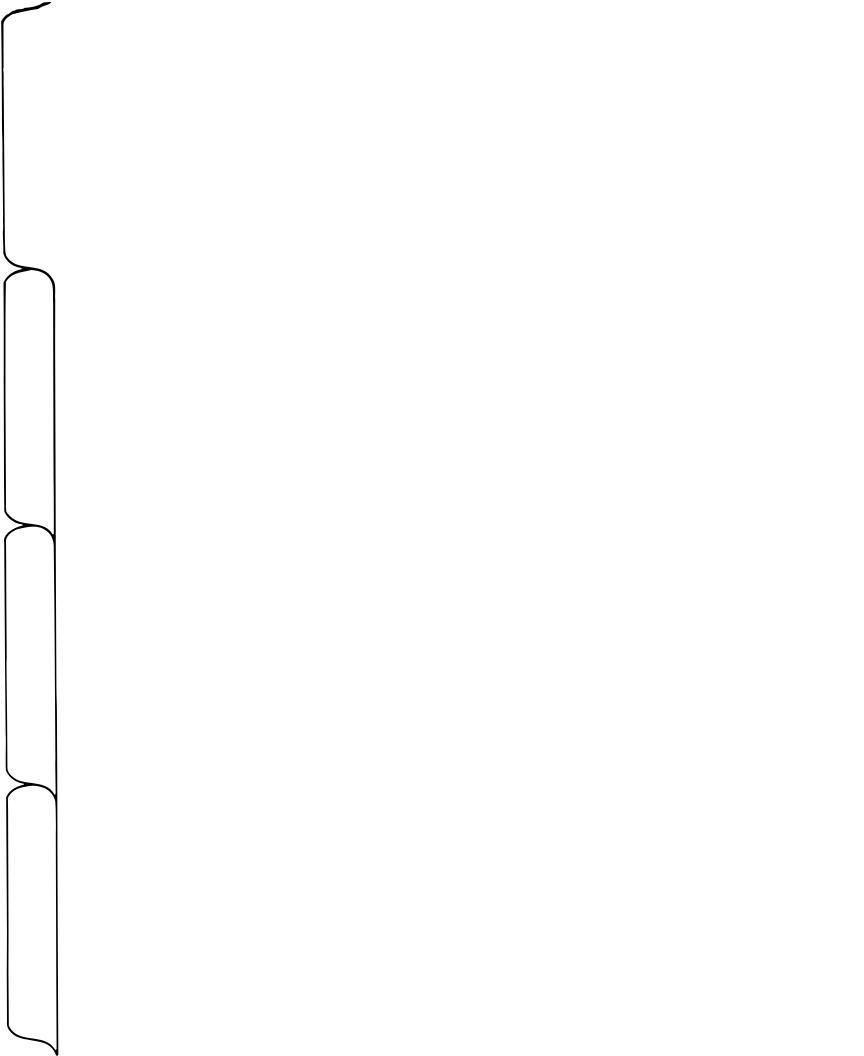

We are extremely grateful to our corporate citizens who continue to invest in our city, including St. Jude Children's Research Hospital with over \$190 million in construction underway and Memphis Bioworks Foundation with approximately \$22 million in construction in progress -just to name a few. In the midst of financially lean operations, our accomplishments reveal the true nature of our City - resilient and purpose driven.

We are proud of this year's accomplishments. However, we are relentlessly optimistic about the coming years and confident in our ability to excel. This is our moment. This is our time to invest strategically in the priorities that will yield the highest returns for our great city. As such, we present this report as part of our commitment to inform all interested parties of our financial condition.

Respectfully submitted,

Mayor

December 31, 2012

To the Mayor, City Council, and Citizens of Memphis:

The Comprehensive Annual Financial Report (CAFR) of the City of Memphis, Tennessee (the City) for the fiscal year ended June 30, 2012, is hereby submitted in accordance with the Memphis City Charter requirement for an independent audit conducted by a certified public accounting firm. The financial statements are presented in conformity with the United States generally accepted accounting principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB) and have been audited in accordance with the United States generally accepted auditing standards. Additionally, the report is presented for compliance with the provisions of the Single Audit Act and related Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Office of Internal Audit supports the internal controls within the City by reviewing and appraising existing accounting and management controls, ascertaining compliance with existing plans, policies and procedures, and ascertaining the reliability of accounting and other data developed within the City.

The City's financial statements have been audited by Banks, Finley, White & Co. licensed certified public accountants. Banks, Finley, White & Co. has issued an unqualified ("clean") opinion on the City's financial statements for the year ended June 30, 2012. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

#### Profile of the Government

The City of Memphis is a home rule city under State law and was incorporated in 1826. The present Charter was adopted in 1968 and provides for a Mayor-Council form of government. The Charter provides for the election of a mayor and thirteen council members. The City currently occupies a land area of 340.5 square miles and serves a population of 652,050. The City is empowered to levy a property tax on both real and personal property located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed

appropriate by the City Council.

Under the provisions of the City charter, the City Council makes the laws that govern the City. The Council is responsible for, among other things, approving the budget, setting the tax rate and establishing other lawful taxes and fees necessary to secure sufficient revenue to fund the budget as approved. All administrative duties concerning day-to-day operations of city government are the duty and responsibility of the mayor. Each of the various divisions of city government has a director who is appointed by the mayor with the City Council's approval.

The City provides a full range of municipal services including: police, fire, culture/recreation, community development, solid waste management, public works, planning and zoning, sewers, utilities, transit and general administrative services. This report includes the financial statements of the funds of the City and boards and authorities that provide City services and for which the City is financially accountable. "Financial Accountability" is the benchmark used to determine which organizations are part of the primary government or represent component units of the primary government.

The City evaluates its financial reporting entity in accordance with Governmental Accounting Standards Board requirements to identify the various organizations as: (1) organizations which are part of the City's legal entity; (2) organizations that are legally separate and for which the City appoints a voting majority of the organization's governing body and the City is either able to impose its will or has the potential of receiving financial benefit or realizing a financial burden from the organization; and (3) organizations that are fiscally dependent on the City. The following organizations are component units of the City and as such are discretely presented (separated from the primary government) in the general purpose financial statements:

- Board of Education of the Memphis City Schools
- Memphis Area Transit Authority
- Memphis and Shelby County Airport Authority
- Memphis Zoological Society

Further explanations of the discretely presented component units and the reasons for their inclusion are provided in the notes to the financial statements.

The following entities are considered to be joint ventures of the City:

- Memphis and Shelby County Port Commission
- New Memphis Arena Public Building Authority of Memphis and Shelby County
- Memphis and Shelby County Community Redevelopment Agency

These organizations also are further described in the notes to the financial statements.

The following related organizations and jointly governed organizations are excluded from the City's financial statements, as they do not meet the definition of financial accountability as defined by GASB:

- Memphis Housing Authority (related organization)
- Memphis and Shelby Downtown Commission (formerly the Center City Commission)
- Memphis and Shelby County Parking Authority
- Memphis Center City Revenue Finance Corporation
- Industrial Development Board
- Depot Redevelopment Corporation of Memphis and Shelby County
- Sports Authority of Memphis and Shelby County Incorporated
- Memphis and Shelby County Economic Development Growth Engine (EDGE) Industrial Development Board
- Memphis Convention Center

The City administration annually prepares a plan of services for the upcoming fiscal year and the estimated cost of providing these services. This plan is reviewed by the City Council and is formally adopted by the passage of a budget ordinance prior to the end of the fiscal year. The ordinance provides for budgetary control at program levels (e.g., public safety) and by division (e.g., police) and said budgets cannot be exceeded without the approval of the City Council. The mayor has authority to approve transfers between categories (e.g., personnel, materials and supplies) within maximum limits for each transfer and each program. Transfers between programs, however, require authorization by ordinance or resolution of the City Council.

#### **Economic Condition Assessment**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates. The Center for Business and Economic Research at the University of Tennessee provided the following economic overview:

#### The National Economy

- Economic growth slowed during the year as a result of Europe's delayed response in addressing the sovereign debt crises in Greece, Spain and Italy, anticipation of the U.S. presidential election and the looming fiscal cliff. Europe's slow growth impacted the global economy; therefore, causing downward pressure on exports from the U.S.
- The fiscal cliff, a combination of expiring tax cuts and across-the-board government spending cuts that are scheduled to become effective December 31, 2012 and are expected to have negative consequences on the U.S. economy if the cuts occur without modifications, resulted from lawmakers delaying to deal with the issues as a result of the 2012 presidential election.
- The year as a whole is expected to produce GDP growth of only 2.1 percent, with slow growth continuing through early 2013.
- The unemployment rate will average 8.2 percent for the year. Payroll employment is expected to see its strongest growth since 2006 at 1.4 percent growth.
- Light vehicle sales and the housing market are encouraging signs for the national economy. Pent up demand for vehicle sales has been showing up in sales in recent quarters, while housing prices are moving up.
- The most recent Federal Reserve initiatives are expected to have only a slight downward pressure on interest rates. The Consumer price index (CPI) is expected to be approximately 2 percent in the short-term forecast horizon.

#### Local Economy

The Memphis Metropolitan Statistical Area (MSA) is comprised of eight counties – Shelby, Tipton, and Fayette, TN; DeSoto, Marshall, Tate, and Tunica, MS; and Crittenden, AR. The City of Memphis contains about 51 percent of the MSA's population, and Shelby County accounts for slightly more than 73 percent.

A key contributor to the stability of the Memphis and Shelby County economy is its job diversity. Government, trade, healthcare services, hospitality and warehousing, transportation and utilities are all mainstays of the regional economy. The City is conveniently located within 600 miles of most major cities and commercial markets in the United States. As a result of its central location and access to the interstate, Mississippi River, rail and airport, the city is a major hub for distribution.

The deceleration in global and national economic conditions has rippled across the Tennessee economy.

But similarly to the national economy, there have been some positive signals in terms of employment in the midst of the economic slowdowns. In addition, Memphis' strong healthcare system, low cost of living and position as a transportation hub leader will keep the city's economy relatively stable until the state and nation fully recover.

According to the Center for Regional Economics-8<sup>th</sup> District Federal Reserve Bank of St. Louis, between July 2011 and July 2012, nonfarm employment growth in the Memphis MSA was positive by 1.4 percent which was on par with the country, which saw a 1.4 percent increase in employment as well. The largest percentage job increases were in Education and Health (5.7 percent), while the largest percentage job losses were in the Trade, Transportation, and Utilities (TTU), which accounts for more than a quarter (26 percent) of all jobs in Memphis, with (-0.1 percent) in losses.

#### Unemployment Rates (Seasonally Adjusted), 2011-2012

Region	Aug. 2011 10.2%	Aug. 2012 8.9%	Percent Change
Memphis MSA*	10.2%	8.9%	-12.7%
Tennessee	9.2%	8.5%	-7.6%
United States	9.1%	8.1%	-11.0%

Source: U.S. Bureau of Labor Statistics and Tennessee Department of Labor and Workforce Development. \*Not Seasonally Adjusted

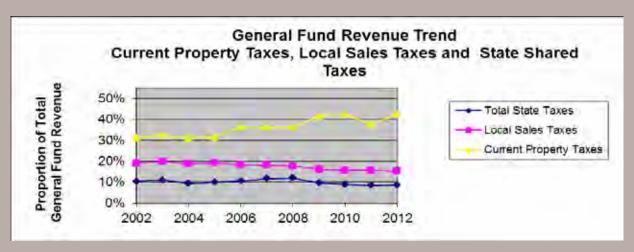

The nation's unemployment rate decreased 11.0% year over year to 8.1% from 9.1%. Tennessee's and the Memphis MSA unemployment rate followed a similar trend in 2012. Tennessee's August unemployment rate reflects a 7.6 percent decrease from August 2011. Memphis' unemployment rate decreased to 8.9 percent in August 2012, down 12.7 percent from a year ago. Despite the current national recession, the continuation of major local job creation initiatives should improve the Memphis unemployment situation in the future.

The chart below shows that since fiscal year 2002, the percentage of total revenues generated from Property Taxes, Local Sales Taxes and State Shared Taxes remained constant until fiscal year 2006.

- During fiscal year 2006, the City realized a significant increase in property tax revenues as a result of a rate increase.
- During fiscal year 2007 and fiscal year 2008, the percentage of revenues from current Property Taxes, Local Sales Taxes and State Shared Taxes remained relatively constant year over year.
- Property Tax revenues in the general fund increased in total and as a percentage of total revenues due to an increase in the property tax rate allocation to the general fund during fiscal year 2009.
- No noticeable change in the Property Tax, Local Sales Tax or State Shared Tax revenue source percentages occurred in fiscal year 2010.
- During fiscal year 2011, total revenues increased due to a significant transfer from the Debt Service Fund and increases in the Local Sales and State Shared Tax collections. The Debt Service Fund transfer provided funding for transfers made to Memphis City Schools from the General Fund. As such, during fiscal year 2011 Property Tax revenues decreased as a percentage of total revenues.
- In fiscal year 2012, Property tax revenues increased as a percentage of total revenues due to the transfers from the Debt Service fund in fiscal year 2012 being significantly less than the year before and an acceleration of current property tax collections due to the City executing a sale of tax receivables.

Nationally and locally, fiscal managers are continually faced with managing fluctuating energy prices,

healthcare costs and employment costs. Policy makers are concerned with cost-push inflation as employment costs represent about two-thirds of total costs of production/service.

- Total General Fund expenses increased by more than 7 percent in fiscal year 2008 due primarily to an increase in personnel expense. Personnel expense increased as a result of a one-time one percent bonus granted to all employees, funding of the City's Other Post Employment Benefit (OPEB) Trust Fund and higher overtime and part-time salary expense to compensate for vacancies that resulted from a temporary layoff and hiring freeze that occurred a couple of years earlier.
- Personnel expenses grew by 6% in fiscal year 2009 as a result of a 5% general increase given to all employees, the filling of vacancies and an increase in funding to the OPEB Trust Fund. Total expenses increased by 9% as a result of the personnel expense increase, increased subsidies to the Memphis Area Transit Authority (MATA), increased retiree healthcare premium expense and prepayments of debt service for the Fire and Police divisions.
- Despite a 3% general increase in fiscal year 2010, total personnel expense only increased by 1.2%. The 3% general increase was offset by a reduction in overtime expense and part-time salaries expense, and reduced funding to the City's OPEB Trust Fund. Total expenses in fiscal year 2010 increased by 5.3% as a result of a transfer of general funds to Memphis City Schools in the amount of \$40 million offset by reduced spending in other non-core program.
- Total expenses in fiscal year 2011 increased by 4.8% primarily due to an increase in the transfer to Memphis City Schools and increased personnel expense. Personnel expense increased by 3.9% due to an increase in healthcare premiums, an increase in funding to the City's OPEB Trust Fund and increased staffing levels. The overall increases were offset by other personnel cost saving measures such as salary reductions for high income employees.
- Personnel expense decreased by 5.3% in fiscal year 2012 as a result of a 4.62% general decrease given to all employees who did not take a pay cut in fiscal year 2011 and reduced funding to the City's OPEB Trust Fund. However, total expenses only decreased by 2.3% due to increased transfer of general funds to Memphis City Schools.

The Memphis real estate market proved not to be immune to the downturn in the global economy and the U.S. recession. Sub-prime lending problems that plagued the rest of the nation impacted the Memphis residential market. However, real estate market activity in fiscal year 2012 is encouraging. Total home sales and average sales price increased by 17.1% and 2.1%, respectively year over year in September. However, the median sales price and active listings in September decreased 4.7% and 10.3%, respectively versus the prior year.

#### Home Sales in Memphis, Year-to-Date September 2011 - 2012

	2011	2012	Percent Change
Total Home Sales	1,099	1,287	17.1%
Median Sales Price	\$95,000	\$90,500	-4.7%
Average Sales Price	\$129,321	\$132,010	2.1%
Active Listings (Sept.)	8,242	7,392	-10.3%
Source: Memphis Area Association of Realtors Multiple Listing Service.			

Recent Developments:

- In September 2012, Brian Collins was appointed as the City of Memphis' finance director after the previous finance director, Roland McElrath, retired in August 2012.
- In March 2011, the citizens of Memphis voted to surrender the Memphis City Schools charter; thereby, transferring administrative control of the city schools to Shelby County Government. The merger is expected to be completed in fiscal year 2013.

- St. Jude Children's Research Hospital is building a \$190 million medical tower that will include replacement facilities for the hospital's surgical departments and intensive care unit.
- The Memphis Bioworks foundation is constructing a \$22 million research laboratory in the UT-Baptist Research Park that will help researchers and biotechnology companies market their ideas.
- In 2012, Jabil Circuit, a supply chain management and electronic manufacturer for large technology firms such as Apple and Cisco Systems, nearly tripled its local employee base from approximately 1,000 to 2,790 employees.
- The Great American Steamboat Company, recently renamed the American Queen Steamboat Company, opened its new headquarters in downtown Memphis in the Fall of 2011. The company provides steamboat river cruises on the Mississippi, Ohio and Tennessee rivers.
   The Electrolux, Mitsubishi Electric and Bass Pro Shops economic development projects that
- The Electrolux, Mitsubishi Electric and Bass Pro Shops economic development projects that began last fiscal year are progressing and are expected to result in hundreds of new jobs upon completion.
- The Memphis-Shelby County Airport Authority is making major capital improvements including the construction of a 7-level, 5,743 space parking garage and support facilities.
  Delta Airlines has reduced its flight count at Memphis International Airport by 25 percent.
- Delta Airlines has reduced its flight count at Memphis International Airport by 25 percent. However, Southwest Airlines is expected to assume some of the airport's capacity once their recently acquired AirTran Airline operation is fully integrated.

#### Long-term Financial Planning

The financial position of the City remains stable as a result of the City's conservative budgeting methodology and its ability to maintain disciplined spending practices. To ensure the City's financial position remains sound, the City is developing a five-year strategic management and fiscal plan as a means of exploring new and more efficient methods of revenue generation, asset management and cost-effective service delivery.

The City successfully executed a shared services arrangement or a joint purchasing agreement with the local public utility and the local public transit provider as a result of our planning initiative. In addition, several functional consolidation opportunities with Shelby County Government are being explored. Also, the City continues to work with the Memphis Regional Chamber and Memphis Tomorrow to create an economic development "Growth Strategy" that will ideally enhance the city's overall growth, tax base and wages.

We envision a model city government based on proven business principles that support the facilitation and execution of the City's fiscal and operational goals.

#### **Relevant Financial Policies**

The City of Memphis implemented Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions during fiscal year 2011. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

The Statement provides that fund balance reporting distinguish those amounts that are considered nonspendable, such as fund balance associated with inventories. The remaining fund balance is further classified and reported as restricted, committed, assigned and unassigned based on the relative strength of the constraints that control how specific amounts can be spent.

#### Major Initiatives

In addition to the annual operating budget, the City also adopts a Capital Improvement Program (CIP) that is a multi-year plan for capital expenditures to replace and expand the City's infrastructure, vehicles and equipment. The program is updated annually to reflect the latest priorities, updated cost estimates and available revenue sources. Various sources of revenue include general obligation bonds, federal grants, state grants, user fees and private funds. Projects are reviewed based on need, impact on the area, quality of life in our neighborhoods and the general economic climate of the City. Highlights of the CIP budget plan for 2013-2017 are:

- The Fire Division's budget includes funds to construct a new fire station and to purchase two "Quintuple Combination Pumpers" which will serve a dual purpose of engine and ladder truck resulting in lower operating costs for the department.
- The Police Division will benefit from the purchase of 150 police cars included in the General Services division's capital acquisition budget.
- The Memphis Area Transit Authority's capital improvement budget is heavily leveraged by Federal and State funding. This year's General Obligation Bond Funding will be used primarily on preventive maintenance.
- The Public Works Division's budget includes funds to pave over 400 lane miles of streets each year, ADA ramp improvements, and several road projects. The Stormwater Fund CIP budget will allow

the City to make major investments in drainage infrastructure throughout the City. The Sewer Fund projects are for the repair and replacement of sewer infrastructure, new sewer connections and improvements to the treatment plants.

- The General Services Division's budget includes major ADA improvements, minor improvements to various City buildings and equipment replacement. In addition, the budget includes City-wide vehicle purchases to achieve economies of scale.
- Housing and Community Development's budget includes funding for the Triangle Noir/Heritage Trails redevelopment project on the south side of downtown Memphis.
- The Engineering Division's budget includes funding for replacement of traffic signals and intelligent transportation improvements.
- The Information System Division's budget includes projects for a city-wide 311 system and a ChoiceStat system. The 311 system is a centralized customer service call center for the entire city government. The ChoiceStat system will track progress toward City initiatives.

#### Capital Planning Process

It is the role of the Finance Division to provide financing strategies to assist in developing a plan to fund the capital improvement needs of the City. A key element of this strategy includes a comprehensive review and assessment of the City's Capital Improvement Program (CIP) to ensure the coordination of the City's planning initiatives, financial capacity and environmental/physical development are in alignment. The City's CIP has a capital budget which includes a spending plan for the upcoming year and a capital program which includes a plan for capital expenditures that extend up to four (4) years and beyond. The success of the capital improvement program depends on the broad participation and cooperation of the City's divisions and quasi city agencies. In addition, the CIP is linked to the operating budget.

The benefits of a successfully managed CIP include preservation of capital assets, improvement of infrastructure, better coordination of capital needs and operating budgets, stabilization of debt costs and improvement of the City's credit rating. To develop an effective capital improvement program, a CIP Committee was established during fiscal year 2006 for planning and oversight purposes. The committee responsibilities include, but are not limited to the following:

- Identify and determine status of previously approved projects and funding sources for each project.
- Evaluate the merits of division/department requests for CIP projects and equipment.

- Establish a priority list of capital need projects and a timeline for completion.
- Create a CIP funding plan that designates a revenue source/method of financing for each proposed project.
- Submit a CIP funding plan to the Mayor and City Council to include in next year's capital budget and capital expenditure plan for the next four (4) years.

As part of the evaluation of capital improvement projects, the city employs both quantitative and qualitative analysis.

#### Capital Expenditure Analysis

A review of Capital Improvement Projects are undertaken to insure that all major capital expenditures are not only necessary and appropriate but also fall into categories that include, but are not limited to:

- 1. Critical Maintenance
- 2. Major Development/New Construction Initiatives
- 3. Infrastructure
- 4. Vehicle and Equipment Acquisition

Furthermore, Capital Improvement Projects are prioritized and coordinated with the plans of other public entities to maximize the leveraging of resources with other major projects being developed in both the public and private sectors.

#### Annexation Plans

The City annexed the South Cordova area on December 4, 2001. The residents of the area contested the annexation by a timely filed lawsuit. That lawsuit was finally concluded June 28, 2011 and pursuant to Tennessee law, South Cordova residents are citizens of Memphis. Also, pursuant to Tennessee law, properties within the area become subject to City of Memphis taxes on January 1, 2012. The tax was assessed that date but will be collected in and used for the fiscal year beginning July 1, 2012.

Currently, there are no pending annexation ordinances under consideration by the City Council.

#### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Memphis for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2011. This was the 35<sup>th</sup> consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both the United States generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The City also received GFOA's Distinguished Budget Presentation Award for its annual budget document for the fiscal year beginning July 1, 2011, the 14<sup>th</sup> consecutive year for this award.

The preparation of this report could not have been accomplished without the dedicated efforts of the staff of the City's Finance Division and the City's independent public accountants, Banks, Finley, White and Company, CPAs. We wish to express our appreciation to both, with particular thanks to the City's Deputy Comptrollers, Sharon Cobbige and Janet Moore, and the entire Accounting staff.

Respectfully submitted,

Brian Collins Director of Finance

Patrice W. Thomas

Patrice Thomas, CPA, CMFO Comptroller

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Memphis for its comprehensive annual financial report for the fiscal year ended June 30, 2011. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

# City of Memphis Tennessee

For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

#### **City of Memphis, Tennessee**

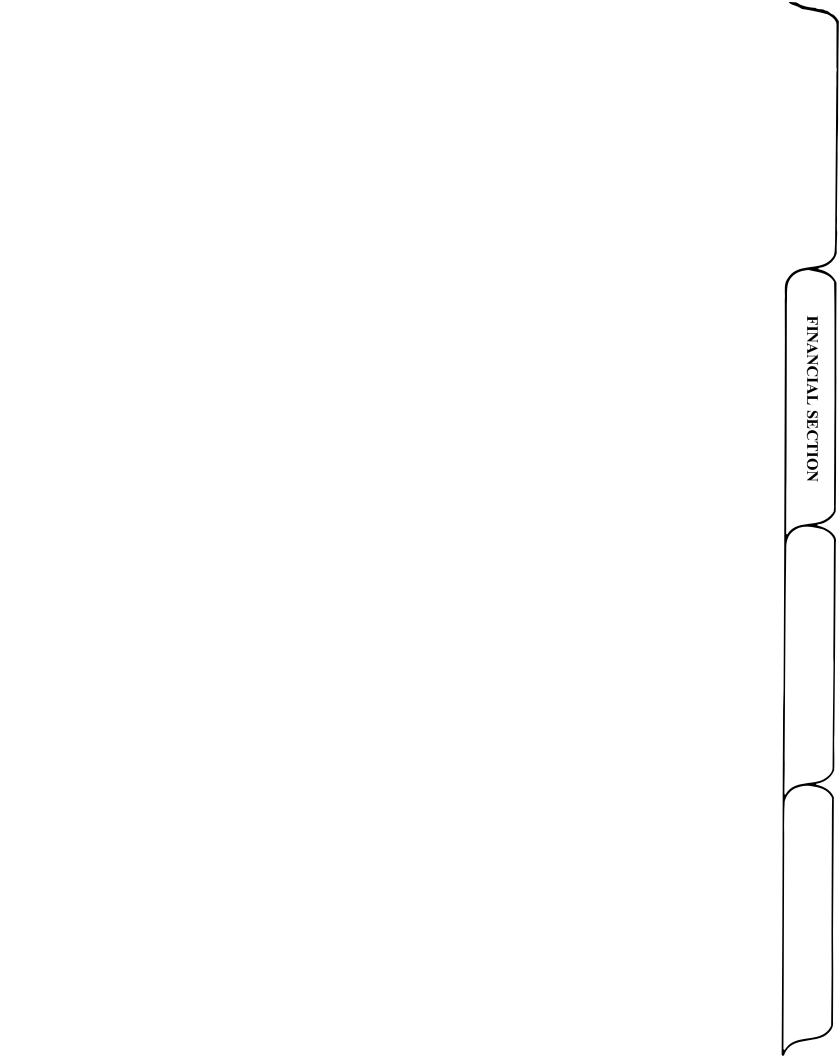

#### **ORGANIZATION CHART**

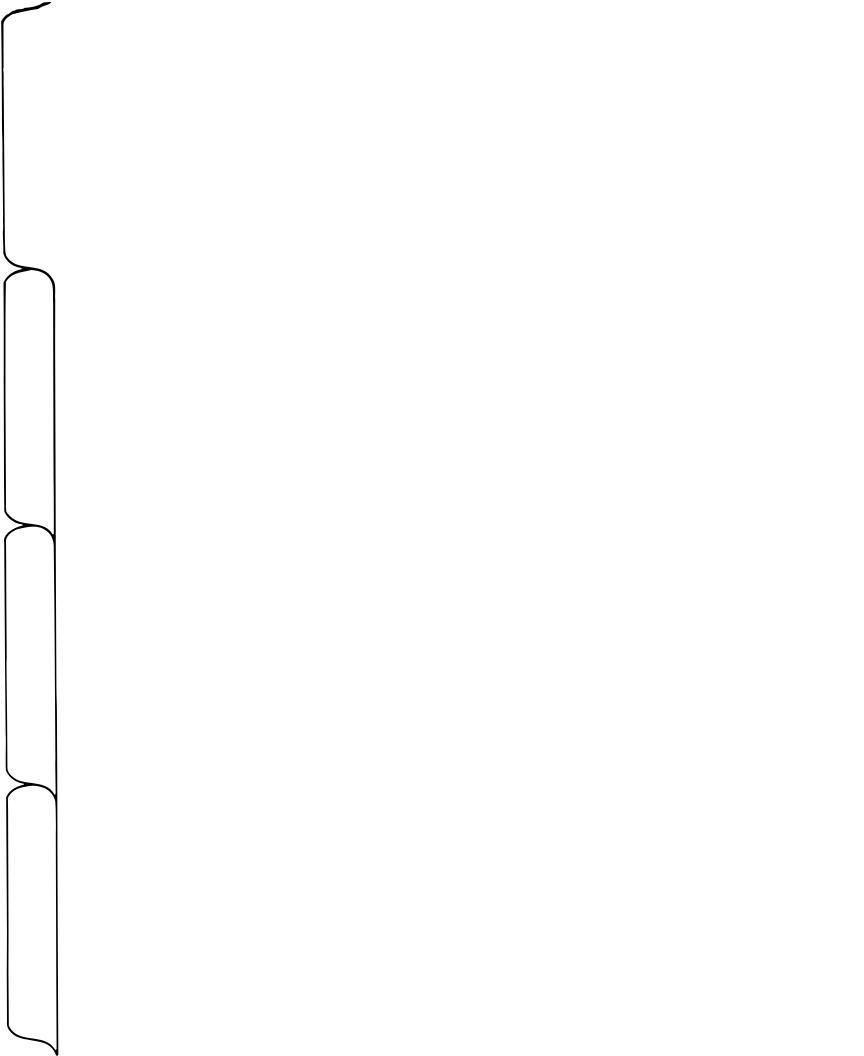

Primary Government and Discretely Presented Component Units

(1) The Board of Education and the appointed boards and authorities for Memphis Area Transit Authority and Memphis and Shelby County Airport Authority are legally separate from the primary government. These component units are discretely reported in a separate column in the combined financial statements to distinguish them from the primary government. Memphis light, Gas and Water and Memphis Light, Gas and Water Retirement and Pension System are reported as part of the primary government. Certain other boards and commissions not listed above do not meet the definition of component units as presented in GASB Statement 14. These entitles are further explained as related organizations, jointly governed organizations, and joint ventures in the Letter of transmittal and Note 1 of the notes to the financial statements.

(This page left blank intentionally.)

#### **INDEPENDENT AUDITOR'S REPORT**

To the Honorable Mayor and Members of the City Council City of Memphis, Tennessee

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Memphis, Tennessee (the "City") as of and for the year ended June 30, 2012, and the budgetary comparison for the general fund for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Board of Education of the Memphis City Schools, the Memphis-Shelby County Airport Authority and the Memphis Zoological Society, which represent 94%, 92%, and 96%, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units. We did not audit the financial statements of the Electric, Gas and Water Divisions of Memphis Light, Gas and Water Division, a major proprietary fund. The Electric, Gas and Water Divisions of Memphis, Light, Gas and Water Division represent 78%, 85%, and 94%, respectively, of the assets, net assets, and revenues of the business-type activities of the primary government. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aforementioned entities is based on the reports of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2012 and the respective changes in financial position and, where applicable cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 26, 2012 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedule of funding progress for other post employment benefits as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual non-major fund financial statements and schedules, supplementary schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying supplemental schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits* of *States, Local Governments, and Non-Profit Organizations,* and is also not a required part of the financial statements of the City. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Banks, Finley, While I 6.

Memphis, Tennessee December 26, 2012

# Management's Discussion and Analysis

As management of the City of Memphis, Tennessee (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2012. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal and notes to the financial statements. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

# **Financial Highlights**

- The primary government's total assets exceeded its liabilities at June 30, 2012 by \$1,768,009 (net assets). Total government-wide net assets decreased by \$79,363 in fiscal year 2012.
- At June 30, 2012, the City's governmental activities reported ending net assets of a negative \$411,718, a decrease of \$155,092 or 60.4% from the prior year. The decrease resulted primarily due to increases in liabilities related to pension, other post-employment benefits (OPEB), and the issuance of long-term debt.
- The City's business-type activities reported ending net assets of \$2,179,727, an increase of \$75,729 or 3.6% from prior year. Prior year adjustments, totaling \$160, were also made for prior period revenue and/or expense adjustments in the Sewer Fund. In fiscal year 2012, the Printing and Mail Internal Service Fund was consolidated into the General Fund.
- At June 30, 2012, the fund balance for the general fund was \$96,070, an increase of \$5,009 or 5.2% from prior year's balance. The unassigned portion of the fund balance was \$61,667.
- The City's total general obligation and revenue bond debt decreased by \$123,984 or 5.3% during the current fiscal year. However, total long-term liabilities which include, among other items, Pension/OPEB and related party debt obligations increased by \$203,928 or 13.9%.

# **Overview of the Financial Statements**

This discussion and analysis document is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information to provide greater detail of data presented in the basic financial statements.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the year ended June 30, 2012. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, community services, transportation and environment, and education. The business-type activities of the City include the operations of the regional sewer collection and treatment facilities, the distribution of electricity, gas and water, and the operation of the storm water system.

The government-wide financial statements include not only the City itself (the primary government), but also the Board of Education of the Memphis City Schools, Memphis Area Transit Authority, the Memphis-Shelby County Airport Authority, and the Memphis Zoological Society each of which is a legally separate entity for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements are presented as Exhibits A-1 and A-2; component unit financial statements are presented as Exhibits A-14 and A-15.

**Fund Financial Statements**. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds**. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains eighteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for its major funds. Data from the other fourteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements.

The City adopts an annual appropriated budget for its general, special revenue (except Workforce Investment Act Fund, Community Service Fund, Community Development, Central Business Improvement District Fund, Community Redevelopment Agency Fund, Midtown Corridor Fund and Education Fund), and debt service funds. Budgetary comparison statements are provided to demonstrate compliance with this budget.

The basic governmental fund financial statements, including reconciliation to the government-wide Statements of Net Assets and Activities, are presented as Exhibits A-3 through A-8.

**Proprietary Funds**. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer collection and treatment facilities, the distribution of electricity, gas and water, and operation of the storm water system. Internal service funds are an accounting device used to account for its self-insurance for health benefits, self insurance for unemployment benefits, and operations and maintenance of City vehicles. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the sewer collection and treatment facilities and the distribution of electricity, gas and water, both of which are considered to be major funds of the City; and operations of the storm water system, a nonmajor fund. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements.

The basic proprietary fund financial statements are presented as Exhibits A-9 through A-11.

**Fiduciary Funds**. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The actuarially determined net pension obligation and net other post employment benefit (OPEB) liability are reported in the government-wide statement of net assets as governmental activities.

The basic fiduciary fund financial statements are presented as Exhibits A-12 and A-13.

**Notes to the Financial Statements**. The notes which follow Exhibits A-1 through A-15, provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Information concerning the City's progress in funding its obligation to provide pension benefits and other post employment benefits to its employees is included in the notes to the financial statements.

**Combining and Individual Fund Statements and Schedules**. Combining schedules provide detail in connection with nonmajor governmental funds and internal service funds referred to earlier. Individual fund statements provide greater detail, presented on the basis of budgeting (encumbrances included with expenditures), nonmajor special revenue and capital projects funds, and debt service fund. Capital Asset schedules present information concerning the categories of assets, function and service provided, source of funding and additions and deductions during the year. Combining and individual fund statements and schedules are presented as Exhibits B through F.

### **Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$1,768,009 at June 30, 2012.

#### Condensed Statement of Net Assets

	Governn activit		Business activiti		Tota	I
	 2012	2011	2012	2011	2012	2011
Current and other assets	\$ 959,339	883,847	1,631,836	1,725,763	2,591,175	2,609,610
Capital assets	1,287,997	1,179,072	1,906,743	1,862,290	3,194,740	3,041,362
Total assets	 2,247,336	2,062,919	3,538,579	3,588,053	5,785,915	5,650,972
Long-term liabilities outstanding	 1,522,464	1,353,490	888,436	954,849	2,410,900	2,308,339
Other liabilities	1,136,590	965,829	470,416	529,064	1,607,006	1,494,893
Total liabilities	2,659,054	2,319,319	1,358,852	1,483,913	4,017,906	3,803,232
Net assets:						
Invested in capital assets, net						
of related debt	131,384	6,912	1,755,661	1,705,138	1,887,045	1,712,050
Restricted	181,192	14,783	68,846	64,909	250,038	79,692
Unrestricted	 (724,294)	(278,095)	355,220	334,093	(369,074)	55,998
Total net assets	\$ (411,718)	(256,400)	2,179,727	2,104,140	1,768,009	1,847,740

By far the largest portion of the City's net assets (106.7%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided for by other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets (14.1%) represents resources that are subject to external restrictions on how they may be used. The balance remaining is negative unrestricted net assets of 20.9%.

**Governmental activities**. During fiscal year 2012, governmental activities decreased the City's net assets by \$155,092 and Business-Type activities increased net assets by \$75,729, thereby resulting in a net decrease of \$79,363 or 4.3% in total primary government's beginning net assets. Key elements of the governmental activities are discussed below:

- Total expenses increased by \$6,505 or .6% from last year. Total revenues increased by \$20,719 or 2.4% over last year.
- The most significant increase in expenses from prior year was in interest on long-term debt and Transportation and environment which increased by \$22,578 or 43.0% and \$5,119 or 6.2%, respectively. The increase in interest was the result of increased debt service requirements resulting from prior years' debt restructuring executed to create cashflow capacity to fund the City's school funding obligations during those years. Whereas, the increase in transportation and environment resulted from an increased utility expense, an increase in asphalt product expense and a decrease in expense recoveries realized by the public works division. These increases were offset by decreases in all programs as a result of an average 4.62% general salary decrease given to all employees who did not receive a 5% decrease in fiscal year 2011
- The education program expenses decreased by \$9,323 or -11.5%. Fiscal Year 2012 funding for the schools were based on an agreed upon amount between Memphis City Schools and the City rather than the historical allocation of the property tax rate payable to the schools.
- During fiscal year 2012, revenues increased by \$20,719 or 2.4%, primarily as a result of the City's gain on sale of capital assets, settlement proceeds from Wells Fargo and increased capital grants and contributions used to

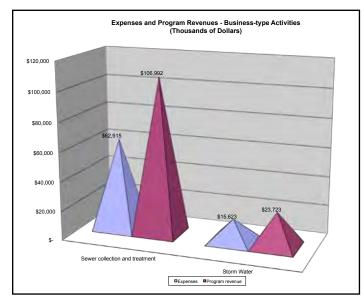

### MANAGEMENT DISCUSSION AND ANALYSIS (Thousands of Dollars) For the fiscal year ended June 30, 2012

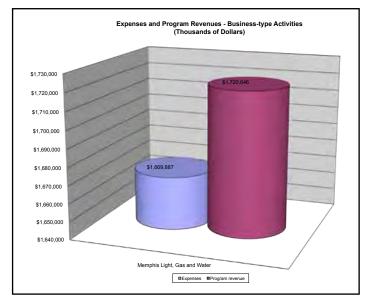

support economic development activities. These increases were offset by a decrease in local taxes as a result of a decrease in the property tax rate and reduced accrued revenue for MLGW in lieu of payments.

**Business-type activities**. Business-type activities increased the City's net assets by \$75,729, accounting for 3.6% growth in the government's beginning net assets. Key elements of the increase are as follows:

- MLGW's Electric Division, Gas Division and Water Division account for \$23.2 million, \$9.0 million and \$1.0 million of the net asset increase, respectively. The Electric division's net change in net assets was down year over year mainly due to an increase in purchased power costs and operation and maintenance expenses partially offset by increases in operating revenues. The Gas Division change in net assets decreased year over year as a result of a decrease in operating margin. Finally, the Water division's change in net assets increased year over year as a result of increased operating revenues, partially offset by an increase in other operating expenses.
- The Sewer and Storm Water funds also contributed \$38.5 million and \$4.0 million, respectively, towards the business-type total net asset increase. The increases were driven by increased charges for services resulting from rate increases last fiscal year.

# Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds**. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2012, the City's governmental funds reported combined ending fund balance of \$238,721, an increase of \$67,461 in comparison with the prior year. Approximately 24.1% or \$57,529 of the fund balance constitutes unassigned fund balance, which is available for spending at the government's discretion. Approximately 23.5% or \$56,215 of the fund balance is considered restricted to indicate the amount is subject to external enforceable legal restrictions. Another \$112,053 or 46.9% of the fund balance is reported as committed indicating amounts whose use is constrained by limitations that the City Council imposed. The remainder of fund balance \$12,924 has been assigned by the administration to indicate that it is not available for new spending primarily because it has already been committed to liquidate contracts and purchase orders of the prior period.

The general fund is the chief operating fund of the City. At June 30, 2012, unassigned fund balance of the general fund was \$61,667, while total fund balance was \$96,070. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 10.9% of total general fund expenditures, while total general fund balance represents 17.0% of the fund expenditures.

The fund balance of the City's general fund increased by \$5,009 during the fiscal year ended June 30, 2012. Key factors resulting in this increase are as follows:

- Total General Fund Revenues increased by \$9,903 or 1.8% over prior year. The increase was primarily due to a one-time tax rate allocation assessment to the general fund dedicated to pay amounts due to Memphis City Schools. Also, the amount realized from the sale of delinquent property tax receivables was higher in fiscal year 2012 than fiscal year 2011. However, these increases were offset by a decrease in local sales taxes due to seven percent of the local sales taxes being allocated to the Debt Service Fund in fiscal year 2012.
- Total expenditures decreased by \$29,878 or 5.0% over prior year. The decrease was largely attributable to a decrease in personnel expense across the board due to a general salary decrease of 4.62% given to all employees who did not receive a 5% decrease in fiscal year 2011. Personnel expenses were also lower due to \$3,000 in OPEB Trust contributions made by the General Fund in fiscal year 2011 that were not contributed in fiscal year 2012. However, these decreases were offset by a one-time bonus expense of \$4,434 given to employees and increase expense in transportation and environment (Public Works division).
- The Public Works division's increase resulted from a decrease in expense recoveries and increased utility and asphalt products expense.
- The general fund's operating transfers out increased by \$11,385 or 17.1% as a result of increased transfers to Memphis City Schools.
- The general fund's operating transfer in decreased by \$38,825 or 36.8% due to decreased transfers from the Debt Service Fund.
- During fiscal year 2012, the City realized \$8,947 from sale of the Memphis Depot Industrial Park.

The fund balance of the City's Debt Service fund increased by \$49,549 to \$66,750 during the fiscal year ended June 30, 2012. Key factors resulting in this increase are as follows:

- Total revenues increased by \$23,318 or 25.9%. A portion (\$8,719) of the increase resulted primarily from 7% of local sales tax collections being allocated to the fund this year. Also, certain Tourism Development Zone (TDZ) revenues were deposited into the fund this year as a result of a loan agreement between the City and the Center City Finance Revenue Corporation related to financing the Pyramid/Bass Pro economic development project. The loan agreement stipulates that the TDZ revenues are restricted for the debt service requirements of the loan. The TDZ revenues were previously recorded in the New Memphis Arena Fund.
- However, total expenditures increased by \$25,179 or 32.7% due to increased principal and interest payments.
- Transfers outs were down from \$45,000 in fiscal year 2011 to \$5,000 this year due to a decrease in transfers out to the General Fund. In the prior year, transfers from the Debt Service Funds to the General Fund were increased to offset increased transfers out of the General Fund to the Education Fund last year.
- During fiscal year 2012, an \$800 receivable and related deferred revenue recorded within the Debt service fund was written off in accordance with the guidance provided by the State of Tennessee Comptroller's Office of State and Local Finance. The receivable resulted from a 1992 resolution which provided funding to MATA for trolley renovations. The receivable was to be reimbursed from sponsorships that never materialized.

The fund balance of the City's Capital Project fund increased by \$7,188 to \$54,370 during the fiscal year ended June 30, 2012. Key factors resulting in this increase are as follows:

- Other Financing sources increased significantly as a result of \$170,191 of proceeds from a loan agreement with the Center City Revenue Finance Corporation used to pay closing cost expenses of the loan and to fund the Pyramid/Bass Pro economic development project. In addition, other financing sources were made available from and capital outlay expenditure returned to the Port Commission in the amount of \$20,397 to incentivize manufacturing company's (Electrolux) relocation to Memphis. The Port Commission issued \$40 revenue bonds. However, the City and County agreed to pay the debt service on the bonds.
- Capital Outlay expenditures increased significantly as a result of the expenditures related to the Pyramid/Bass Pro economic development project and Electrolux projects.

Detail for other governmental funds, including special revenue funds are presented in Exhibits B-1 and B-2. Significant financial activity is summarized as follows:

- The New Memphis Arena Fund (FedEx Forum) activity remained relatively constant year over year. As a result, the fund deficit decreased from \$5,086 to \$4,138. The MLGW Water Division, through an agreement with the City, transfers a payment in the amount of \$2,500 per year. The agreement is effective through the year 2028. This fund also reports the collection and disbursement of certain revenues related to the bonds issued by the Sports Authority for construction of the arena.
- Solid Waste Management Fund's fund balance increased from \$4,963 to \$10,368 due to a rate increase during fiscal year 2011.

**Proprietary funds**. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of \$350,998 is comprised primarily of \$318,593 for Memphis Light, Gas and Water, which can be used for on-going operations of the public utility system and \$47,211 unrestricted net asset for the Sewer Collection and Treatment Fund. Both the Sewer Fund and MLGW are assessed an in-lieu-of-tax payment with all proceeds allocated to the General Fund, except for the Water Division payment, which is part of the financing arrangement for the New Memphis Arena. The remaining negative \$14,806 represents unrestricted net assets of the non-major fund, Storm Water.

# **General Fund Budgetary Highlights**

The original operating budget for fiscal year 2012 anticipated a contribution to fund balance of \$27,183. Differences between the original budget and the final amended budget can be briefly summarized as follows:

• Transfers Out were significantly increased by \$24,159 primarily as a result of a funding agreement executed between the City and Memphis City Schools after the original adopted budget was executed.

The most significant difference between the final budget and actual results were as follows:

• General Fund actual revenues were below budget by \$17,422 primarily due to lower property tax collections. Total expenditures were under budget by \$27,189. All divisions within the City contributed to the budget surplus. Transfer Ins were significantly lower than expected due to the actual transfer from Debt Service of \$5,500 being less than budgeted amount of \$20,000. Transfers Out were below budget due to less transfers to the Education and Capital Projects fund than originally anticipated. Finally, the City realized \$8,947 from sale of a capital asset.

# Capital Asset and Debt Administration

**Capital assets**. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2012 amounts to \$3,194,741 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, roads, highways, and other infrastructure. The total increase in the City's investment in capital assets for the current fiscal year was \$153,379 or 5.0%. The governmental activities contributed \$108,925 towards the increase. The business-type activities contributed \$44,454.

Major capital asset events during the current fiscal year included the following:

- Executed several transactions in support of the Pyramid/Bass Pro economic development project, including • purchasing of the County's interest in the Convention Center for \$71,490 and purchase of the Lone Star Industries property for \$12,995.
- Provided over \$20 million in funding towards the Electrolux economic development project expected to bring ٠ several jobs to the city.
- Began implementation of a major upgrade to the City's Oracle Computer System. •
- Purchased several police vehicles. •
- Executed anti-blight initiatives. •

Total

Revenue bonds

Additional information on the City's capital assets can be found in Note IV (D).

1.286.229

\$

Long-term debt. At June 30, 2012, the City had total bonded debt outstanding of \$2,230,655. Of this amount, \$1,286,229 comprises debt backed by the full faith and credit of the government, inclusive of self-supporting debt of the Board of Education. The remaining balance of \$944,426 consists of bonds secured solely by specified revenue sources (i.e., revenue bonds). During fiscal year 2012, the City entered into two related party debt transactions that are not considered general obligations of the City.

# **Condensed Statement of Outstanding Debt**

The City's total general obligation debt decreased by \$123,984 (5.3% percent) during fiscal year 2012. Total debt includes state loans, general obligation bonds, bond anticipation notes, capital lease obligations, and revenue bonds. Governmental activities' total general obligation debt decreased by 1.0%, while business-type activities' debt decreased by 10.5%.

2,230,655

The City has long held a high grade bond rating on indebtedness from the major credit rating services. As of June 30, 2012, the City held ratings of Aa2 from Moody's, AA from Standard and Poor's and AA- from Fitch, Inc. Among the factors most commonly cited by these firms in support of the credit rating assigned to the City's general obligation bonds include a stable and expanding economic climate, broad revenue base, and well-managed finances. In addition, the City has maintained good relations with the rating services and the major investment institutions through comprehensive disclosure of financial data and direct meetings with rating agency officials. The City continues to follow prudent fiscal policies and practices while expanding its financial base.

The City's full faith and credit and unlimited taxing power has been pledged to the payment of general obligation debt principal and interest. There is no legal limit on the indebtedness which may be incurred.

During the year, the City issued General Improvement and Refunding Bonds of \$98,740 and \$71,975 in bond anticipation notes. Also, the City entered into lease agreements as a lessee for financing the acquisition of equipment for the Solid Waste division. The city executed two related party debt obligation transactions, an \$196,935 loan agreement with the Center City Revenue Finance Corporation and an \$20,397 obligation to pay debt service on revenue bonds issued by the Port Commission. These related party debt transactions are not general obligations of the City.

In December 2011, Fitch Ratings downgraded the Electric Division's 2003A, 2008 and 2010 Series Bonds from AAA to AA+. The action was an attempt to align ratings for systems with similar financial metrics, which are in the AA+ category. The Water Division continues to hold the highest possible bond ratings, which are Aaa from Moody's Investor Service ("Moody's") and AAA from Standard & Poor's ("S&P"). The Gas Division currently has no debt that is credit rated. More information is available in MLGW's separately issued financial statements. More information is available in MLGW's separately issued financial statements for MLGW are issued as of and for its year-end December 31, and can be obtained by writing to MLGW Financial Statements, P.O. Box 430, Memphis, Tennessee 38101-0430.

Additional information on the City's long-term debt can be found in Note IV (G).

# Economic Factors and Next Year's Budgets and Rates

Factors considered in preparing the City's budget for the 2013 fiscal year are discussed more fully in the Budget document and include:

- As national and local leading economic indicators improve slightly, the budget preparation was predicated on the continuing assumption that the Memphis MSA will have slow growth during fiscal year 2013.
- The fiscal year 2013 General Fund Operating Budget Revenue of \$648,479 represents a decrease of \$40.1 million or 5.8% from the fiscal year 2012 Adopted Budget. This decrease is primarily due to a one-time \$0.18 cents general fund property tax rate allocation to the General Fund to support Memphis City Schools in fiscal year 2012 that was not allocated to the general fund in fiscal year 2013. Also, the overall property rate was reduced from \$3.19 to \$3.11. Finally, there are no planned transfers in from the Debt Service Fund in fiscal year 2013.
- For the fourth year, the general fund expenditure budget includes over \$60,000 as "maintenance of effort" funding to Memphis City Schools. In support of funding the schools, the fiscal 2013 budget includes a planned used of \$20,000 of OPEB Trust assets to cover retiree healthcare expenditures that would have been paid by General Fund resources.

At June 30, 2012, unassigned fund balance in the general fund was \$61,667. The original approved operating budget of \$661,401 in total expenditures (net of program revenue) for fiscal year 2013 committed \$19,572 of the general fund's June 30, 2012 total fund balance of \$96,070. The City's tax rate for FY 2013 has been set at \$3.11 per \$100 of assessed value, a decrease from last year's rate of \$3.19. The tax rate is allocated to General Fund, Debt Service Fund, Education Fund and Capital Project Fund. The City continues to explore cost cutting measures and additional revenue sources.

# **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information may be addressed to the Office of the Director of Finance, Room 368, City of Memphis, 125 North Main, Memphis, Tennessee 38103. The Comprehensive Annual Financial Report, the 2013 Operating Budget and 5 Year Capital Improvement Program, and other general information about the City may be found on the City's website, www.memphistn.gov.

Unassigned		61,667	-	-	-	(4,138)	57,529
Total fund balances		96,070	66,750	54,370	8	21,523	238,721
Total liabilities and fund balances	\$	473,681	187,398	114,189	115,674	88,748	979,690

Amounts reported for governmental activities in the statement of net assets are different because:	
Total governmental fund balances:	\$ 238,721
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	1,287,895
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	100,763
Net pension assets should be reported as an asset in the government- wide statement of net assets. This is the cumulative amount by which the Library's Pension system has overfunded its pension obligations.	561
Net pension obligations should be reported as a liability in the government-wide statement of net assets. This is the cumulative amount by which the City has underfunded its pension obligations.	(142,125)
Other post employment benefits (OPEB) liabilities should be reported as a liability in the government-wide statement of net assets. This is the cumulative amount by which the City has underfunded its OPEB obligations.	(197,256)
Internal service funds are used by management to charge the costs of printing & mail, information systems, health insurance, unemployment compensation, and fleet management to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	(16,240)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	(1,684,037)
Net assets of governmental activities	\$ (411,718)

The notes to the financial statements are an integral part of this statement.

Fund balances - end of year	\$ 96,070	66,750	54,370	8	21,523	238,721

See accompanying notes to financial statements.

Amounts reported for governmental activities in the statement of net activities are different because:

Net change in fund balances - total governmental funds	\$ 67,461
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current	
period.	109,331
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(5,407)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of	
activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(199,916)
Changes in general liabilities reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(4,577)
Changes in pension and Other post employment benefits (OPEB) liabilities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(123,881)
Internal service funds are used by management to charge the costs of printing & mail, information systems, health insurance, unemployment compensation, and fleet management to individual funds. The net expenditure of certain activities of internal service funds is reported with governmental activities.	1,897
Change in net assets of governmental activities	\$ (155,092)
Change in her about of go refinitential definition	\$ (155,572)

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Reporting entity

The City of Memphis, Tennessee (the City), incorporated in 1826, operates under an elected Mayor-Council form of government and is organized into the following divisions: Executive, Finance and Administration, Fire, Police, Parks, Public Works, Human Resources, Public Services, Community Enhancement, General Services, Housing and Community Development, Office of Planning and Development, City Attorney, City Engineer, Information Systems, and Memphis Light, Gas and Water (MLGW). The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Each discretely presented component unit is reported in a separate column in the combining statement of major component units within the basic financial statements (see note below for description) to emphasize that it is legally separate from the City.

# **Fiscal Year-End**

Memphis Light, Gas and Water (MLGW), a division of the primary government, has a fiscal year-end of December 31. Thus, the amounts and disclosures for the MLGW Enterprise Fund, the MLGW Other Post Employment Benefits Trust Fund and the MLGW Retirement System Fund are as of December 31, 2011. The disclosures for other divisions, component units, and joint ventures are as of their June 30 fiscal year-end.

# **Blended Component Units**

The City does not have any component units that are considered blended.

# **Discretely Presented Component Units**

The component unit column in the government-wide financial statements includes the financial data of the City's component units. They are reported in separate columns in a combining statement in the basic statements after the fund financial statements to emphasize that they are legally separate from the City.

**Board of Education of the Memphis City Schools (BOE) -** BOE was created by City Charter as authorized by various Private Acts of the General Assembly of Tennessee. BOE consists of nine members elected by the citizens of the City representing seven districts and two at-large positions. BOE is a body politic and corporate responsible for the management and control of the Memphis City Schools. The annual general operating budget of the BOE requires the approval of the City Council. The BOE's fiscal year-end is June 30. In February 2011 the City Council passed a resolution accepting the BOE's surrender of the Memphis City Schools Charter. Furthermore, in March 2011, the citizens of Memphis voted to surrender the Memphis City Schools charter. These actions transferred administrative control of the city schools to Shelby County Government. However, in accordance with State of Tennessee Statue the merger will not be completed until fiscal year 2013. Until the merger is completed the City remains responsible for partial funding of Memphis City Schools.

**Memphis Area Transit Authority (MATA) -** MATA was created by City ordinance on May 13, 1975, replacing the Memphis Transit Authority. The MATA Board consists of seven members nominated by the City Mayor and approved by the City Council for terms of three years. MATA has the authority to supervise the operations of the City's transit system. The system is managed by a private management firm hired by MATA. MATA is funded by a combination of user fees, federal and state grants, and a subsidy from the City. MATA's annual budget, rates and fares are approved by the City Council. MATA must also obtain the approval of the City Council before incurring certain obligations. MATA's fiscal year-end is June 30.

**Memphis-Shelby County Airport Authority (MSCAA) -** MSCAA was established by City resolution on September 30, 1969. The City Mayor has the right to appoint six of seven Board members (seven year terms) of MSCAA. MSCAA's Board selects management staff, sets user charges, establishes budgets and controls all aspects of general aviation, airport

management and development. However, the City has issued general obligation bonds on behalf of MSCAA and is contingently liable for such. The debt service for City bonds issued on behalf of MSCAA is funded by MSCAA's revenues. MSCAA's fiscal year-end is June 30.

**Memphis Zoological Society (MZS)** – MZS was created as a not-for-profit in April 1951 by Charter to manage and support the Memphis Zoo and Aquarium in its efforts to preserve wildlife through education, conservation and research. All land, buildings, exhibits and other physical assets used by the society are the property of the City of Memphis. MZS operates on a 52-53 week fiscal year ending on the last Sunday in the month of June. The year ended June 24, 2012, contained 52 weeks.

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices.

BOE	MATA	MSCAA	MZS
2597 Avery Avenue	1370 Levee Road	2491 Winchester Rd., Ste. 113	2000 Prentiss Place
Memphis, TN 38112	Memphis, TN 38108	Memphis, TN 38116	Memphis, TN 38112
(901) 416-5300	(901) 722-7162	(901) 922-8000	(901) 333-6500

# **Related Organization**

The City Mayor has the right to appoint members of the Memphis Housing Authority (MHA) Board, but the City is not able to impose its will as such members can only be removed with cause. Additionally, the potential for MHA to provide financial benefit to or impose financial burden on the City does not exist.

# **Joint Ventures**

Joint ventures represent organizations owned, operated or governed by two or more participants where no single participant has the ability to unilaterally control the joint venture. The City is a participant in several joint ventures in which it retains an ongoing financial interest or an ongoing financial responsibility. The City participates in the following joint ventures (see Note V (D)):

- Memphis and Shelby County Port Commission
- New Memphis Arena Public Building Authority of Memphis and Shelby County, Tennessee
- Memphis and Shelby County Community Redevelopment Agency
- Sports Authority of Memphis and Shelby County Incorporated

# Jointly Governed Organizations

The City, in conjunction with Shelby County, Tennessee (the County) created the following organizations that are not considered joint ventures as the City and the County do not retain an ongoing financial interest or responsibility.

**Memphis and Shelby County Downtown Memphis Development Commission (the Commission)** – The Commission is an organization responsible for promotion and redevelopment of the Memphis Center City area. Board members (seven) are appointed by the City and the County Mayors, with approval by the City Council and the County Commission, for three year terms. The City collects special assessment taxes for the promotion and maintenance of the Memphis downtown area which are remitted annually to the Commission for such activities. Prior to July 1, 2011, the Commission's official name was the Center City Commission.

**Memphis and Shelby County Parking Authority (the Parking Authority)** – The Parking Authority is a nonprofit corporation established jointly by the City and the County in fiscal year 1998 under the laws of the State of Tennessee. The Parking Authority provides uniform parking policies, coordinated management including the relation of parking to public and private transportation patterns, and strategic planning for existing and future parking facilities. The City and County Mayors appoint the Board members (seven), for terms that range from two to six years.

**Memphis Center City Revenue Finance Corporation (the Finance Corporation)** – The Finance Corporation is a nonprofit corporation established jointly by the City and the County under the laws of the State of Tennessee. The Finance Corporation provides various forms of financial assistance to development projects. The City and the County Mayors appoint the Board members (nine), with approval by the City Council and the County Commission, for six year terms.

**Economic Growth Development Engine Industrial Development Board (EDGE)** - In January 2011, Shelby County Commissioners and the Memphis City Council approved a resolution establishing the authorization and formation of the Economic Growth Development Engine Industrial Development Board of the City of Memphis and County of Shelby, TN ("EDGE"). The resolution approved and directed the Industrial Development Board (IDB), the Depot Redevelopment Corporation of Memphis and Shelby County and the Memphis and Shelby County Port Commission to take all actions appropriate to effectuate coordination and consolidate operations where possible within EDGE. EDGE operates as a nonprofit corporation for the purpose of acting as the leading and coordinating entity of Memphis and Shelby County, Tennessee, for all economic, developmental, and growth initiatives among other development organizations.

**Industrial Development Board (IDB)** – The IDB operates as a nonprofit corporation for the purpose of promoting industrial development in the City and the County. Board members (nine) are appointed by the City and the County Mayors, with approval by City Council and the County Commission, for six year terms. A resolution approving and directing the IDB to consolidate within the Economic Growth Development Industrial Development Board (EDGE) was passed in January 2011 by the Memphis City Council and Shelby County Commission.

**Depot Redevelopment Corporation of Memphis and Shelby County (the Corporation)** – The Depot Redevelopment Corporation is a nonprofit corporation established jointly by the City and County under the laws of the State of Tennessee. The primary purpose of the Corporation is to secure from the United States the land, building, and equipment of the Memphis Defense Depot (closed as a military base in 1997); enter into agreements to acquire, construct, improve, lease, operate and dispose of property; and to promote the redevelopment of the Memphis Depot for the citizens of the City and County. Board members (nine) are appointed by the City and County Mayors, with approval by the City Council and County Commission, for six year terms. A resolution approving and directing the Depot Redevelopment Corporation to consolidate within the Economic Growth Development Industrial Development Board (EDGE) was passed in January 2011 by the Memphis City Council and Shelby County Commission.

# **B.** Government-wide and fund financial statements

The government-wide financial statements (i.e., the statements of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary and agency funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

# C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenues (except for investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received.

The City reports the following major governmental funds:

**General Fund** - The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Debt Service Fund** – The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

**Community Development** – This fund is used to account for the Community Development Block Grant and other related grants. Funds are restricted to uses approved under Federal guidelines.

**Capital Projects Fund** – The Capital Projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those by proprietary funds and trust funds.

The City reports the following major proprietary funds:

Sewer Collection and Treatment Enterprise Fund – The Sewer Collection and Treatment Fund accounts for the operations of the regional sewer collection and treatment facilities operated by the City.

**Memphis Light, Gas and Water Division (MLGW) Enterprise Fund** – The MLGW Fund accounts for the provision of electricity, gas and water to customers in Shelby County, Tennessee, which includes the City.

Additionally, the City reports the following fund types:

Internal Service Funds - The City's Internal Service Funds account for the financing of goods or services provided by

one department to other departments or agencies of the City on a cost reimbursement basis. The City reports the following Internal Service Funds:

# Health Insurance Internal Service Fund

# **Unemployment Compensation Internal Service Fund**

# **Fleet Management Internal Service Fund**

**Fiduciary Funds** – The City's Fiduciary Funds account for the activities of the following pension and other post-employment benefit plans, which accumulate resources for payments to qualified participants and investments held for external organizations. Fiduciary funds include the City's Agency Fund which accounts for the assets and the related liability held by the City for purchasers of the City's delinquent property tax receivables. The City reports the following fiduciary funds:

# City Retirement System Fund

Library Retirement System Fund

**City Other Postemployment Benefits Trust Fund** 

Memphis Light, Gas and Water Retirement System Fund

Memphis Light Gas and Water Other Postemployment Benefits Trust Fund

# Sold Property Tax Receivable Agency Fund

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City, MSCAA and MATA have elected not to follow subsequent private-sector guidance. MLGW and MZS have elected to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between MLGW and the Sewer Collection and Treatment Fund and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sewer Collection and Treatment Fund, the MLGW Fund, and the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

# D. Assets, liabilities, and net assets or equity

## Cash and cash equivalents and investments

The City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Investments are stated at their related fair value (see Note IV (A)). Investments of the government as well as its component units are generally stated at fair value. Fair value is based on quoted market prices, if available, or estimated using quoted market prices for similar securities. The City uses amortized cost on all investments that mature within a year or less of the date of purchase.

### **Property taxes receivable**

Property taxes are recorded as receivables when levied, net of estimated uncollectibles. The receivables collected during the current fiscal year and those collected by August 31, 2012, related to tax levies for fiscal year 2012 and prior, are recorded as revenue. Amounts received related to the property tax levy of the next fiscal year and the net receivables estimated to be collectible subsequent to August 31, 2012, are recorded as deferred revenue at June 30, 2012.

### Interfund receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at June 30 are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Direct expenses (charges based on actual use) are not eliminated, whereas indirect expense allocations made in the funds are reversed in the statement of activities.

Transactions that constitute reimbursements of a fund for expenditures or expenses initially made from it that are properly applicable to another fund, such as insurance claims, are recorded as expenditures or expenses (as appropriate) in the reimbursing fund and as reductions of the expenditure or expense in the fund that is reimbursed.

All interfund transactions except quasi-external transactions and reimbursements are accounted for as transfers. Nonrecurring or nonroutine transfers of equity between funds are considered equity transfers. All other interfund transactions are treated as transfers.

Under the Charter of the City of Memphis, the City is entitled to dividends from Memphis Light, Gas and Water Division (MLGW) based upon equity. These dividends are recorded as a transfer.

#### Inventories and prepaid expenses

Inventories in the Proprietary Funds are stated at cost determined principally by the first-in/first-out (FIFO) method. General Fund inventories are recorded as expenditures when purchased, and there were no significant inventories on hand at June 30, 2012. All other inventories are recorded as expenditures when consumed rather than when purchased (Consumption Method).

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

# Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., streets, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 (amount not in thousands) and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Contributed capital assets are recorded at estimated fair market value at the date received. The capital assets reported include infrastructure that was acquired in fiscal years ending after June 30, 1980.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense incurred by the Sewer Fund during the current fiscal year was \$6,915. Of this amount, none was included as part of the cost of capital assets constructed with bond proceeds.

Property, plant and equipment of the primary government, as well as the component units, are depreciated using the straightline method over the following estimated useful lives:

Buildings	25-50 years
Improvements	10-60 years
Infrastructure	50 years
Machinery and Equipment	3-15 years

# **Compensated absences**

City employees are granted vacation, sick and other leave benefits in varying amounts in accordance with administrative policy and union agreements. Vacation days earned are required to be utilized annually, but may be carried forward upon written request. In the event of termination, an employee is reimbursed for accumulated vacation days. Employees are required to take their vacation in their last year of employment prior to retirement. Employees are generally reimbursed for accumulated unused sick leave, not to exceed 75 days, only upon retirement, and only for those employees with 25 years or more service with the City. Certain exceptions to this policy occur in accordance with the terms of various union contracts.

The liability for vacation, sick and other leave benefits related to and intended to be paid from Governmental Funds is accrued for and reported only if they have matured, for example, unused reimbursable leave still outstanding following an employee's resignation or retirement. The liability for vacation, sick and other leave benefits related to and intended to be paid from Proprietary Funds is included in the fund financial statements. Additionally, the long-term portion of the liability for these benefits to be paid by Governmental Funds is reported in the government-wide financial statements.

# **Deferred Compensation Plan**

The City and MLGW offer their employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plans permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The City and MLGW's amended plans meet the requirements of Internal Revenue Code Section 457. The amended plans provide that assets or income of the plans shall be used for the exclusive purpose of providing benefits for participants and their beneficiaries or defraying reasonable expenses of the administration of the plans. Since the assets of the amended plans

are held in custodial and annuity accounts for the exclusive benefit of plan participants, the related assets of the plans are not reflected on the balance sheet.

# Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, general obligation bonds, revenue bonds and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

# Use of estimates

Estimates used in the preparation of financial statements require management to make assumptions that affect the recorded amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

# Fund equity - Net Assets

Fund equity is generally the difference between assets and liabilities. Government-wide and proprietary fund statements report fund equity as net assets. Fund equity for governmental fund statements are reported as fund balance (see Note IV (I)).

Government-wide and proprietary funds' net assets are classified into three components. "Invested in capital assets, net of related debt" consists of capital assets net of accumulated depreciation and reduced by outstanding debt used to finance purchase or construction of those assets. "Restricted" net assets are noncapital net assets that must be used for a particular purpose as specified creditors, grantors, or contributors external to the City. "Unrestricted" net assets are remaining net assets that do not meet the definition of the other two categories.

The City of Memphis implemented Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* during fiscal year 2011. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

The Statement provides that fund balance be reported and classified in the following manner based on the relative strength of the constraints that control how specific amounts can be spent:

**Non-spendable Fund balance** includes amounts that cannot be spent because they are either (a) not in spendable form (e.g. inventories, prepaids) or (b) legally or contractually required to remain intact (e.g. endowments).

**Restricted Fund balance** includes amounts constrained for a specific purpose by external parties, constitutional provision, or enabling legislation. (e.g. State and Federal Grant Funds). Effectively, restrictions may only be changed or lifted with the consent of the resource provider.

**Committed Fund balance** includes amounts formally constrained for a specific purpose by a government using its highest level of decision making authority. The commitment of these funds can only be changed by the government taking the same formal action that imposed the constraint originally. As such, the City Council, the highest level of decision making authority for the City of Memphis, can adopt an ordinance prior to the end of the fiscal year to commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until an adoption of another ordinance to remove or revise the limitation is passed.

**Assigned Fund balance** includes amounts a government intends to use for a particular purpose. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The City of Memphis' Finance Director was delegated the authority by a City Council resolution to assign fund balance upon the Mayor's approval. With the exception of the General Fund, this is the residual fund balance of the classification of all government funds with positive balances.

Unassigned Fund balance represents general fund amounts not classified elsewhere.

City Council, the City's highest level of decision making authority, passed a resolution establishing fund balance policies as required by GASB 54. The policies stipulate that (1) when it is appropriate for fund balance to be assigned, the authority to do so has been delegated to the Director of Finance upon approval of the Mayor, (2) in circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance and (3) the city shall strive to maintain a yearly fund balance in the general operating fund in which the unassigned fund balance is ten (10) percent of the total operating expenditures.

# **Reclassification of Funds and Restatement of Fund Balance/Net Assets**

Prior year fund balance for the following proprietary funds have been adjusted as stated below:

Net assets at June 30, 2011 Reduction of prior period revenue Restated net assets at June 30, 2012	<u>Sewer Collection and Treatment</u> \$ 234,708 (160) <u>\$ 234,548</u>
Net assets at June 30, 2011 Reduction of prior period revenue Restated net assets at June 30, 2012	<u>Fleet Maintenance Fund</u> \$ (9,058) <u>(143)</u> <u>\$ (9,201)</u>
Net assets (deficit) at June 30, 2011 Recognition of prior period expense Restated net assets (deficit) at June 30, 2012	<u>City Retirement System Fund</u> \$ 1,986,445 <u>23</u> <u>\$ 1,986,468</u>

Prior year fund balance for the following internal service fund has been adjusted as stated below:

	Printing and Mail
Net assets at June 30, 2011	\$ 83
Printing and Mail fund reclassification to General Fund	22
Transfer of capital assets to Governmental activities	(105)
Restated net assets at June 30, 2011	\$

# **II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

# A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of the \$1,684,037 difference are as follows:

Bonds payable	\$	1,157,802
Bond anticipation notes payable		71,975
Unamortized loan costs		45,166
Capital lease obligations		11,286
Related party loan		196,935
Related party loan premium		2,010
Related party debt obligation		20,115
Accrued interest payable		16,270
Claims and judgments liability		79,106
Compensated absences	_	83,372
Net adjustment to reduce-fund balance-total governmental		
funds to arrive at net assets-governmental activities	<u>\$</u>	1,684,037

# **B.** Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense."

The details of the \$109,331 difference are as follows:

Capital outlay	\$ 225,201
Depreciation expense	(115,870)
Net adjustment to increase net changes in fund balances-total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 109,331</u>

# NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2012

\$ (199,916)

Another element of that reconciliation states that "the issuance of long-term debt (e.g. bond, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this (199,916) difference are as follows:

Debt issued or incurred:	
Issuance of general obligation bonds	\$ (71,975)
Capital lease	(8,963)
Proceeds from refunded debt	(98,740)
Related party loan proceeds	(196,936)
Proceeds from related party debt	(20,397)
Bond issue costs	5,538
Premium on debt issue	(19,876)
Principal repayments:	
General obligation debt	36,874
Retirement of bond anticipation notes	75,400
Payment to escrow agent for refunding	98,096
Accrued interest payable	(10,137)
Vacation, sick, and other leave benefits	11,200
Net adjustment to decrease net changes in fund balances-	
total governmental funds to arrive at changes in net assets	

of governmental activities

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this (\$128,458) difference are as follows:

Liability Changes:

Claims and judgments liability	(4,577)
City Net Pension Obligation	(68,183)
Library Net Pension Asset	(843)
Other Post Employment Benefit Obligation	(54,855)
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$(128,458)</u>

# III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

# A. Budgetary information

The City Council annually approves the budget ordinance for the General, Enterprise Funds, Internal Service Funds, Debt Service, and Special Revenue Funds (except Community Service Fund, Central Business Improvement District Fund, Midtown Corridor Fund, and Education Fund) of the City. The Midtown Corridor Fund has a "carryover" budget. The prior years' budget remains open until the revenue is completely expended, which generally exceeds one fiscal year.

During the fiscal year, budgetary control is maintained at a program level. The City Mayor has the authority to approve transfers between line items within the total amounts of each program category (Personal Services, Materials and Supplies, Capital Outlay, Grants and Subsidies, Inventory and Expense Reimbursements). The City Mayor also has the authority to approve transfers between program categories within the total amounts of each program; however, each transfer shall have a maximum limit of \$50 and each program shall have an annual cumulative limit of \$100 for transfers between programs categories within the total year, any transfer of appropriations between programs can be made only upon the authorization by ordinance or resolution of the City Council. At year-end, the Comptroller is authorized to transfer appropriations between programs to cover any resulting unfavorable variances as long as the total expenditure appropriation is not exceeded. The reported budgetary data has been revised for amendments authorized during the year and at year-end. Such data reflects expenditures by program categories at a division level to avoid excessively detailed program classifications.

For Workforce Investment Act and the Community Development Special Revenue Funds, budgets are approved annually upon the availability of the grants from the federal government. The lives of most grants range from 2 to 3 years.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are typically designated by the Finance Director with the approval of the Mayor as an assignment of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year. The basis of accounting applied to budgetary data presented is not consistent with generally accepted accounting principles for governmental funds, as actual expenditures are increased by current year encumbrances in order to be consistent with the basis of budgeting used.

# B. Excess of expenditures over appropriations

In demonstrating compliance with the City's legally prescribed budgetary requirements, expenditures at June 30, 2012, did not exceed appropriations at the program level. The comparison of actual expenditures to the budget for the General Fund reflect no unfavorable variances from budget at the program level because the revisions to budget were recorded after year end to offset the legal level deficits for several functions. These revisions were made in accordance with the authorization allowed in the adopted budget ordinances for 2012.

# C. Deficit fund equity

The New Memphis Arena Special Revenue Fund has a deficit fund balance of \$4,138 as of June 30, 2012. The City of Memphis, Shelby County, and The Memphis and Shelby County Sports Authority, Inc. are parties to an interlocal agreement relating to the financing of the new sports arena that was completed in August 2004. Of the \$250,000 budget, the City paid \$12,000 for acquisition and construction of the Arena site and infrastructure improvements. The City's commitment was funded through legally available non-ad valorem revenues. The interfund payable to the Healthcare Fund will be repaid from future hotel motel taxes. The City anticipates the New Memphis Arena Special Revenue Fund negative fund balance will be eliminated over the next 4 years by using proceeds from the hotel/motel funding source. This fund also reports the pass-through of certain revenues related to Sports Authority bonds issued for the construction of the Arena.

The Unemployment Compensation Internal Service Fund deficit fund balance of \$1,267 as of June 30, 2012, decreased by \$426 from prior year due to reduced unemployment costs. The Health Insurance Fund's prior year deficit fund balance was reduced from \$3,039 to \$510 primarily as a result of a premium increase implemented in fiscal year 2011. Reduced unemployment costs and healthcare administration costs are expected to eliminate the deficits over time. The Fleet Management Internal Service Fund deficit fund balance of \$10,241 increased from prior year by \$1040. Management is continuing a review of these funds' operations and charges to ensure the funds' cost and charge structure are in alignment. As a result, a strategy will be developed to eliminate the current fund deficits over time.

# IV. DETAILED NOTES ON ALL FUNDS

# A. Deposits and investments

Statutes authorize the City to invest in bonds, notes or treasury bills of the United States or its agencies, certificates of deposit, repurchase agreements utilizing obligations of the United States or its agencies as the underlying securities, local government investment pool, money market funds and prime commercial paper. Statutes require that (1) deposits have securities as collateral whose market value is equal to 105 percent of the value of the deposits, less so much of such amount as is insured by federal deposit insurance and (2) securities underlying repurchase agreements must have a market value at least 102% of the amount of funds invested in the repurchase agreements. Tennessee Code Annotated Sections 9-4-105 and 9-4-404 state that collateralization coverage for cash deposits may be computed based on average daily balances of the preceding month.

City ordinances, as interpreted by opinions of the City Attorney, authorize the City to enter into stock and bonds borrowed/ cash or bond pledged securities lending agreements that are a transfer of securities with a simultaneous receipt of securities. The securities received in the transfer are the type which the City is legally authorized to hold. The market value of the securities received in the agreement is 102 percent of the value of the securities transferred in the case of the securities of United States issuers and 105 percent in the case of securities of non-United States issuers. The securities transferred are a part of the total investments reported below. The securities being held are not reported as a part of the total investments. The City retains the interest income on the securities being transferred and earned \$285 during the year ended June 30, 2012, which was applied to a collateral insufficiency liability. On June 30, 2012, the market value of the securities transferred was \$68,131 and the market value of the securities the City was holding was \$70,024. The monitoring procedures in the securities lending programs are the same as those requirements in regard to the repurchase agreements. At year end, the City has no credit risk exposure to borrowers because the amounts the City owes the borrowers exceed the amounts the borrowers owe the City.

# **Cash and Investment Pool**

The City uses a central cash and investment pool (the "Pool") for all funds other than the Pension Trust Funds, MLGW funds, and certain investments of the Capital Projects Fund and Sewer Collection and Treatment Fund. The Memphis and Shelby County Port Commission also participates in the Pool. As discussed in Note 1, the Port Commission operates as a joint venture and is therefore not included in the reporting entity. The Port Commission's equity position in the Pool is reported as an investment trust fund. The equity of the other funds within the reporting entity is recorded as an asset in those funds. The City's component units do not participate in the Pool. The individual fund pool balances are based upon actual cash receipts and disbursements with investment income, including any unrealized gains from changes in the fair value of investments, allocated monthly to each fund on a pro-rata basis. The fair value of the Pool is the same as the value of the Pool shares. The City's investment policy with respect to the Pool is to maximize investment earnings while maintaining an acceptable level of risk. Since investments in the Pool must provide for the future cash needs of the City, flexibility and liquidity of investments are generally maintained at all times. The City does not provide guarantees to the Pool participants to support the values of their equity positions.

# **Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the City manages its exposure to fair value losses arising from increasing interest rates by limiting the duration of the portfolio, excluding bond proceeds, to less than one (1) year. Furthermore, no investment is allowed to have a maturity of greater than two (2) years from date of purchase unless such maturity is approved by the State Director of Local Finance.

# **Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. It is the City's policy to limit its investments to prime commercial paper which shall be rated at least A1 or equivalent by at least two (2) nationally recognized rating services. Proceeds of bonds, notes and other obligations issued by the city, reserves held in connection therewith and the investment income there from, may be invested in obligations which (a) are rated in either of the two highest rated categories by a nationally recognized rating agency; (b) are direct general obligations of a state of the United States, or a political subdivision or instrumentally thereof, having general taxing powers; and (c) have a final maturity on the date of investment not to exceed twenty-four (24) months or which may be tendered by the holder to the issuer thereof, or an agent of the issuer, at not less than twenty-four (24) month intervals unless approved by the State Director of Local Finance. As of June 30, 2012, the government's investments in general obligation bonds were rated Aa2 by Moody's Investor Service, AA by Standard & Poor's, and AA- by Fitch Ratings.

# **Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributable to the magnitude of the government's investment in a single issuer. The City's investment policy requires portfolio diversification by security type and institution.

The maximum percentage of the portfolio permitted in each eligible security is as follows:

U.S. Treasury	100% maximum
Federal Agency (Fixed Rate)	100% maximum
Federal Agency (Variable Rate)	10% maximum
Repurchase Agreement	50% maximum
Commercial Paper	15% maximum
Banker's Acceptances	15% maximum
Insured/Collateralized Certificates of Deposit	20% maximum
Municipal Obligations	20% maximum
Tennessee LGIP	25% maximum

The City's investment policy is further diversified and limits the exposure to any other issuer. No more than 5% of the City's Portfolio is allowed to be invested in the securities of any single issuer with the following exceptions:

Each Federal Agency	35% maximum
Each Repurchase Agreement Counterparty	20% maximum

# **Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank failure the government's deposits may not be returned. At June 30, 2012 all deposits were insured or collateralized as required by policy. The City's investment policy provides that all securities purchased by the City or held as collateral on either deposits or investments shall be held in third-party safekeeping at a financial institution.

Deposits held by the pool at June 30, 2012, were as follows:

	Carrying	Bank
Description	<u>Amount</u>	<b>Balance</b>
Cash deposits	<u>\$ 4,386</u>	<u>17,689</u>

The investments held by the pool consist of the following at June 30, 2012:

	Maturity <u>Dates</u>	Interest <u>Rates</u>	Fair <u>Value</u>	Description <u>Duration</u>
U.S. Government agencies	Jun 2012 - Aug 2016	.0% - 5.25%	\$ 121,808	.12 - 1.21
Commercial paper	Jul 2012 - Dec 2012		18,639	.0609
Certificate of Deposit	Jun 2012 - Jan 2013	.15% - 1.00%	11,500	.0312
U.S. Treasury Obligations	May 2013 - Nov 2016	.25% - 2.5%	23,622	.2460
Corporate and foreign bonds	June 2012 - Dec 2012	.50% - 1.75%	1,624	.2448
Total			177,193	
Investments not subject to				
Categorization - Money marl	ket funds		94	
Total investments			<u>\$ 177,287</u>	

The Pool does not issue separate financial statements. Condensed financial information as of June 30, 2012 is as follows (dollar amounts and share amounts are the same):

Condensed Statement of Net Assets	
Investments	\$ 177,287

Redemption of units	1,143,484
Net decrease	44,123
Net assets held in trust for pool participants:	
Beginning of Year	137,550
End of Year	<u>\$ 181,673</u>

# **Investments Outside of the Pool**

In addition to the cash and investment pool, several funds in the primary government own investments outside of the Pool. The Capital Project Fund's investments were purchased from the unexpended portion of general obligation bond issues which require the City to maintain separate investments for arbitrage purposes. The Sewer Collection and Treatment Fund's investments were purchased to set aside funds to satisfy certain revenue bond covenants. Investments in these funds are generally of the same type as in the Pool with the addition of collateralized certificates of deposit. These funds also are required to hold funds relating to certain construction projects in the State of Tennessee Treasurer's Local Government Investment Pool ("LGIP"). Deposits with the LGIP may be withdrawn with a maximum of one day's notice, are classified

as cash equivalents and are valued at cost. The LGIP is not registered with the SEC as an investment company, however, the LGIP has a policy that it will-and does-operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Rule 2a7 allows SEC-registered mutual funds to use amortized cost rather than fair value to report net assets to compute share prices if certain conditions are met. State statutes require the State Treasurer to administer the LGIP under the same terms and conditions, including collateral requirements, as required for other funds invested by the Treasurer. The reported value of the pool is the same as the fair value of the pool shares. Although the LGIP itself is unrated, its types of investments and maturities provide a level of credit risk similar to that detailed in the aforementioned credit risk section. All of MLGW Fund's investments are outside of the City's investment pool. MLGW's investments are invested under a cash management program which provides for the investment of excess cash balances in short-term investments and the investment of debt service funds in instruments maturing as the related debt matures. These investments are similar to those described above with the addition of commercial paper and mutual funds. Investments in the City Retirement Fund, the Library Retirement Fund, and the MLGW Retirement and Pension System include stocks, corporate and government bonds, mortgage-backed securities mentioned above. As of June 30, 2012, the City's investments in general obligation bonds were rated Aa2 by Moody's Investor Service, AA by Standard & Poor's, and AA- by Fitch Ratings.

MLGW's general investment policy is to apply the prudent investor rule: Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. Repurchase agreements have a term to maturity of no greater than ninety (90) days and, commercial paper maturity is no greater than two hundred-seventy (270) days. If the corporation has senior long term debt it must have a minimum rating of AA or equivalent and a short term debt minimum rating of A or equivalent as provided by a majority of the rating services that rate the issuer. Municipal obligations are rated in either of the two highest rating categories by a nationally recognized statistical rating organization. Asset-backed securities are defined as debt securities that have specifically pledged collateral. Each holding shall be rated Aaa by Moody's Investors Service or AAA by Standard & Poor's.

Deposits held by the primary government outside of the Pool at June 30, 2012, were as follows:

Description	Carrying <u>Amount</u>	Bank <u>Balance</u>
Cash deposits	\$ 27,280	<u>\$ 26,827</u>
Cash on hand	295	
Total Deposits and		
cash on hand	<u>\$ 27,575</u>

# **<u>City of Memphis Retirement System – Deposits and Investments</u>**

The City of Memphis Retirement System (the "City Plan") is administered by the Board of Administration of the City of Memphis Retirement System (the "Board"). The Board has established and given authority to the Pension Investment Committee (the "Investment Committee") to exercise authority and control of investments solely in the interest of participants of the City Plan and their beneficiaries. Additionally, the Board executes its policies with the aid of external investment advisors.

Investment allocation is subject to the restrictions set forth in applicable City of Memphis Ordinances which limit the percentage of investments that may be allocated to equity investments and real estate investments. To achieve its risk/return objectives and to be in compliance with applicable ordinances, the Investment Committee endeavors to invest funds in the following ranges:

	<u>Minimum</u>	<u>Maximum</u>
Cash equivalents	0%	2%
Real estate	0%	5%
Domestic equities	24%	44%
International equities	12%	22%
Emerging markets	0%	10%
Fixed income	24%	34%
High yield	5%	15%

In exceptional circumstances, deviations from these may occur on a limited basis.

## **Interest rate risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment or deposit. Duration is the measure of the price sensitivity of a fixed income portfolio to changes in interest rates. The longer the duration of a portfolio, the greater is its price sensitivity to changes in interest rates. The City Plan limits its exposure to interest rate risk by diversifying its investments by security type and institution. The fair values of fixed-income investments, grouped by maturity at June 30, 2012, are as follows:

Current to one year	\$ 28,137
One to two years	37,818
Two to three years	30,871
Three to four years	33,396
Four to five years	37,339
Five or more years	442,534
	610,095
Funds with indeterminable maturities	 977
	\$ 611,072

# <u>Credit risk</u>

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. To control credit risk, credit quality guidelines have been established. Investment parameters are established by the Board and the Investment Committee.

The City Plan's exposure to credit risk at June 30, 2012, is presented below by investment category as rated by Standard and Poor's rating service.

Type of Investment	F	air Value	Ratings	Percentage of Fixed Income
Government bonds	\$	2,575	AAA	0.42%

Less allowance for uncollectibles		(156,801)	(3,574)	(15)	(112)	(11,134)	(17,415)	(1,756)	(190,807)
		(130,001)	(3,574)	(15)	(112)	(11,134)	(17,415)	(1,750)	(130,007)
Net total receivables	\$	368,816	94,434	23,591	11,625	157,552	105,835	38,736	800,589

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At June 30, 2012, deferred revenue principally represents: (1) amounts received for various capital projects upon which revenues will not be recognized until such projects have started; (2) amounts relating to property taxes as described above; (3) operating subsidies received in advance; (4) uncollected principal on Housing Rehabilitation Loans; and (5) long-term receivables due from agencies.

# C. Property taxes

The City levies property taxes for the calendar year annually based upon assessed valuations. The various types of property are assessed at a percentage of market value on January 1 of each year as follows:

Farm and residential real property	25%
Commercial and industrial real property	40%
Commercial and industrial personal property	30%
Public utilities real and personal property	55%

# NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2012

The assessed value upon which the fiscal 2012 levy was based was approximately \$11.7 billion. The market value was approximately \$37.8 billion making the overall assessed value 31.04 percent of the market value. Taxes attach as an enforceable lien on property on June 1, the day taxes are levied, and are due by September 1. Current tax collections for the year ended June 30, 2012, were 94.88 percent of the tax levy.

At June 30, 2012 the allowance for uncollectibles by fund was as follows:

General Fund	\$ 11,176
Debt Service Fund	3,574
Capital Projects Fund	16
Total	<u>\$14,766</u>

The property tax levy is without legal limit. The rate, as permitted by Tennessee State Law and City Charter, is set annually by the City Council and collected by the City Treasurer. The City allocated the property tax per \$100 of assessed value for the year ended June 30, 2012, as follows:

General Fund	\$2.4717
Debt Service Fund	.7141
Capital Projects Fund	0031
Total	<u>\$3.1889</u>

The Sewer Fund and MLGW are assessed an in-lieu-of-tax payment with all proceeds from this source allocated to the General Fund. The City contributes a portion of the MLGW electric payments to Shelby County. The amount was calculated based on City Council resolutions and City Charter provisions governing the PILOT sharing arrangement with Shelby County.

# D. Capital assets

Capital asset activity for the year ended June 30, 2012, was as follows: Primary Government

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Governmental Activities:	 				
Capital assets not being depreciated:					
Land	\$ 62,344 \$	2,020 \$	- \$	- \$	64,364

Memphis Light, Gas and Water assets	2,355,097	86,013	(17,467)	-	2,423,643
Total capital assets being depreciated	3,036,880	124,485	(23,917)	-	3,137,448
Less accumulated depreciation for:					
Buildings	(79,799)	(2,271)	-	-	(82,070)
Improvements other than buildings	(262,415)	(11,122)	75	-	(273,462)
Machinery and equipment	(26,895)	(4,644)	4,209	-	(27,330)
Memphis Light, Gas and Water depreciation	(1,012,456)	(74,581)	24,311	-	(1,062,726)
Total accumulated depreciation	(1,381,565)	(92,618)	28,595	-	(1,445,588)
Total capital assets being depreciated, net	1,655,315	31,867	4,678	-	1,691,860
Business-type activities capital assets, net	\$ 1,862,290 \$	160,771 \$	(116,317) \$	- \$	1,906,744

# Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:		
Executive	\$	155
Finance		3,816
General services		4,272
Information services		4,297
Fire services		6,508
Police services		11,117
Park services		7,505
Public services		4,783
Housing and Community Development		323
Public works		14,298
Engineering		507
Community enhancement		35
City Court Clerk		1
Capital assets held by the government's internal service funds that are		
charged to the various functions based on their usage of the assets		117
Total depreciation expense - Governmental activities	<u>\$</u>	57,734
Business-type activities:		
Sewer	\$	13,779
Storm Water		4,258
Memphis Light, Gas and Water		74,581
Total depreciation expense - Business-type activities	\$	92,618

The reported Sewer and Storm Water numbers show differences between depreciation expense in the Statement of Revenues, Expenses and Changes in Fund Net Assets / Proprietary Funds and the increases to accumulated depreciation noted in the above Business-type Activities table. This difference is due to the re-capitalization of assets acquired via prior period Construction-in-Progress (CIP) projects. Upon their initial capitalization, the CIP projects were capitalized as single assets. However, upon subsequent review, it was determined that the projects applied to multiple assets with varying useful lives and depreciation periods; as a result, the original amounts were "retired" (reversed) and the assets were then "re-capitalized" at their correct individual amounts. Offsetting adjustments were made to Capital outlay to prevent this activity from being reflected as Fiscal Year 2012 activity. The \$33K Capital outlay expense shown in the Non-Major Fund (Storm Water) column of the Statement of Revenues, Expenses and Changes in Fund Net Assets / Proprietary Funds represents true Fiscal Year 2012 purchases.

	I	MLGW Electric Division	MLGW Gas Division	MLGW Water Division	Total
Statement of Revenues, Expenses and Changes					
in Net Assets:					
Depreciation expense	\$	43,833	\$ 12,709	\$ 11,274	\$ 67,816
Transportation costs		-	489	153	642
Salvage returns		2,386	336	71	2,793
Retirements		(2,283)	(335)	(71)	(2,689)
Statement of Cash Flows, Depreciation Expense:	\$	43,936	\$ 13,199	\$ 11,427	\$ 68,562
Retirements		2,283	335	71	2,689
Salvage		1,993	322	51	2,366
Shelby County Board of Public Utilities					
Acquisition - annual amortization		-	-	964	964
-	\$	48,212	\$ 13,856	\$ 12,513	\$ 74,581

The reported MLGW numbers show a small difference between depreciation expense in the Statement of Revenues, Expenses and Changes in Fund Net Assets / Proprietary Funds and the depreciation expense noted in the Statement of Cash Flows - Proprietary Funds. This difference is attributed to a small amount of depreciation expense being recorded in their maintenance expense category on the Statement of Revenues, Expenses and Changes in Fund Net Assets / Proprietary Funds.

The Federal Energy Regulatory Commission's Uniform System of Accounts states that upon the retirement of a utility's assets, the cost of removal and the proceeds from salvage are to be charged against the accumulated depreciation accounts when they are incurred. As a result, gains or losses generally are not recorded in the retirement of the utility's assets.

# **Construction Commitments**

The government had active construction projects as of June 30, 2012. At year-end the government's commitments with contractors were as follows:

# **Construction Commitments**

The government had active construction projects as of June 30, 2012. At year-end the government's commitments with contractors were as follows:

### **Interfund Balances:**

These balances resulted from timing differences between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, and (2) payments between funds occur. Also, there are some interfund balances resulting from working capital loans made between the funds. The majority of these balances are scheduled to be collected in the subsequent year.

#### **Transfers:**

Transfers are used to (1) move revenue from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

# F. Leases

# **Operating Leases**

The City occupies certain storage and office facilities principally under operating lease arrangements. The minimum annual rentals under such leases are not significant.

#### **Capital Leases**

The City has entered into lease agreements as a lessee for financing the acquisition of equipment for the Solid Waste and City Court Clerk Divisions. The lease agreements qualified as capital leases for accounting purposes and, therefore, were recorded at the present value of future minimum lease payments as of the inception dates.

The assets acquired through capital leases are as follows:

Assets:

Equipment	\$ 18,723
Accumulated Depreciation	(7,437)
Total	<u>\$11,286</u>

The remaining debt service requirement for capital lease obligations for the City at June 30, 2012, is as follows:

Fiscal Year	
2013	3,998
2014	2,336
2015	2,336
2016	2,095
2017	927
Less Interest	( 406)
Present Value of Payments	\$_11,286

### G. Long-term debt

### **General Obligation Bonds**

The City's full faith and credit and unlimited taxing power has been pledged to the payment of general obligation debt principal and interest. There is no legal limit on the indebtedness which may be incurred.

In March 2012, the City issued \$10,000 of General Improvement Bonds, Series 2012A and \$4,000 of General Improvement Bonds, Series 2012B. The proceeds and issue cost of these debt instruments were recorded in the City's Capital Projects Fund as other sources and debt issue cost.

In March 2012, the City issued \$83,595 of General Improvement Refunding Bonds, Series 2012A and \$1,145 of General Improvement Refunding Bonds, Series 2012B to refund \$85,960 in General Improvement Bonds, Series 2004 Ref and General Improvement Bonds, Series 2006A Ref. The net proceeds of \$98,097 (after the payment of \$357 in underwriter's discount and \$380 cost of issuance) were used to purchase U.S. Government, State, and Local Series Securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the above-mentioned bonds. As a result, this Series' bonds are considered defeased. The proceeds and extinguishment of debt as well as the issue costs paid by the City were recorded in the Debt Service Fund for the refunding issue.

#### **Commercial Paper Program**

The City issued \$71,975 in bond anticipation notes in April 2012. The issue resulted in net proceeds of \$75,403 (after the net issue premium of \$3,640, payment of \$36 in underwriter's discount, and \$212 cost of issuance). The purpose of the bond anticipation notes is to provide interim financing of various capital projects. The debt is classified as long-term debt and is reflected in the City's Statement of Net Assets. The proceeds and issue cost of these debt instruments were recorded in the City's Capital Projects Fund as other source and debt issue cost.

### **Revenue Bonds**

No Revenue Bond issues occurred in fiscal year 2012.

#### **Defeased debt**

In prior years, the City defeased other general obligation and revenue bonds by placing the proceeds of new bonds in an

irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and the liability of the defeased bonds are not included in the City's financial statements. On June 30, 2012, a total of approximately \$163,070 bonds outstanding are considered defeased.

# **Related Party Debt Obligations**

## **Center City Revenue Finance Corporation**

Pursuant to a Trust Indenture dated as of September 1, 2011 (the "Indenture"), the Memphis Center City Revenue Finance Corporation of Memphis, Tennessee (the "Corporation") issued its \$40,540,000 Federally Taxable Senior Revenue Bonds, Series 2011A (Pyramid and Pinch District Redevelopment Project) ("Series 2011A CCRFC Bonds"), its \$100,245,000 Tax Exempt Subordinate Revenue Bonds, Series 2011B (Pyramid and Pinch District Redevelopment Project), and its \$56,150,000 Federally Taxable Subordinate Revenue Bonds, Series 2011C (Pyramid and Pinch District Redevelopment Project) (collectively, the "Series 2011 CCRFC Subordinate Bonds," and together with the Series 2011A CCRFC Bonds, the "Series 2011 CCRFC Bonds"). The Series 2011 CCRFC Bonds are payable principally from distributions of state and local sales and use taxes in a tourist development zone which includes the Pyramid Arena, the Pinch District of the City and the Memphis Cook Convention Center.

Pursuant to the Indenture, the proceeds of the Series 2011 CCRFC Bonds were used to, among other things, provide funds to make a loan (the "Series 2011 Loan") to the City pursuant to that certain Loan Agreement dated as of September 1, 2011 (the "Loan Agreement") between the Corporation and the City. The City used the proceeds of the Series 2011 Loan to: (a) finance or reimburse the City for costs associated with the redevelopment of the Pyramid Arena, the acquisition and renovation of certain properties in the center city area of the City adjacent to the Pyramid Arena and the acquisition of the County's interest in the Memphis Cook Convention Center; (b) fund capitalized interest on the Series 2011 CCRFC Bonds; (c) fund a Debt Service Reserve Fund which is established with the Trustee pursuant to the Indenture; and (d) pay the costs of issuance with respect to the Series 2011 CCRFC Bonds.

# **Port Commission Electrolux Bonds**

The Memphis and Shelby County Port Commission (the "Port Commission"), the State, the County, the City, and the Memphis and Shelby County Industrial Development Board entered into a Site Location and Development Agreement dated December 15, 2010, whereby each committed to support the development of the appliance manufacturing and assembly facility, warehouse and distribution facility, and regional headquarters facility for Electrolux Home Products, Inc. (the "Electrolux Development") located in the City and the County, within the Port Commission's boundaries and jurisdiction. The City and the County agreed to match funds of the State to subsidize or assist in the Electrolux Development.

The Port Commission issued its \$40,795,000 Development Revenue Bonds, Series 2011 (the "Port Commission Electrolux Bonds") on September 7, 2011 pursuant to Chapters 500 and 529 of the Private Acts of 1947 of the State of Tennessee (collectively, the "1947 Act"). The Port Commission Electrolux Bonds are secured in part by all of the Port Commission's right, title and interest in an interlocal agreement by and among the Port Commission, the City and the County, under which the City and the County, pursuant to the provisions of the 1947 Act, have covenanted to timely appropriate from legally available non-ad valorem revenues sufficient moneys to pay scheduled debt service on the Port Commission Electrolux Bonds.

The obligation of the City and the County to support the payment of debt service on the Port Commission Electrolux Bonds is apportioned on an equal basis (i.e., 50 percent by the City and 50 percent by the County). The obligation of the City and the County to support the payment of debt service on the Port Commission Electrolux Bonds is not a general obligation of the City or the County.

#### **Changes in long-term liabilities**

Various bond indentures contain significant limitations and/or restrictions for annual debt service requirements, maintenance of and flow of monies through various restricted accounts and minimum amounts to be maintained in various sinking funds. The City is in compliance with these limitations and restrictions.

The following is a summary of general obligation debt by fund at June 30, 2012:

The following is a summa		general obligation dec	ot by fund at June 30, 2	Capital		
	_	General Obligation Bonds	Bond Anticipation Notes	Lease Obligations	Revenue Bonds	Total

## NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2012

The compound interest bonds are subject to optional redemption by the City prior to their maturities at stated redemption prices which are calculated based upon the compounded accreted value at the date of redemption. A summary of General Obligation Debt and Revenue Bonds at June 30, 2012 follows:

Description	Interest Rates(%)	Original Issue	Balance Outstanding at Year End
General Obligation Debt:			
General City Government Serial Bonds	.500 - 6.15	\$ 2,170,691	\$ 1,157,802
Bond Anticipation Notes	3.00	71,975	71,975
Net Premium/(Discount) on General Obligation Debt			45,166
Capital Lease Obligations	3.75-4.32	18,723	11,286
Total General Obligation Debt		\$ 2,261,389	 1,286,229
Revenue Bonds:			
Sanitary Sewerage System	2.00-6.30	\$ 222,435	145,575
Electric Division, MLG&W (1), (2)	2.50-5.00	1,902,585	757,885
Water Division, MLG&W (1)	5.25	12,575	1,625
Net Premium/(Discount) on revenue bonds			57,093
Unamortized deferred amount on bond refundings			(17,752)
Total Revenue Bonds		\$ 2,137,595	 944,426
Total			\$ 2,230,655

(1) All MLG&W bonds reflect amounts outstanding at December 31, 2011.

(2) MLG&W's outstanding Electric System debt is not related to the acquisiton of capital assets. The proceeds from the 2003 Electric System bond issue were used to prepay the cost of future power purchases from TVA.

Debt service requirements to maturity for general obligation and revenue bond long-term indebtedness at June 30, 2012 are as follows:

#### Total Long-term Indebtedness

## V. OTHER INFORMATION

#### A. Risk management

The City is self-insured for health and medical benefits as well as on the job injury claims. The Health Insurance - Internal Service Fund charges premiums to other funds (primarily to the General Fund) which are used to pay claims and to fund the accrual for "incurred but not reported" (i.e. IBNR) claims and administrative costs of its health and medical benefits program. Additionally, on the job injury claims payable of \$5,207 were recorded in the Governmental Funds.

There were no significant incremental claim adjustment expenditures/expenses other than the expected cost of administering the claims paid by third party administrators. These liabilities, including IBNR (incurred but not reported claims), are based on the estimated ultimate cost of settling the claims using past experience adjusted for current trends, and any other factors that would modify past experience.

The changes in the insurance claims payable for the years ended June 30, 2011 and 2012 are as follows:

				On the J	e Job Injury		
	 Health	OPEB	Sewer Collection and Treatment Fund	Fleet Management Fund	Storm Water Fund	Governmental Funds	
Balance - June 30, 2010	\$ 7.953	5,999	41	52	16	3,170	
Current year provision	61,075	41,215	499	126	149	9,535	
Payments	 (60,780)	(40,992)	(351)	(89)	(96)	(4,346)	
Balance - June 30, 2011	8,248	6,222	189	89	69	8,359	
Current year provision	(60,246)	(41,056)	(113)	(45)	(87)	(7,277)	
Payments	 62,151	40,301	(31)	(26)	99	4,125	
Balance - June 30, 2012	\$ 10,153	5,467	45	18	81	5,207	

The City received insurance recoveries during the year in compensation for damage during a 2010 storm to the sign shop in the amount of \$126,729. The City also received insurance recoveries during the year in compensation for damage to the Harbor patrol boat in the amount of \$90,000.

## **B.** Subsequent events

In July 2012, the city entered agreements to issue tax-exempt and federally taxable General Obligation Commercial Paper in an amount not to exceed \$150,000. The purpose of the Commercial Paper is to provide interim financing of various public capital projects and the payment of the principal of any then Outstanding Commercial Paper Notes. The Commercial Paper has varying maturities of not more than 270 days from their respective dates of issuance. The City has also entered a Revolving Credit Agreement, which expires on July 31, 2015 or some other date as specified in the terms of the agreement, to provide liquidity support for this Commercial Paper Program.

The City entered into agreements with a vendor to sell a portion the City's 2012 delinquent property tax receivables in December 2012. The total proceeds were \$18,812.

## C. Contingent liabilities and commitments

The City is a defendant in a number of various lawsuits filed in the ordinary course of its operations. The City believes that \$24,045 is a reasonable measure of the ultimate settlement of these matters. However, the City's Statement of Net Assets reflects a total liability of \$79,106 which includes the \$24,045 plus \$55,061 related to an extraordinary lawsuit discussed in more detail below. The \$55,061 consisted of the \$57,461 referenced below offset by a mutually agreed upon reduction for a \$2,400 grant provided by the City.

The City was a party to a lawsuit with the Board of Education of the Memphis City Schools (BOE), in which the BOE sought to compel the City to provide funding in the amount of \$57,461 for BOE's 2008-09 school year. The BOE's claim for \$57,461 has been finally adjudicated by Tennessee Courts. The City filed a counterclaim in the lawsuit seeking to enforce agreements between the City and the BOE that allows the City to withhold from any funding to the BOE amounts loaned to the BOE for capital projects. The amount of the City's counter-claim exceeds \$57,461.

In addition, the City has also filed a counter-claim in a separate lawsuit between the BOE and the City to enforce a settlement agreement, which resolved BOE's claim for \$57,461 in exchange for the City's release of a portion of the amounts loaned to the BOE for capital projects. Neither of the City's counter-claims has been decided yet by the Chancery Court of Shelby County, Tennessee and if decided in the City's favor could reduce or eliminate the City's obligation to provide funds to BOE for the 2008-09 school year.

Amounts received or receivable from grantors, principally the Federal and State governments, are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the City as revenue, would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time although City officials expect such amounts, if any, to be immaterial.

Pursuant to an interlocal agreement by and among The Memphis and Shelby County Sports Authority, Inc. (the "Sports Authority"), Shelby County (the "County") and the City, in the event the revenues pledged to the support of certain senior lien bonds issued by the Sports Authority (the "Senior Lien Bonds") prove to be insufficient to pay debt service on the Senior Lien Bonds in any bond year (ending on October 31), the City and the County, pursuant to the provisions of Section 7-67-116 of the Tennessee Code Annotated, have covenanted to timely appropriate from legally available non-ad valorem revenues, not later than October 31 of the fiscal year ending June 30 following the date of such deficit, sufficient moneys to replenish draws from the debt service reserve fund used to make scheduled debt service on the Senior Lien Bonds in the prior year.

As of June 30, 2012, the Senior Lien Bonds were outstanding in an aggregate principal amount of \$203,610,000. The obligation of the City and the County to replenish draws on the debt service reserve fund relating to the Senior Lien Bonds is apportioned on the following basis: 50% from the City, and 50% from the County but is not a joint obligation. The obligation to replenish the debt service reserve fund relating to the Senior Lien Bonds is not a general obligation of the City.

The City has commitments at June 30, 2012, for outstanding purchase orders and outstanding contracts reported as assigned fund balance for encumbrances in the General Fund of \$12,924. The City had additional commitments totaling \$86,974 for certain infrastructure and sewer construction projects.

## **D.** Joint ventures

## **Memphis and Shelby County Port Commission**

The Memphis and Shelby County Port Commission (the Port Commission), a joint operation between the City and the County, is managed by a seven member board. Three of the board members are appointed by the City and two are appointed by the County. In addition, the director of public works for the City and for the County serves as ex officio members of the board with the right to vote. Capital expenditures over \$5 must be approved by both the City and the County. Net operating revenues of the Port Commission are distributed to EDGE based on the January 2011 joint resolution between the City of Memphis and Shelby County.

The Port Commission entered into an agreement between Shelby County, the City of Memphis, and Electrolux to fund the construction of the Electrolux facility with the use of debt issued by the Port Commission. The County and the City each guarantee the debt, which is payable solely from the County's and City's covenants to timely appropriate from legally available non-ad valorem revenues, although the debt is in the name of the Port Commission and is being held on the financial statements of the Port. The Port is under no obligation to pay the debt principal or interest. Receivables from the City and County have been booked for the principal and will be booked for the interest as it becomes due. Coupon rates on the 24 year, 7 month bonds range from 2.0% to 5.25% over the lives of the bonds.

As of and for its year ended June 30, 2012, the Port Commission reported the following derived from its audited financial statements:

Assets	\$110,818
Liabilities	44,711
Net assets	66,107
Operating revenues	2,784
Other expense	2,170
Operating expenses	1,825
Capital contribution	42,140
Change in net assets	\$ 40,930

Financial statements for the Port Commission may be obtained from the Memphis and Shelby County Port Commission, 1115 Riverside Blvd., Memphis, TN 38106-2504.

## Memphis and Shelby County Community Redevelopment Agency

Memphis and Shelby County Community Redevelopment Agency (CRA) is a joint operation of the City and County and is managed by a seven member board. Three members are appointed by the City Mayor with approval by the City /Council and three members are appointed by the County Mayor with the approval of the County Commission. One member is jointly approved by the City and County. The CRA's purpose is to ameliorate the slum and blight conditions within the City of Memphis and unincorporated areas of Shelby County. Efforts thus far have been to utilize tax increment financing to redevelop the Uptown and Highland Row areas of Memphis. As of and for its year ended June 30, 2009 (its most recent financial statements), the CRA reported the following from its audited financial statements:

Assets	\$12,160
Liabilities	14,066
Net assets	(1,906)
Operating revenues	4, 899
Operating expenses	598
Other expense	218
Change in net assets	\$ 4,083

Financial Statements for the CRA may be obtained from the City of Memphis Division of Planning and Development, 125 N. Main, suite 468, Memphis, TN 38103.

## New Memphis Arena Public Building Authority of Memphis and Shelby County, Tennessee

In August 2001, the City and the County entered into a joint operation creating a nonprofit corporation, The New Memphis Arena Public Building Authority of Memphis and Shelby County, Tennessee (The New Arena PBA). The New Arena PBA is a non-profit corporation established under the Statutes of the State of Tennessee and is governed by a Board of Directors whose members are jointly appointed by the Mayors of Memphis and Shelby County and approved by the Memphis City Council and the Shelby County Commission. The New Arena PBA was responsible for the construction of a multipurpose sports and entertainment facility (FedEx Forum). The total construction cost of \$250,000 was funded from \$186,000 from Senior Lien Revenue Bonds, \$20,000 from Subordinate Lien Revenue Bonds, \$12,000 each by the City and the County from non-ad valorem revenues, and \$20,000 from the State of Tennessee for a parking structure.

The New Arena PBA did not have any financial activity for the current fiscal year and only has ownership rights to the FedEx Forum as assets. The Tennessee Comptroller of the Treasury has granted an exemption from an annual audit. As such, no audited financial statements are presented.

## Sports Authority of Memphis and Shelby County Incorporated

The Sports Authority of Memphis and Shelby County Incorporated (the Sports Authority) is a nonprofit corporation established jointly by the City and County under the provisions of the Sports Authority Act of 1993 (State of Tennessee). The purpose of the Sports Authority is to review and/or act upon issues dealing with sports entities, teams, stadiums, arenas, and other matters related to the improvement of sports related activities. Board members (eleven) are appointed by the City and the County Mayors, with approval by the City Council and County Commission, for six year terms. The Sports Authority has issued bonds in connection with the financing of a multipurpose sports and entertainment facility (FedEx Forum). The bonds are payable from city and county hotel/motel taxes, MLGW in lieu of tax payments, seat license fees, car rental taxes, and certain taxes generated by the Memphis Grizzlies.

As of and for its year ended June 30, 2012, the Sports Authority reported the following derived from its audited financial statements:

Assets	\$58,102
Liabilities	210,962
Net assets	(152,860)
Total revenues	19,290
Total expenses	13,470
Change in net assets	\$ 5,820

Financial statements for the Sports Authority may be obtained from the Sports Authority of Memphis and Shelby County, 1365 Germantown Road South, Germantown, TN 38138.

## **E.** Other postemployment benefits

The City accounts for other postemployment benefits in accordance with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. GASB Statement No. 45 establishes standards for the measurement, recognition, and display of other postemployment benefits (OPEB) expenses/expenditures and related liabilities (assets), note disclosures, and required supplementary information. This Statement requires recognition of the cost of other postemployment benefits during the periods when employees render their services and disclosure about actuarially accrued liabilities related to past services and the status and progress of funding the benefits. The requirements of GASB statement No. 45 were implemented prospectively beginning July 1, 2007.

As a result of the adoption of GASB Statement No. 45, the City established a new OPEB trust fund for the exclusive benefit of the City's eligible retired employees and their dependents to fund the postemployment benefits provided through the health and welfare benefit plan. Amounts contributed to the OPEB Trust by the City are held in trust and are irrevocable and are for the sole and exclusive purpose of funding for health and welfare benefits of the eligible participants, and the cost of operating and administering the Trust.

## City of Memphis Other Post Employment Benefits (OPEB) Plan

*Plan Description.* The City's OPEB plan provides medical and life insurance benefits to eligible retired City of Memphis General, Police, Fire and Airport Authority employees and their dependents based on firmly-established past practices. The primary benefit for eligible retirees is postretirement medical coverage through either a Preferred Provider Organization (PPO/Basic) or a Point of Service Plan (POS/Premier). Of premiums paid for retiree health and medical benefits and life insurance, 70 percent is paid by the General Fund (with the remaining 30 percent paid by the retirees) and is recognized as an expenditure, which totaled \$26,249 for 2012. At June 30, 2012, the number of retirees eligible for health and medical benefits is 3,817. The City also provides two life insurance benefits: the first is a self-insured death benefit and the second is a continuation of active life insurance. The authority to conduct the general operation and administration of the single employer plan is vested with the City. Separate financial statements for the plan are not issued.

**Summary of Accounting Policies** – The financial statements of the OPEB plan are prepared using the accrual basis of accounting.

**Funding Policy** – The contribution requirements of the plan members and the City are established and may be amended by the City. OPEB eligible members receiving benefits contribute \$152.27 to \$172.23 per month for retiree-only coverage and \$319.44 to \$341.57 per month for retiree and family coverage depending on the medical plan coverage selected. The City pays for medical costs in excess of required retiree premiums and may elect through adoption of the City's annual budget ordinance to contribute an amount in excess of the total annual benefit payments to a qualified trust for the purpose of funding future OPEB benefits. In fiscal year 2009, the City adopted and established an OPEB Trust for the exclusive purpose of pre-funding and providing for payment of OPEB benefits under the plan. The City's receipt of Medicare Part D prescription drug subsidies is included in operating income.

**Funded Status and Funding Progress** – The funded status of the plan as of July 1, 2012, was as follows:

Actuarial Valuation <u>Date</u>	Actuarial Value of <u>Assets</u> (a)	Actuarial Liability <u>(AL)</u> (b)	Unfunded/ (Overfunded) AL ( <u>UAL)</u> (c) = (b) - (a)	Funded <u>Ratio</u> (a) / (b)	Covered <u>Pavroll</u> (d)	UAAL as a Percentage of Covered <u>Pavroll</u> * (c) / (d)
7/1/2010	\$2,566	\$1,167,930	\$1,165,364	0.2%	\$313,285	372.0%
7/1/2011	\$10,297	\$1,345,355	\$1,335,058	0.8%	\$337,200	395.9%
7/1/2012	\$12,524	\$1,267,515	\$1,254,991	1.0%	\$352,184	356.3%

\* Covered payroll includes all active plan participants.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the Notes to the Financial Statements (Exhibit F-10), presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of the sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2011 actuarial valuation, the Entry Age Normal Actuarial Cost Method was used. The actuarial assumptions included a 5.5 percent investment rate of return (net of administrative expenses) and an annual pre-Medicare health care cost trend rate of 8.99% percent initially, reduced by decrements to an ultimate rate of 4.5 percent in fiscal year 2027 and after. The actuarial annual post-Medicare health care cost trend rate is 9.31% and is to be reduced by decrements to an ultimate rate of 4.5% in fiscal year 2027 and after. All rates assume a 5.0 percent salary scale. The City's OPEB unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2012, was 30 years.

Listed below is a summary of significant changes that occurred between the July 1, 2010 and July 1, 2011 actuarial valuations:

- The discount rate (investment rate of return) assumption was changed from 5.2% to 5.5%. This is a blended rate reflecting assets expected to be used and is based upon the spread between the ARC and the annual "pay as you go" amount. For the 2011 valuation year, the City of Memphis contributed the "pay as you go" amount, an additional contribution to the fund beyond plan expenses, ERRP revenue, and Medicare Part D reimbursements.
- The mortality assumption for healthy participants for General employees changed from the RP-2000 Combined Mortality Table (without projection) for males and females to the Fully Generational RP-2000 Combined Mortality Table for males and females. The same is true for Police & Fire employees, using the Blue Collar adjustment.
- City of Memphis employees hired prior to April 1, 1986 were not required to participate in the Medicare Insurance Program. During the last valuation year, the City offered these employees an opportunity to participate in the Medicare Insurance Program via a "Medicare Buy-back" program in which the City paid \$1.8 million for six years of Medicare insurance premiums and employees purchased the remaining four years of Medicare insurance premiums.

**Schedule of Employer Contributions** – The schedule of employer contributions for the four years ended June 30, 2012 is as follows:

Year Ended	<b>Annual Required</b>	Actual	Percentage
June 30	Contributions	Contributions	Contributed
2009	\$ 66,273	\$ 38,159 <sup>1</sup>	57.6%
2010	\$ 80,477	\$ 35,674 <sup>2</sup>	44.3%
2011	\$ 95,376	\$ 36,089 <sup>3</sup>	37.8%
2012	\$ 86,304	\$ 35,813 <sup>4</sup>	41.5%

<sup>1</sup> Includes a \$6,000 contribution in excess of the net employer benefit payments

<sup>2</sup> Includes a \$1,000 contribution in excess of the net employer benefit payments

<sup>3</sup> Includes a \$3,541 contribution in excess of the net employer benefit payments

<sup>4</sup> Includes a \$5,825 contribution in excess of the net employer benefit payments and does not include additional sources of funding that the City received from ERRP revenue of \$3,671 and Medicare Part D reimbursements of \$2,012.

Annual OPEB Cost and Net OPEB Obligation – For fiscal year 2012, the City contributed 40.2 percent or \$35,813 of its annual OPEB cost of \$88,984. The annual OPEB cost consisted of the following:

Annual Required Contribution (ARC)	\$ 86,304
Interest on beginning of year accrual	8,493
Amortization of beginning of year accrual	(5,510)
Interest on the amortization	(303)
Annual OPEB cost (AOC)	\$ 88,984
Contributions made	(35,813)
Change in net OPEB Obligation	53,171
Net OPEB Obligation – beginning of year	154,418
Net OPEB Obligation – end of year	<u>\$207,589</u>

Three-year trend information is as follows:

Year Ended	<b>Annual OPEB</b>	Percentage of AOC	Net OPEB
<u>June 30</u>	Cost	<b>Contributed</b>	<u>Obligation</u>
2010	\$81,222	43.9%	\$93,678
2011	96,870	37.3	154,418
2012	88,984	40.2	207,589

## Memphis Light, Gas and Water Division Other Post Employment Benefits Trust Fund

Memphis Light, Gas and Water Division, by resolution of its Board of Commissioners, has established, adopted, and maintains a medical benefits (health and welfare) plan for its retired employees and their eligible dependents. The MLGW Plan is a single-employer defined benefit healthcare plan administered by MLGW. MLGW issues a separate audited financial report for the OPEB Trust that includes financial statements and required supplementary information. That report may be obtained by writing to: Manager, General Accounting, P.O. Box 430, Memphis, Tennessee 38101-0430.

The Plan provides post-employment health care, prescription drugs, life insurance and accident/death and dismemberment (AD&D) to retirees. Eligible dependents are provided life insurance, health care and prescription drugs. Benefits are payable to a retiree and his/her spouse for their lifetime. Qualified dependents will continue to receive benefits as long as they are qualified under the MLGW Plan. Dental, dependent life insurance, cancer, accident and long-term care benefits are available but are 100 percent paid by the retiree.

Employees retired under the MLGW Retirement and Pension Plan, or disabled with five years of service at any age, or disabled in the line of duty at any age with no years of service restriction, are eligible for OPEB benefits. Health care benefits are also offered to qualifying survivors of deceased retired members and deceased active employees who were eligible to retire at the time of death. Currently, 4,182 retirees and beneficiaries are receiving post-employment benefits.

Net assets - end of year	\$	181,240

## **Funding Policy**

The contribution requirements of plan members and MLGW are established and may be amended by the MLGW Board of Commissioners. Contribution rates for retired plan members and beneficiaries currently receiving benefits are periodically reset and are currently at 25 percent of costs for medical and drug benefits. For life insurance and AD&D, retirees contribute 40 percent of the cost.

The Board of Commissioners has set the employer contribution rate based on the annual required contribution ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs for each year and amortize any unfunded actuarial liabilities of the plan over a period not to exceed thirty years. For fiscal year 2011, employer contributions were

\$43,554 to the Plan. Plan members receiving benefits contributed \$5,718 through their required contributions of \$62.70 to \$566.18 (dollars) per month, depending on the coverage (retiree only, retiree and spouse, or family) and the health plan selected.

## Annual OPEB Cost and Net OPEB Obligation

An actuarial valuation of MLGW's post-employment welfare benefit program was performed for the Plan as of December 31, 2009. During 2012, an updated actuarial valuation was performed. The actuarial valuation of MLGW's post-employment welfare benefit program as of December 31, 2009, was updated based on the revised valuation. MLGW's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC). The following table presents the OPEB cost for the year, the amount contributed to the Plan, and changes in the net OPEB obligation for fiscal year 2011:

Annual Required Contribution (ARC)	\$ 44,666
Interest on net OPEB obligation	(174)
Adjustment to ARC	<u>138</u>
Annual OPEB cost	44,630
Contributions made	<u>(43,554</u> )
Change in net OPEB asset	1,076
Net OPEB asset – beginning of fiscal year	(2,325)
Net OPEB asset – end of fiscal year	<u>\$ (1,249)</u>

MLGW's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for fiscal years 2011, 2010 and 2009 were as follows:

Fiscal Year Ended	Annual <u>OPEB Cost</u>	Employer <u>Contributions</u>	Percentage of Annual OPEB Cost Contributed	Net OPEB <u>Obligation (Asset)</u>
December 31, 2011	\$44,630	\$43,554	97.5%	\$ (1,249)
December 31, 2010	43,651	43,476	99.6%	(2,325)
December 31, 2009	55,340	55,688	100.6%	(2,500)

## Funded Status and Funding Progress spreadsheet

Actuarial Valuation <u>Date</u> *	Actuarial Value of <u>Assets</u> (a)	Actuarial Accrued Liability <u>(AAL)</u> (b)	Unfunded/ (Overfunded) AAL (UAAL) (c) = (b) - (a)	Funded <u>Ratio</u> (a) / (b)	Covered <u>Payroll</u> (d)	UAAL as a Percentage of Covered <u>Payroll</u> (c) / (d)
December 31, 2009	\$ 125,234	\$ 591,528	\$ 466,294	21.2%	\$ 153,117	304.5%
December 31, 2007 ***	\$ 15,097	\$ 674,002	\$ 658,905	2.2%	\$ 144,756	455.2%
December 31, 2006 **	\$ 0	\$ 743,484	\$ 743,484	0.0%	\$ 148,219 ***	501.6%

\* The actuarial valuation is done biennially. The next actuarial valuation will be performed with the reporting date of December 31, 2011.

\*\* Projected from 12/31/05 valuation

\*\*\* Projected from 2006 payroll

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Actuarially determined amounts are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future. The above schedule of funding progress, as presented as "required supplementary information" following the notes to MLGW's OPEB Trust's financial statements, provides additional multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

## **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of the sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of calculations. Actuarial methods and significant assumptions were as follows:

Valuation Date Actuarial Cost Method Amortization Method Remaining Amortization Period Asset Valuation Method Actuarial Assumptions: Investment Rate of Return (discount rate) Inflation Rate Projected Salary Increases

Medical Cost Trend Rate for PPO, POS and HMO (starting 1/1/2010) Medical Cost Trend Rate for POS and HMO Drug Cost Trend Rate December 31, 2009 Entry Age Normal Level percent of pay, 30 years 27 years as of December 31, 2009 Market Value

7.50% 3.25% Ultimately 7.60% at age 24 graded to 3.25% at age 60 and older

9.25% graded to 5.00% over 9 years 9.00% graded to 5.00% over 8 years 8.50% graded to 5.00% over 7 years

Net assets - end of year	\$ 1,902,812

**Plan Description -** The City Retirement System pension trust fund accounts for the activity of the City of Memphis Retirement System and is a single employer public employee retirement system. Substantially all permanent full-time salaried employees of the City (excluding component units) are required to participate in either of two contributory defined benefit pension plans (the Plans) which are as follows: 1948 Plan - for salaried employees hired prior to July 1, 1978, and 1978 Plan - for salaried employees hired after June 30, 1978. Under City Ordinances, trust assets are reported in one trust fund and not segregated between the two benefit plans. Permanent, full-time employees in job classifications covered by contract with the Social Security Administration are not participants of the Retirement System as they are covered under the Federal Insurance Contribution Act (Social Security).

At June 30, 2012, the Retirement System membership consisted of:

Retirees and beneficiaries currently receiving benefits and Terminated employees entitled to	
benefits but not yet receiving them	4,913
Active employees:	
Fully vested	3,185
Non-vested	<u>2,908</u>
Total	<u>11,006</u>

The Plans provide retirement benefits as well as death and disability benefits. Retirement benefits vest after ten years of service. General Employees in the 1948 Plan must contribute 5% of compensation. Under the 1948 Plan, General Employees may retire after completion of 25 years of service or, if earlier, after age 60 and the completion of 10 years of service. General Employees in the 1978 Plan must contribute 8% of compensation. Under the 1978 Plan, General Employees may retire after completion of 25 years of service or, if earlier, after meeting any of the following:

- 1) after age 65 and the completion of 5 years of service,
- 2) after age 60 and the completion of 10 years of service.

Fire and Police Employee contributions range from 5% to 8%, depending on the plan and date of hire. Police officers and firefighters under the 1948 Plan and the 1978 Plan may retire after completion of 25 years of service or, if earlier, after age 55 and the completion of 10 years of service. Elected and Appointed participants hired prior to November 1, 2004 may retire after 12 years of service.

Benefits amounting to 2.25 percent (for credited service prior to January 1, 1990) and 2.50 percent (for credited service January 1, 1990 and after) of the earnings base for the first 25 years of credited service plus 1 percent of the earnings base for the next 10 years of credited service are payable semi-monthly for life.

**Summary of Accounting Policies -** The financial statements of the Plans are prepared using the accrual basis of accounting. Contributions, benefits, and refunds are recognized when due and payable in accordance with the terms of the plans.

**Method Used to Value Investments -** All investments of the City of Memphis Retirement System are reported at fair value. Short-term investments are reported at cost, which approximates fair value. All other investments are valued based upon quoted market prices except for real estate investments, which are appraised by independent appraisals. The City of Memphis Retirement System had no individual investments in excess of 5 percent of plan net assets.

**Contributions -** The Plans' funding policy provided for actuarially determined periodic contributions at rates of 5 percent per annum for general city employees and up to 7 percent for police and fire employees. The City is required to contribute the remaining amounts necessary to fund the Plans, using the actuarial basis specified by statute. The City is also required to appropriate funds for the trust fund as necessary to pay all costs and expenses of the Plans.

The employer contribution is 6% of compensation, as determined by the Pension Ordinance. Any difference in the actual employer contribution and the actuarially determined annual required contribution affects the unfunded liability, which is amortized over future years.

For its year ended June 30, 2012, the City of Memphis Retirement System reported total employer and plan member contributions of \$20,107 and \$23,723, respectively. Benefits paid to plan members totaled \$144,470.

Actuarial Methods and Assumptions – The City obtains annually an actuarial valuation of the Retirement System for the purpose of calculating the necessary information for accounting and reporting requirements in accordance with Governmental Accounting Standards. The actuarial asset valuation method is the Entry Age Normal Actuarial Cost Method with level-dollar open amortization of the unfunded accrued liability. The amortization period is 30 years. The method divides the cost of funding into two parts; normal cost and actuarial accrued liability. Significant actuarial assumptions include: (a) a rate of return on the investment of present and future assets of 7.5 percent a year compounded annually; (b) projected salary increases for seniority or merit; and (d) no post-retirement benefit increases.

**Schedule of Funding Progress -** The normal cost method is the level annual payment that would be required to fund the pension if paid from the date each employee was hired to the date of his retirement. Actuarial accrued liability is the amount of assets that would have been accumulated had the plan been established on the date the employee with the longest period of service was hired. If the actuarial accrued liability were fully funded, the total annual cost would be the normal cost. The schedule of funding progress for the six years ended June 30, 2012 is as follows:

Actuarial Valuation <u>Date</u>	Actuarial Value of <u>Assets</u> (a)	Actuarial Liability (AL) <u>Entry Age</u> (b)	Unfunded Actuarial Liability <u>(UAL)</u> (c) = (b) - (a)	Funded <u>Ratio</u> (a) / (b)	Covered <u>Pavroll</u> (d)	UAL as a Percentage of Covered <u>Pavroll</u> (c) / (d)
7/1/2007 *	\$2,121,919	\$2,063,051	\$0	102.9%	\$264,966	0.0%
7/1/2008	\$2,184,255	\$2,090,088	\$0	104.5%	\$281,040	0.0%
7/1/2009	\$1,773,457	\$2,222,984	\$449,527	79.8%	\$296,134	151.8%
7/1/2010	\$1,805,071	\$2,336,075	\$531,004	77.3%	\$308,889	171.9%
7/1/2011	\$1,838,424	\$2,447,974	\$609,550	75.1%	\$316,434	192.6%
7/1/2012	\$1,867,934	\$2,509,930	\$641,996	74.4%	\$298,250	215.3%

\* Starting with the July 1, 2007, valuation, the actuarial liability is provided under the Entry Age Normal Cost Method in order to provide information that serves as a surrogate of the funding progress of the Plan.

**Schedule of Employer Contributions -** The schedule of employer contributions for the six years ended June 30, 2012 is as follows:

Year Ended	Annual Required	Percentage
<u>June 30</u>	<u>Contribution</u>	<u>Contributed</u>
2007	\$22,674	61.9%
2008	24,072	60.6
2009	21,208	76.3
2010	71,447	24.4
2011	80,021	25.2
2012	89,006	22.6

Annual Pension Cost and Net Pension Asset – The City Retirement System's annual pension cost and net pension asset for the year ended June 30, 2012 were as follows:

Annual required contribution	\$ 89,006
Interest on net pension obligation	5,546
Adjustment to annual required contribution	(6,261)
Annual pension cost	88,291
Contribution made	(20,108)
Increase in net pension obligation	68,183
Net pension obligation at beginning of year	73,942
Net pension obligation at end of year	\$142,125

Three-year trend information is as follows:

Year Ended	Annual Pension	Percentage of APC	<b>Net Pension</b>
<u>June 30</u>	Cost (APC)	<b>Contributed</b>	<b>Obligation</b>
2010	\$71,836	24.2%	\$14,191
2011	79,883	25.2	73,942
2012	88,291	22.8	142,125

#### Library Retirement System

**General -** The Retirement System of the Memphis and Shelby County Public Library and Information System is established under Chapter 18, Code of Ordinances, City of Memphis, Tennessee and is administered by a Board of Administration under the direction of the Library Board of Trustees and City Council. Separate financial statements for the plan are not issued.

As of and for its year ended June 30, 2012, the Library Retirement System reported the following net assets:

#### ASSETS

Cash and cash equivalents	\$	15
Investments, at fair value:		
Common stock - domestic		29,449
Mutual funds and money market funds		42
Investment in index funds		19,525
Investment in international equity fund		6,873
Total investments		55,889
Receivable for securities sold		156
Total assets		56,060
LIABILITIES		
Due to other funds		291
Total liabilities		291
NET ASSETS		

Held in trust for pension benefits	\$ 55,769

As of and for its year ended June 30, 2012, the Library Retirement System reported the following changes in net assets:

ADDITIONS	
Contributions:	
Employer	\$ 202
Plan members	202
Total contributions	404
Investment income:	
Other investment income	146
Net appreciation in the	
fair value of investments	 318
Total investment income	 464
Total Additions	 868
DEDUCTIONS	
Benefits	3,123
Administrative expenses	 115
Total Deductions	 3,238
Net decrease	(2,370)
Net assets - beginning of year	 58,139
Net assets - end of year	\$ 55,769

**Plan Description -** The Library Retirement System pension trust fund accounts for the activity of the Library Retirement System, a single employer public employee retirement system. Substantially all regular full-time and permanent part-time employees of the Library are required to participate in either of two contributory defined benefit pension plans. All assets of the Library Retirement System are available for the payment of Pension benefits to either Plan I or Plan II. The Plans are described as follows:

- Plan I for all employees hired prior to April 1, 1975, and employees hired after March 31, 1975, who do not join Plan II, and
- Plan II for employees hired after March 31, 1975, who applied for membership in Plan II as a condition of employment.

Hourly-rate employees are not eligible for coverage under the above Library Plans since they are covered under the Federal Insurance Contribution Act (Social Security).

At January 1, 2012, the Library Retirement System membership consisted of:

Retirees and beneficiaries currently receiving benefits and Terminated employees entitled to benefits but not yet receiving them	149
Active employees: Vested Nonvested	154 <u>25</u>
Total	<u>328</u>

The Library Plans provide retirement benefits as well as death and disability benefits. Retirement benefits, under Plan I, vest after 15 years of service, with partial vesting occurring after 5 years of service. Under Plan II, retirement benefits vest after 10 years of service. Under Plan I, employees may retire under any of the following criteria:

- (a) Completion of 30 years of service;
- (b) Completion of 25 years of service and attainment of age 55; or,
- (c) Completion of 10 years of service and attainment of age 60.

Under Plan II, employees may retire under any of the following criteria:

- (a) Completion of 30 years of service and attainment of age 60;
- (b) Completion of 25 years of service and attainment of age 62; or,
- (c) Completion of 5 years of service and attainment of age 65.

Also under Plan II, employees may retire with reduced benefits after completion of 25 years of service and attainment of age 55. Upon retirement, the normal payment form for retirees is a monthly benefit for life for non-married participants or a monthly benefit for life with 75 percent of the benefit payable to the surviving spouse following the death of a married participant. Optionally, participants may elect to receive their benefits in any other form available under the Plan(s).

Under both Library Plans effective for retirements after June 30, 1992, monthly benefits are calculated as 2.5 percent of the average compensation multiplied by years of credited service not in excess of 25, plus 1 percent of average compensation for the next 10 years. Average compensation, as defined by Plan I, is the greater of the average monthly compensation for the three consecutive years of service during which compensation was the highest or average monthly compensation for the twelve months preceding the date of retirement. Average compensation, as defined by Plan II, is the average monthly compensation for the three consecutive years of service during which compensation was the highest.

**Summary of Accounting Policies -** The financial statements of the Library Plans are prepared using the accrual basis of accounting. Contributions and benefits are recognized when due and payable in accordance with the terms of the Library Plans.

**Method Used to Value Investments -** All investments of the Library Retirement System are reported at fair value. Shortterm investments are reported at cost, which approximates fair value. All other investments are valued based upon quoted market prices. The Library Retirement System has no investments in any one organization, which represent more than 5 percent of plan net assets. **Contributions -** The Library Plans' funding policy provides for periodic contributions at rates of 3 percent per annum for employees.

Actuarial Methods and Assumptions - The actuarial asset valuation method is the Aggregate Entry Age Normal Actuarial Cost Method with a closed amortization period of 27 years (based on 30 years as of June 30, 2007). The method divides the cost of funding into two parts – normal cost and actuarial accrued liability. Significant actuarial assumptions include: (a) a rate of return on the investment of present and future assets of 7.5 percent a year compounded annually; (b) projected salary increases of 3.5 percent a year compounded annually, attributable to inflation; and (c) post-retirement benefit increases of 3 percent a year.

The mortality assumption for healthy participants changed from the RP-2000 Combined Mortality Table projected to 2011 for males and females to the Fully Generational RP-2000 Combined Mortality Table for males and females. In addition, potential sick leave accrual an additional 0.05 years of creditable service time was assumed for every year of credited service.

**Schedule of Funding Progress** – The normal cost method is the level annual payment that would be required to fund the pension if paid from the date each employee was hired to the date of his retirement. Actuarial liability is the amount of assets that would have been accumulated had the plan been established on the date the employee with the longest period of service was hired. If the actuarial liability were fully funded, the total annual cost would be the normal cost. The schedule of funding progress for the six years ended January 1, 2012 is as follows:

(in thousands of dollars)						
Actuarial Valuation <u>Date</u> *	Actuarial Value of <u>Assets</u> (a)	Actuarial Liability (AL) <u>Entry Age</u> (b)	Unfunded Actuarial Liability <u>(UAL)</u> (c) = (b) - (a)	Funded <u>Ratio</u> (a) / (b)	Covered <u>Payroll</u> (d)	UAL as a Percentage of Covered <u>Payroll</u> (c) / (d)
1/1/06	61,017	54,855		111.0%	10,190	0.0%
1/1/07	66,572	59,007	0	113.0%	9,230	0.0%
1/1/08	69,025	62,704	0	110.0%	8,768	0.0%
1/1/09	49,765	61,049	11,284	82.0%	7,648	148.0%
1/1/11	57,907	64,638	6,731	89.6%	6,832	98.5%
1/1/12	54,598	67,051	12,453	86.4%	6,088	204.5%

\* January 1, 2010, participant counts are not available.

**Schedule of Employer Contributions -** The schedule of employer contributions for the six years ended June 30, 2012, is as follows:

Year Ended	<b>Annual Required</b>	Percentage
<u>June 30</u>	<b>Contribution</b>	<u>Contributed</u>
2006	0	N/A
2007	0	N/A
2008	0	N/A
2009	0	N/A
2010	0	N/A
2011	1,332	17.1
2012	1,027	19.9

Annual Pension Cost and Net Pension Asset – The Library Retirement System's annual pension cost and net pension asset for the year ended June 30, 2012, were as follows:

Annual required contribution	\$ 1,027
Interest on net pension asset	(105)
Adjustment to annual required contribution	126
Annual pension cost	1,048
Contribution made	(205)
Increase in net pension obligation	843
Net pension asset at beginning of year	_(1,404)
Net pension asset at end of year	<u>\$ (561)</u>

Three-year trend information is as follows:

Year Ended	<b>Annual Pension</b>	Percentage of APC	<b>Net Pension</b>
<u>June 30</u>	Cost (APC)	<b>Contributed</b>	Asset
2010	\$ 18	1,261.1%	\$(2,543)
2011	1,366	16.6	(1,404)
2012	1,048	19.6	(561)

#### MLGW Retirement System

**General** - The MLGW Retirement System is established under a resolution by the Board of Commissioners of MLGW and is administered by the MLGW Pension Board under the direction of the Board of Commissioners. Separate financial statements for the MLGW Retirement System and the MLGW Retiree Medical and Life Insurance Benefits are issued as of and for its year-end December 31, and can be obtained by writing to the MLGW Manager of Risk Management & Employee Benefits, P.O. Box 430, Memphis, Tennessee 38101.

**Plan Description -** The MLGW Retirement System pension trust fund accounts for the activity of the MLGW Retirement System, a single-employer public employee retirement system. Prior to 1988, the retirement system included two contributory defined benefit plans (the "1948 Plan" and the "1978 Plan"). The 1948 Plan and the 1978 Plan were amended and superseded as of July 1, 1988. All employees who were members of the 1948 Plan and the 1978 Plan automatically became members of the amended, restated and consolidated MLGW Retirement and Pension System. The MLGW Pension Plan was amended and restated effective January 1, 2009. Participants in the 1948 Plan (which includes those employees hired before July 1, 1978) are entitled to the greater of their retirement benefit determined under the 1948 Plan or their retirement benefit under the MLGW Pension Plan.

At December 31, 2011, the MLGW Retirement System membership consisted of:

Retirees and beneficiaries currently receiving benefits and Terminated employees entitled	
to benefits but not yet receiving them	2,567
Active employees	2,584
Total	5,151

The MLGW Pension Plan provides retirement, disability and death benefits to participants and their beneficiaries. The MLGW Pension Plan also provides for cost of living adjustments beginning at the age of 56 for retired members and surviving spouses, and at any age for disabled members on a graded scale up to 5 percent per annum based on the National Consumer Price Index.

**Summary of Accounting Policies -** The financial statements of the MLGW Retirement System are prepared using the accrual basis of accounting. Contributions and benefits are recognized when due and payable in accordance with the terms of the MLGW Retirement System.

**Method Used to Value Investments -** All investments of the MLGW Retirement System are reported at fair value. Short term investments are reported at cost, which approximates fair value. All other investments are valued based upon quoted market values except for real estate investments, which are appraised by independent appraisals, and certain limited partnership investments. The MLGW Retirement System has no investments in any one organization, which represent more than 5 percent of Plan net assets.

**Contributions** - All members under the MLGW Retirement System are required to contribute 8.0 percent of the benefit compensation to the MLGW Retirement System. As of December 31, 2011, MLGW's current required contribution is 19.52 percent of pensionable earnings of all active participants. Investment costs of the MLGW Retirement System are financed through investment earnings. Other administrative costs are included in the annual required contribution amount.

Actuarial Methods and Assumptions – The annual required contribution for the current year was determined as part of the January 1, 2012 actuarial valuation using the Entry Age Normal Cost Method. The information about funded status and funding progress has also been prepared using the Entry Age Normal Actuarial Cost Method.

**Schedule of Funding Progress** – As of January 1, 2012, the most recent actuarial valuation date, the MLGW Pension Plan was 84.2 percent funded. The actuarial accrued liability ("AAL") for benefits was \$1,350,812, and the actuarial value of assets was \$1,137,615, resulting in an unfunded actuarial accrued liability ("UAAL") of \$213,197. The covered payroll (annual payroll of active employees covered by the pension plan) was \$154,036, and the ratio of the UAAL to the covered payroll was 138.4 percent.

(in mousunus	5 /					
			Unfunded			
		Actuarial	Actuarial			UAAL as a
Actuarial	Actuarial	Accrued	Accrued			Percentage
Valuation	Value of	Liability	Liability	Funded	Covered	of Covered
Date	Assets	<u>(AAL)</u> *	<u>(UAAL)</u>	<u>Ratio</u>	<u>Payroll</u>	<b>Payroll</b>
	(a)	(b)	(b) - (a)	(a) / (b)	(c)	[(b) - (a)] / (c)
1/1/2010	\$1,191,027	\$1,292,791	\$101,764	92.1%	\$154,057	66.1%
1/1/2011	\$1,171,383	\$1,324,410	\$153,027	88.5%	\$153,509	99.7%
1/1/2012	\$1,137,615	\$1,350,812	\$213,197	84.2%	\$154,036	138.4%

(in thousands of dollars)

\* The aggregate actuarial cost method is used to determine the annual required contribution of the Plan. Because the method does not identify or separately amortize unfunded actuarial liabilities, information about the funded status and funding progress is prepared using the Entry Age Normal Cost Method and is intended to serve as a surrogate for the funding progress of the Plan.

Schedule of Employer Contributions -	- The schedule of employer contributions for the past six years is as follows:
--------------------------------------	--

Year Ended	<b>Annual Required</b>	Percentage		
December 31	<u>Contribution</u>	<b>Contributed</b>		
2006	\$19,512	100.6%		
2007	17,217	100.1		
2008	10,541	175.2		
2009	22,401	95.5		
2010	27,381	100.0		
2011	26,208	100.0		

**Annual Pension Cost and Net Pension Asset** – The MLGW Retirement System's annual pension cost and net pension asset for the year ended December 31, 2011, were as follows:

Annual required contribution	\$ 26,208
Interest on net pension asset	(1,206)
Adjustment to annual required contribution	942
Annual pension cost	25,944
Contribution made	(26,213)
Increase in net pension asset	(269)
Net pension asset at beginning of year	(16,079)
Net pension asset at end of year	<u>\$ (16,348)</u>

Three-year trend information is as follows:

Year Ended	Annual Pension	Percentage of APC	<b>Net Pension</b>
December 31	Cost (APC)	Contributed	<b>Obligation</b> (Asset)
2009	\$ 22,984	93.1%	\$ (16,641)
2010	27,947	98.0	(16,079)
2011	25,944	101.0	(16,348)

#### G. Component units

As discussed in Note 1, BOE, MATA, and MSCAA are included as discretely presented component units of the City's financial statements. Essential disclosures related to the above discretely presented component units are included in the complete financial statements of each of the individual component units. See Note 1(A). Condensed financial statement information for these discretely presented component units is shown below:

		GOVERNMENTAL TYPE BOE	PR MATA	OPRIETARY TY MSCAA	PE TOTAL	Z00	COMPONENT UNITS TOTAL

#### T E N N E S S E E

#### **COMBINING NONMAJOR FUNDS**

#### SPECIAL REVENUE

**Community Development** – This fund is used to account for the Community Development Block Grant and other related grants. Funds are restricted to uses approved under Federal guidelines.

**Drug Enforcement Fund** – The Drug Enforcement Fund accounts for confiscated funds that are restricted to the provision of drug enforcement activities.

**State Street Aid** – The State Street Aid Fund accounts for proceeds of the local share of the tax on motor fuel that are restricted to use only on street and road construction and maintenance.

**WIA** – The Workforce Investment Act (WIA) Fund accounts for funds received from the Federal Department of Labor for use in training of qualified individuals.

**Miscellaneous Grants** - The Miscellaneous Grants Fund accounts for several unrelated federal and state grants.

**Midtown Corridor** – The Midtown Corridor Fund accounts for the revenues and expenditures related to the sale of undeveloped residential lots located within the Midtown Corridor West Redevelopment Plan.

**Solid Waste Management** – The Solid Waste Management Fund accounts for the revenues and expenditures related to the collection and disposal of solid waste.

**Hotel / Motel Tax** – The Hotel Motel Tax Fund accounts for proceeds of the hotel/motel occupancy tax. Funds are used to repay outstanding bond indebtedness relating to the Cook Convention Center. Excesses are provided to the Memphis Convention and Visitors Bureau.

**New Memphis Arena** – The New Memphis Arena Fund accounts for the revenues and expenditures related to financing construction of a sports and basketball arena, FedEx Forum.

**MLK Park Improvements** – The MLK Fund accounts for funds received from the lease of land within the Dr. Martin Luther King, Jr. (MLK) Park and restricted for its improvements.

**Metro Alarm** – The Metro Alarm Fund accounts for the financial resources enforcing an ordinance to encourage proper alarm use and to reduce false alarm calls.

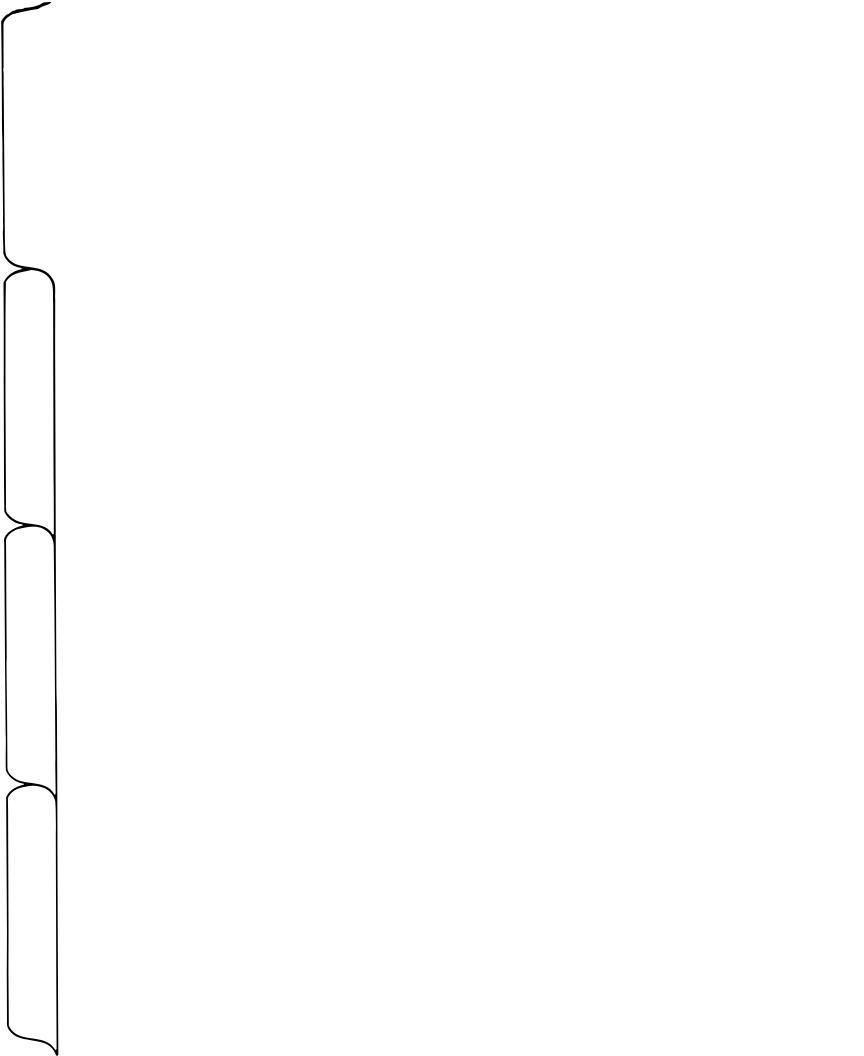

**Community Services** – The Community Services Fund accounts for restricted funds received from various agencies and individuals.

**Central Business Improvement District** – The Central Business Improvement District Fund accounts for the special assessments distributed to the Center City Commission.

**Community Redevelopment Fund** – The Community Redevelopment Fund accounts for the use of tax increment financing for improvements in the Uptown Area.

**Education Fund** – The Education Fund accounts for property taxes collected by the City and distributed to the City of Memphis Board of Education.

### COMBINING AND INDIVIIDUAL FUND STATEMENTS AND SCHEDULES

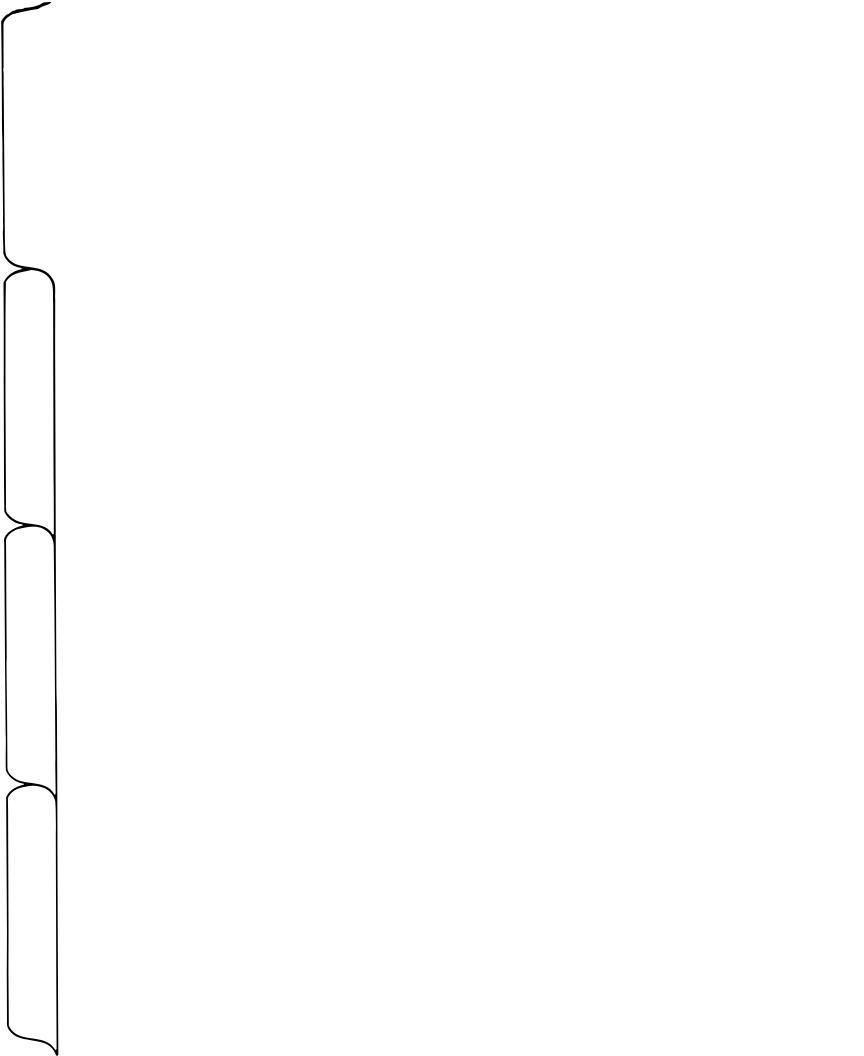

## **CITY OF MEMPHIS**

TENNESSEE

#### **ENTERPRISE FUNDS**

Enterprise Funds account for the acquisition, operations and maintenance of the City's facilities and services which are entirely or predominantly supported by user charges or where the City has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. All activities necessary to provide services are accounted for in these funds, including, but not limited to, administration, operations, maintenance, and debt service.

**Storm Water** – The Storm Water Fund accounts for the operations of the storm water system operated by the City.

## **CITY OF MEMPHIS**

TENNESSEE

## STATISTICAL SECTION

The statistical section provides additional historical perspective, context, and detail to assist in assessing the City's economic condition. The statistical section is presented in the following five categories:

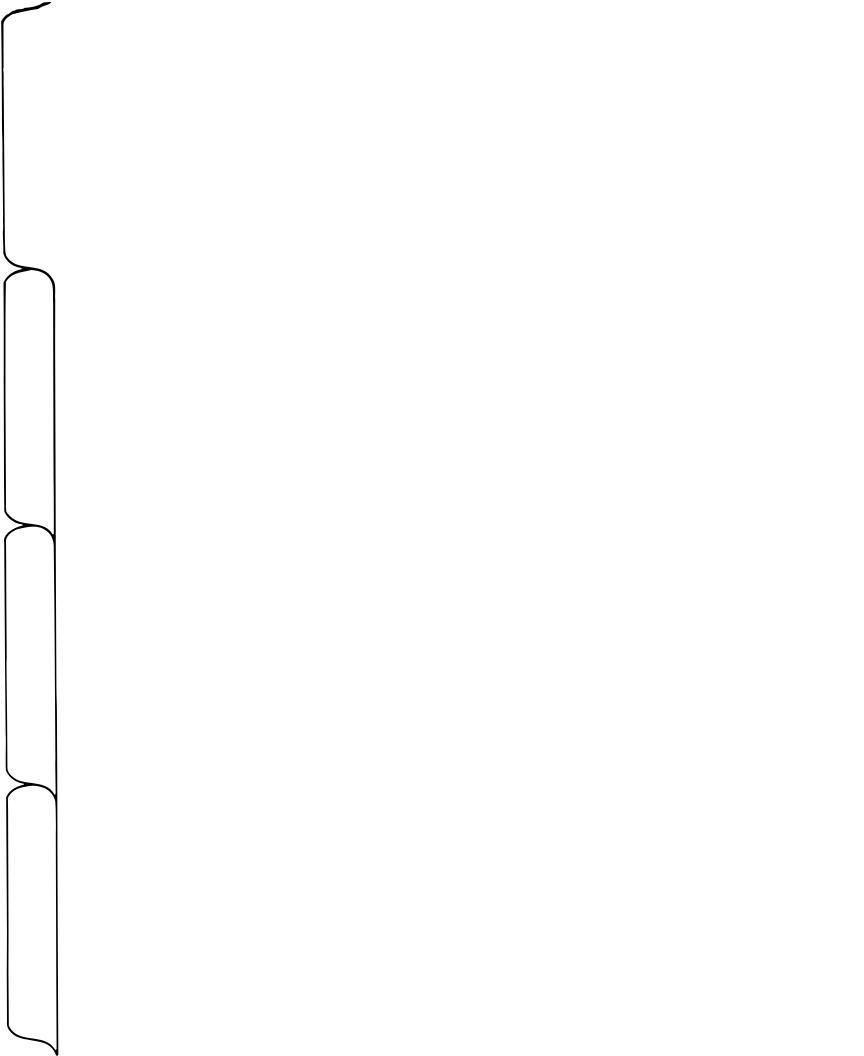

**Financial Trends Information** assists in understanding and assessing how the City's financial position has changed over time.

**Revenue Capacity Information** assists in understanding and assessing the factors affecting the City's ability to generate its own-source revenues.

**Debt Capacity Information** assists in understanding and assessing the City's debt burden and its ability to issue additional debt.

**Demographic and Economic Information** assists in understanding the City's socioeconomic and provides information that facilitates comparisons of financial statement information over time and among governments.

**Operating Information** provides contextual information about the City's operations and resources in order to assist readers in using the financial statement information in understanding and assessing the City's economic condition.

(1) Does not include City-owned utilities (Electric and Gas Divisions) which are assessed a separate in-lieu-of-tax. Beginning with fiscal year 1988, the Electric and Gas Divisions are taxed under the provisions of State Statutes. "The Municipal Electric System Tax Equivalent Law of 1987" and "The Municipal Gas System Tax Equivalent Law of 1987" inspectively. Under these laws, the annual tax equivalent is the sum of (1) The equalized tax rate applied to the net plant value and book value of materials and supplies, and (2) Four percent (4%) of the average of revenue less power cost for the preceding three (3) fiscal years. The law also provides that no payment shall be less than the amount call in Fiscal Year 1987. Net proceeds from this source go only to the City's General Fund and are not allocated by the tax rate ordinance. The City contributes a portion of the proceeds to the County based on a tax rate formula.

(2) Includes intangible personal property which is assessed at 40%.

(3) Includes multiple real estate assessed at 0.40% as well as greenbelt commercial real estate at 25%, greenbelt industrial real estate at 25% and greenbelt multiple real estate at 0.40%. For real estate, where parcel classification is multiple, the assessments will not equal the percentage multiple of the market appraisal or greenbelt.

NOTE: The special assessment fund was established in fiscal year 1979 to account for the financing of the downtown merchant's share of the cost of the Mid - America Mall, plus the yearly cost of promotional events for the Mall and downtown area. In accordance with GASB 6, the Special Assessment Fund was eliminated in 1987. In fiscal year 2010 the special assessment was fully collected and/or written off as uncollectible.

# CITY OF MEMPHIS, TENNESSEE

#### City of Memphis Notes to the Schedule of Expenditures of Federal and State Awards For the Year Ended June 30, 2012

## **NOTE 1 - Basis of Presentation**

The accompanying schedule of expenditures of federal and state awards includes the federal and state grant activity of the City of Memphis and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general-purpose financial statements.

#### NOTE 2 - Prior Year Restatement of Schedule of Expenditures of Federal and State Awards

During the year, it was determined that expenditures relating to the Motor Vehicle Inspection Station (MVIS) from the Department of Transportation passed through Tennessee Department of Transportation had not been reported on prior years Schedules Expenditures of Federal and State Awards ("SEFA") for fiscal years 2005 through 2011. The City of Memphis has assessed the impact of this item and determined that the June 30, 2011 receivable balances should be restated. The Motor Vehicle Inspection Station receivable balance increased by \$3,338,562. There were other insignificant decreases in grants receivable. Total grants receivable as of June 30, 2011 were restated from \$23,040,269 to \$26,312,566.

#### **NOTE 3 - Sub Recipients**

Of the federal expenditures presented in the schedule, the City of Memphis provided federal awards to sub-recipients as follows:

Program Title	Federal CFDA No.	Amount Provided <u>To Sub-recipients</u>	-
Community Development Block Grant Entitlement Grants	14.218	5,724,934.00	
Home Investment Partnership Program	14.239	1,746,432.00	
Housing Opportunities for Persons with Aids	14.241	1,344,952.00	
Shelter Plus Care	14.238	425,664.00	
Section 108 Loan Program	14.248	898,011.00	
Workforce Investment Act - Youth	17.259	783,185.00	
Workforce Investment Act - Adult	17.258	488,700.00	
Workforce Investment Act - Dislocated Worker	17.278	126,900.00	

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council City of Memphis, Tennessee

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Memphis (the "City"), as of and for the year ended June 30, 2012, and the budgetary comparison for the general fund for the year ended June 30, 2012, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 26, 2012. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Board of Education of the Memphis City Schools, the Memphis-Shelby County Airport Authority, and the Electric, Gas and Water Divisions of Memphis, Light, Gas and Water Division as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting and on compliance and other matters that are reported on separately by other auditors. This report also does not include the results of our testing of internal control over financial reporting and on compliance and other matters for Memphis Area Transit Authority as we reported those results separately.

# Internal Control Over Financial Reporting

Management of the City of Memphis is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the City in a separate letter dated December 26, 2012.

This report is intended solely for the information and use of the City Mayor, City Council, management, the State of Tennessee, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Banks, July, Unter 16

Memphis, Tennessee December 26, 2012

# REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A·133

To the Honorable Mayor and Members of the City Council City of Memphis, Tennessee

We have audited the compliance of the City of Memphis (the "City") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2012, The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

The City's basic financial statements include the operations of the Board of Education of the Memphis City Schools, the Memphis-Shelby County Airport Authority and the Electric, Gas and Water Divisions of Memphis, Light, Gas and Water Division which expended federal awards which are not included in the accompanying schedule of expenditures of federal awards during the year ended June 30, 2012. Our audit, described below, did not include the operations of these entities because the entities engaged other auditors to perform audits in accordance with OMB Circular A-133. The City's basic financial statements also include operations of Memphis Area Transit Authority. We performed an audit in accordance with OMB Circular A-133 for this entity. The schedule of expenditures of federal awards for the year ended June 30, 2012 does not include these operations as we reported on them separately.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2012-1 through 2012-4.

## Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on them.

The purpose of this report is solely to describe the scope of our testing of compliance with the types of compliance requirements applicable to each of the Project's major programs and our testing of internal control over compliance and the results of our testing, and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Project's compliance with requirements applicable to each major program and its internal control over compliance. Accordingly, this report is not suitable for any other purpose.

Barify, Junley, While 16. Memphis, Tennessee

## **Department of Housing and Urban Development**

#### 2012-1 Sub-recipient Monitoring

a. <u>CFDA No.: 14.239 Home Investment Partnership- Program.: M06-MC-47-0202,</u> <u>M07-MC-47-0202, M08-MC-47-0202, M10-MC-47-0202, M11-MC-47-0202; Grant</u> <u>Period: All open grants during fiscal year ended June 30, 2012.</u>

<u>Condition</u>: During our review of Sub-recipient Monitoring, we noted that the City did not ensure that two sub-recipients' audit report was received in a timely manner or performed in accordance with OMB Circular A-133.

<u>Criteria:</u> OMB Circular A-133 Compliance Supplement, the City is "responsible for ensuring that sub-recipients expending \$500,000 or more in Federal awards during the sub-recipient's fiscal year for fiscal years ending after December 31, 2003 as provided in OMB Circular A-133 have met the audit requirements of OMB Circular A-133 and that the required audits are completed within 9 months of the end of the sub-recipient's audit period.

<u>Cause of Condition:</u> The City did not properly inquire of the sub-recipients to ensure that the sub-recipients expended \$500,000 or more in Federal awards during the sub-recipient's fiscal year.

Effect of Condition: The City will not be in compliance with OMB Circular A-133 Compliance.

<u>Recommendation</u>: We recommend that the City strengthen internal administrative control procedures to ensure that sub-recipients submit audit reports within the prescribed time period and ensure that all reports are thoroughly reviewed and any deficiencies noted are communicated to the sub-recipient in a timely manner.

## Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate procedures to ensure that all aspects of sub-recipient monitoring are performed in a timely and comprehensive manner. The administrative procedures will include checklists and other methods to ensure timely completion and submission of sub-recipient audit reports, and the appropriate initiatives to resolve deficiencies through corrective actions. In addition, the sub-recipient monitoring reports will be received, reviewed and have appropriate action taken in a timely manner and be consistent with the requirements of OMB Circular A-133.

b. <u>CFDA No.: 14.218 Community Development Block Grants/Entitlement Grants</u> (CDBG) Federal Award No.: B06-MC-47-0006, B07-MC-47-0006, B08-MC-47-0006, B09-MC-47-0006, B10-MC-47-0006, and B11-MC-47-0006 Grant Period: All open grants during fiscal year ended June 30, 2012.

<u>Condition</u>: During our review of Sub-recipient Monitoring, we noted the following: there was no monitoring report available for review for two sub-recipients and the City did not ensure that three sub-recipients required a Single Audit performed.

<u>Criteria</u>: Per the OMB Circular A-133 Compliance Supplement, the City is "responsible for ensuring that sub-recipients expending \$500,000 or more in Federal awards during the sub-recipient's fiscal year for fiscal years ending after December 31, 2003 as provided in OMB Circular A-133 have met the audit requirements of OMB Circular A-133 and that the required audits are completed within 9 months of the end of the sub-recipient's audit period

<u>Cause of Condition</u>: The City did not properly inquire of the sub-recipients to ensure that the sub-recipients expended \$500,000 or more in Federal awards during the sub-recipient's fiscal year.

Effect of Condition: The City will not be in compliance with OMB Circular A-133 Compliance.

<u>Recommendation</u>: We recommend that the City strengthen internal administrative control procedures to ensure that sub-recipients submit audit reports within the prescribed time period and ensure that all reports are thoroughly reviewed and any deficiencies noted are communicated to the sub-recipient in a timely manner.

#### Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate procedures to ensure that all aspects of sub-recipient monitoring are performed in a timely and comprehensive manner. The administrative procedures will include checklists and other methods to ensure timely completion and submission of sub-recipient audit reports, and the appropriate initiatives to resolve deficiencies through corrective actions. In addition, the sub-recipient monitoring reports will be received, reviewed and have appropriate action taken in a timely manner and be consistent with the requirements of OMB Circular A-133.

c. <u>CFDA No.: 14.257: Homelessness Prevention and Rapid Re-Housing Program</u> (HPRP) Federal Award No.:S09-MY-47-0002; Grant Period: All open grants during fiscal year ended June 30, 2012.

.....

<u>Condition</u>: During our review of Sub-recipient Monitoring, we noted the following: there was no monitoring report available for review for two sub-recipients and the City did not ensure that three sub-recipients required a Single Audit performed.

<u>Criteria</u>: OMB Circular A-133 Compliance Supplement, the City is "responsible for ensuring that sub-recipients expending \$500,000 or more in Federal awards during the sub-recipient's fiscal year for fiscal years ending after December 31, 2003 as provided in OMB Circular A-133 have met the audit requirements of OMB Circular A-133 and that the required audits are completed within 9 months of the end of the sub-recipient's audit period.

<u>Cause of Condition</u>: The City did not did properly inquire of the sub-recipients to ensure that the sub-recipients expended \$500,000 or more in Federal awards during the sub-recipient's fiscal year.

<u>Effect of Condition</u>: The City will not be in compliance with OMB Circular A-133 Compliance.

<u>Recommendation</u>: We recommend that the City strengthen internal administrative control procedures to ensure that sub-recipients submit audit reports within the prescribed time period and ensure that all reports are thoroughly reviewed and any deficiencies noted are communicated to the sub-recipient in a timely manner.

#### Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate procedures to ensure that all aspects of sub-recipient monitoring are performed in a timely and comprehensive manner. The administrative procedures will include checklists and other methods to ensure timely completion and submission of sub-recipient audit reports, and the appropriate initiatives to resolve deficiencies through corrective actions. In addition, the sub-recipient monitoring reports will be received, reviewed and have appropriate action taken in a timely manner and be consistent with the requirements of OMB Circular A-133.

#### 2012-2 Reporting

a. <u>CFDA No.: 14.239 Federal Award No.: B11-MC-47-0002 Grant Period: All open</u> grants during fiscal year ended June 30, 2012.

<u>Condition</u>: During our review of the Section 3 Summary Report, we noted that the City did not prepare the appropriate report for the fiscal year.

<u>Criteria</u>: Per Section 3 of the Housing and Urban Development Act of 1968c as amended, 12 U.S.C. 1701u, the City is required to complete the form "for each grant over \$200,000 that involves housing rehabilitation, housing construction, or other public construction, and contracts and subcontracts awards in excess of \$100,000".

## Cause of Condition: Unknown

Effect of Condition: Noncompliance with Section 3 of the Housing and Urban Development Act of 1968c as amended, 12 U.S.C. 1701u.

<u>Recommendation</u>: We recommend that the City strengthen internal administrative control procedures to ensure that the Section 3 Summary Report is completed and submitted in a timely manner.

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate procedures to ensure that all aspects of sub-recipient reporting are performed in a timely manner. The administrative procedures will include checklists and other methods to ensure timely completion and submission of sub-recipient periodic and annual reports. In addition, the sub-recipient performance reports will be received, reviewed and have

# Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

appropriate corrective action taken in a timely manner and be consistent with the requirements of OMB Circular A-133.

b. <u>CFDA No.:</u> 14.218 Federal Award No.: <u>B11-MC-47-0006</u> and <u>B08-MN-47-0003</u> Grant Period: All open grants during fiscal year ended June 30, 2012.

<u>Condition</u>: During our review of the Section 3 Summary Report, we noted that the City did not prepare the appropriate report for the fiscal year.

<u>Criteria</u>: Per Section 3 of the Housing and Urban Development Act of 1968c as amended, 12 U.S.C. 1701u, the City is required to complete the form "for each grant over \$200,000 that involves housing rehabilitation, housing construction, or other public construction, and contracts and subcontracts awards in excess of \$100,000".

Cause of Condition: Unknown.

Effect of Condition: Noncompliance with Section 3 of the Housing and Urban Development Act of 1968c as amended, 12 U.S.C. 1701u.

<u>Recommendation</u>: We recommend that the City strengthen internal administrative control procedures to ensure that the Section 3 Summary Report is completed and submitted in a timely manner.

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate procedures to ensure that all aspects of sub-recipient reporting are performed in a timely manner. The administrative procedures will include checklists and other methods to ensure timely completion and submission of sub-recipient periodic and annual reports. In addition, the sub-recipient performance reports will be received, reviewed and have appropriate corrective action taken in a timely manner and be consistent with the requirements of OMB Circular A-133.

c. <u>CFDA No.: 14.253 Federal Award No.: B11-MY-47-0006 Grant Period: All open</u> grants during fiscal year ended June 30, 2012.

<u>Condition</u>: During our review of the Financial Reporting, we noted that no quarterly Federal Financial Reports (SF-425) were submitted.

# Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

Criteria: OMB Compliance Supplement requirement.

#### Cause of Condition: Unknown

Effect of Condition: Noncompliance with OMB Circular Reporting Requirements

<u>Recommendation</u>: We recommend that the City strengthen internal administrative control procedures to ensure that all required financial reports are completed and submitted in a timely manner.

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate procedures to ensure that all aspects of sub-recipient reporting are performed in a timely manner. The administrative procedures will include checklists and other methods to ensure timely completion and submission of sub-recipient periodic and annual reports. In addition, the sub-recipient performance reports will be received, reviewed and have appropriate corrective action taken in a timely manner and be consistent with the requirements of OMB Circular A-133.

## Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

#### **2012-3** Suspension and Debarment

a. <u>CFDA No.: 14.239 Federal Award No.: M06-MC-47-0202, M07-MC-47-0202,</u> <u>M08-MC-47-0202, M10-MC-47-0202, M11-MC-47-0202 Grant Period: All open</u> grants during fiscal year ended June 30, 2012.

<u>Condition</u>: During the suspension and debarment testing, we noted that the City entered into contracts for goods and/or services for an amount equal to or exceeding \$25,000 in which no documentation was maintained to support the fact that the contractor/organization had not been suspended or debarred or otherwise excluded from receiving the contract.

<u>Criteria</u>: The OMB Circular A-133 Compliance Supplement states that entities are prohibited from contracting with or making sub-awards under covered transactions involving federal funds to parties that are suspended or debarred or whose principals are suspended or debarred. Covered transactions include procurement contracts for goods or services equal to or in excess of \$100,000 and all non-procurement transactions (e.g., sub-awards to sub recipients).

<u>Cause of Condition</u>: Failure to document that a search was performed to ascertain that the contractor/organization was not suspended or debarred.

Effect of Condition: Non-compliance with grant requirements.

<u>Recommendation</u>: We recommend that the City strengthen internal administrative controls as it relates to the testing for suspension and debarment on contracts involving federal funds by requiring the retention of documentation verifying that a search for suspension and debarment was performed.

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes developing within the administering division appropriate policies and procedures to ensure that all contract awards are made to sub-recipients and/or contractors that have been adequately screened for suspension and/or debarment. The administrative procedures will include checklists and other methods to ensure timely completion of screening steps. Specific steps will include a search on the HUD website for contractors and organizations that have been suspended or debarred from federal projects. In addition, all documentation supporting the search and screening process will be documented in the appropriate files in accordance with the requirements of OMB Circular A-133.

#### Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

# b. <u>CFDA No.:</u> 14.218 Federal Award No.: B06-MC-47-0006, B07-MC-47-0006, B08-MC-47-0006, B09-MC-47-0006, B10-MC-47-0006, B11-MC-47-0006 Grant Period: All open grants during fiscal year ended June 30, 2012.

<u>Condition</u>: During the suspension and debarment testing, we noted that the City entered into contracts for goods and/or services for an amount equal to or exceeding \$25,000 in which no documentation was maintained to support the fact that the contractor/organization had not been suspended or debarred or otherwise excluded from receiving the contract.

The administrative procedures will include checklists and other methods to ensure timely completion of screening steps. Specific steps will include a search on the HUD website for contractors and organizations that have been suspended or debarred from federal projects. In addition, all documentation supporting the search and screening process will be documented in the appropriate files in accordance with the requirements of OMB Circular A-133.

## Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

#### **Department of Labor**

#### **2012-4 Eligibility**

a. <u>CFDA No.:17.258 Workforce Investment Act –Adult; Federal Award No.: 12233,</u> 12264, 12326, 12383, 12407, 12412, 12422, 12446, 12448, 12481, 12489, 12512, 12528 and 12540; Grant Period: All open grants during fiscal year ended June 30, 2012.

<u>Condition:</u> During our review of files to test eligibility, documentation was not found in selected files to support the requirement that participants, who received training services, were unable to obtain grant assistance for other sources, including other Federal program, to pay the costs of the training. WIN refers to this document as "Student Need Assessment and Financial Aid Award."

<u>Criteria:</u> Before receiving training services, an adult or dislocated worker must have received at least one intensive service, been determined to be unable to obtain or retain employment through intensive services, and met all of the following requirements (20 CFR sections 663.240 and 663.310); (a) Had an interview, evaluation, or assessment and determined to be in need of training services and have the skills and qualifications to successfully complete the successful training program; (b) Selected a training service linked to the employment opportunities; and (c) Was unable to obtain grant assistance from other sources, including other Federal programs, to pay the costs of the training.

#### Cause of Condition: Unknown

<u>Effect of Condition</u>: The City will not be in compliance with OMB Circular A-133 compliance.

<u>Recommendation</u>: We recommend that the compliance checklist that is presently included in each participant file be thoroughly reviewed by management to ensure that all necessary documentation is present in each participant's file.

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes ensuring that each participant is thoroughly screened for all eligibility requirements before being allowed to participate in the program. All documentation, including checklists evidencing the screening procedures will be maintained as part of the participant's file documentation.

# Schedule of Findings and Questioned Costs For the Year Ended June 30, 2012

b. <u>CFDA No.:17.278 (Formerly 17.260) Workforce Investment Act – Dislocated;</u> <u>Federal Award No.: 12232, 12362, 12382, 12423, 12535, 12426, 12447, 12465,</u> <u>12480, 12490, 12510, 12529 and 12541; Grant Period: All open grants during fiscal</u> <u>year ended June 30, 2012</u>.

<u>Condition:</u> During our review of files to test eligibility, documentation was not found in selected files to support the requirement that participants, who received training services, were unable to obtain grant assistance for other sources, including other Federal program, to pay the costs of the training. WIN refers to this document as "Student Need Assessment and Financial Aid Award."

<u>Criteria:</u> Before receiving training services, an adult or dislocated worker must have received at least one intensive service, been determined to be unable to obtain or retain employment through intensive services, and met all of the following requirements (20 CFR sections 663.240 and 663.310); (a) Had an interview, evaluation, or assessment and determined to be in need of training services and have the skills and qualifications to successfully complete the successful training program; (b) Selected a training service linked to the employment opportunities; and (c) Was unable to obtain grant assistance from other sources, including other Federal programs, to pay the costs of the training.

#### Cause of Condition: Unknown

Effect of Condition: The City will not be in compliance with OMB Circular A-133 compliance.

<u>Recommendation</u>: We recommend that the compliance checklist that is presently included in each participant file be thoroughly reviewed by management to ensure that all necessary documentation is present in each participant's file.

<u>Response</u>: Priority for correcting this deficiency is immediate. The corrective action plan includes ensuring that each participant is thoroughly screened for all eligibility requirements before being allowed to participate in the program. All documentation, including checklists evidencing the screening procedures will be maintained as part of the participant's file documentation.

# CITY OF MEMPHIS Summary Schedule of Prior Years Audit Findings June 30, 2012

# 2011-1 Material Weakness Federal and State Grants Receivable

<u>Condition</u>: We noted that federal grant receivables and related revenues for the Beale Street Landing grants in the Capital Projects Fund were overstated by approximately \$6,000.000. It was determined that errors had been made in posting the grant receipts which resulted in the overstatement and audit adjustments.

Also, in connection with our testing of accounts receivable for Fund 221 -Community Development Fund, we noted that receipts are not consistently matched to the related expenditure. Through inquiry of management, it was discovered frequently receipts were charged to one grant award, while the expenditures were charged to a different grant award. As a result, we found that the deferred revenue account consists of various receipts that have not been appropriately applied to the related expenditures. As a result, accounts receivable net of deferred revenue may be overstated.

<u>Current Status</u>: Implemented. The City and HCD executed its plan by establishing procedures and a process to ensure that all state and federal receipts are recorded timely and accurately. The processes and procedures were dramatically enhanced through the work of a cross-functional team that included HCD personnel, the Comptroller's Office, the Grants Compliance Office and Internal Audit. Through monthly and quarterly reviews, HCD grants discrepancies are routinely investigated and resolved through coordination with the HCD internal compliance function and the Grant Compliance Office monitoring activities.

# 2011-2 Significant Deficiencies Reconciliation of Bank Statements

<u>Condition</u>: We noted certain significant reconciling items on the concentration and general funding account reconciliations, resulting from a failure to match transactions recorded in the general ledger to transactions clearing the bank statement. We noted management has made significant improvements in the bank reconciliation process, but we believe the remaining unreconciled items represent a significant deficiency.

<u>Current Status</u>: Implemented. The City executed its plan to fill the open position with an experienced and credentialed staff. In addition, the City dedicated an even higher level of resources to mitigate this weakness. All bank accounts were reconciled timely and all stale reconciling items were written off or reconciled sufficiently to be eliminated from the reconciliation analysis.

# CITY OF MEMPHIS Summary Schedule of Prior Years Audit Findings June 30, 2012

#### 2011-3 Preparation of Schedule of Expenditures of Federal and State Awards (SEFA)

<u>Condition</u>: The SEFA preparation process has improved over the past year. However, the City continues to only perform a complete update of the SEFA schedule once at fiscal year end. As disclosed in the notes to the SEFA schedule, the prior year receivable balances have been restated. Additionally, SEFA schedule preparation was delayed with several revisions occurring late into our audit process.

<u>Current Status</u>: Substantially implemented. The City substantially executed its plan by working closely with the Grants Compliance Office to develop and maintain centralized data and reporting repository. The Grants Accountant routinely reviewed with the Grants Compliance Office and fiscal directors the schedule of federal and state awards to resolve any issues. The plan for a higher level of automation will be available to the City once the Hyperion financial reporting modules are fully implemented in FY 2014.

2011-4 CFDA 17.258-17.260 Workforce Investment Act Cluster Department of Labor Grant Awards: All open grants during fiscal year ended June 30, 2011

<u>Condition</u>: We selected 18 monthly reports for review. Of these reports, three were not submitted timely. Each monthly report that was not submitted timely was submitted within three days of the requirement. We also tested four close-out reports, all of which were not submitted timely. Each of these reports was submitted within two days of the requirement.

<u>Current Status</u>: Implemented. The City and the Workforce Investment Network (WIN) executed its plan to fill the open positions with an experienced and credentialed staff. Substantial enhancements were made toward the elimination of this deficiency. The enhancements included timely and accurate expense reporting followed by timely and accurate drawdown requests.

# CITY OF MEMPHIS Summary Schedule of Prior Years Audit Findings June 30, 2012

# 2011-5 CFDA 17.259 Workforce Investment Act Youth Program Department of Labor Grant Awards: DA0400062

<u>Condition</u>: We examined a sample of timesheets for youth who participated in the Summer Youth Program. We noted that actual hours paid for 7 of the 25 participants selected did not agree to the recalculated hours according to the timesheets. It appears the third-party service provider did not recompute the total hours listed on the timesheets.

<u>Current Status</u>: Implemented. The City and the Workforce Investment Network (WIN) executed its plan by establishing procedures to ensure that all paid time is supported by properly approved time sheets. The WIN finance director improved the internal control environment to address and eliminate instances of non-compliance.
