# CITY OF MEMPHIS

Dr. Willie W. Herenton, Mayor

December 15, 2006

Members of the Memphis City Council and my fellow Memphians:

Rich with vision, optimism and skill, City executives made tremendous progress in improving the City's financial outlook in Fiscal Year 2006. While continuing to invest in public safety, economic growth, and public services, we skillfully addressed the City's financial realities that were shaped by recent fiscal challenges. Swift and decisive decisions have laid the groundwork for full restoration of the City's positive financial position and for continued improvement of our responsive and cost-effective services.

In addition to outstanding financial progress, we accomplished much on several fronts this year. Today, tomorrow and for years to come, residents and visitors will enjoy opportunities that arise from the estimated \$3 billion in new residential, business and entertainment developments in downtown Memphis. However, progress is not limited to downtown. Several area businesses, including Smith & Nephew and Northern-Santa Fe, have announced expansion plans that are expected to create nearly 1,000 new jobs in the Memphis area. Additionally, this year the U.S. National Commission on Libraries and Information Sciences (NCLIS) recognized the Memphis Public Library and Information Center as the Best in the State of Tennessee for its Health Information Collection. This recognition is a shining example of Memphis' continued progress towards being one of the strongest and most progressive City's in the country.

Our accomplishments in the midst of financially lean operations are clear indicators of our strength and resolve to ensure that Memphis' best days are ahead. Therefore, we present this report as part of our commitment to inform all interested parties of our financial condition.

Respectfully submitted,

Dr. Willie W. Herenton

Mayor

# City of Memphis

**December 28, 2006** 

To the Mayor, City Council, and Citizens of Memphis:

The Comprehensive Annual Financial Report (CAFR) of the City of Memphis, Tennessee (the City) for the fiscal year ended June 30, 2006, is hereby submitted in accordance with the Memphis City Charter requirement for an independent audit conducted by a certified public accounting firm. The financial statements are presented in conformity with generally accepted accounting principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB) and have been audited in accordance with generally accepted auditing standards. Additionally, the report is presented for compliance with the provisions of the Single Audit Act and related Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Office of Internal Audit supports the internal controls within the City by reviewing and appraising existing accounting and management controls, ascertaining compliance with existing plans, policies and procedures, and ascertaining the reliability of accounting and other data developed within the City.

The City's financial statements have been audited by Watkins Uiberall, PLLC and Banks, Finley, White and

Company, licensed certified public accountants. The independent auditors have issued an unqualified ("clean") opinion on the City's financial statements for the year ended June 30, 2006. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

### **Profile of the Government**

The City of Memphis is a home rule city under State law and was, incorporated in 1826. The present Charter was adopted in 1968 and provides for a Mayor-Council form of government. The Charter provides for the election of a mayor and thirteen council members. The City currently occupies a land area of 343 square miles and serves a population of 672,277. The City is empowered to levy a property tax on both real and personal property located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council.

Under the provisions of the City charter, the City Council makes the laws that govern the City. The Council is responsible, among other things, for approving the budget, setting the tax rate and establishing other lawful taxes and fees necessary to secure sufficient revenue to fund the budget as approved. All administrative duties concerning day-to-day operations of city government are the duty and responsibility of the mayor.

Each of the various divisions of city government has a director who is appointed by the mayor with the City Council's approval.

The City provides a full range of municipal services including: police, fire, culture/recreation, community development, solid waste management, public works, planning and zoning, sewers, utilities, transit and general administrative services. This report includes the financial statements of the funds of the City and boards and authorities that provide City services and for which the City is financially accountable. "Financial Accountability" is the benchmark used to determine which organizations are a part of the primary government or represent component units of the primary government.

The City evaluates its financial reporting entity in accordance with Government Accounting Standards Board requirements to identify the various organizations as: (1) organizations which are part of the City's legal entity; (2) organizations that are legally separate and for which the City appoints a voting majority of the organizations' government body and the City is either able to impose its will or has the potential of receiving financial benefit or realizing a financial burden from the organization; and (3) organizations that are fiscally dependent on the City. The following organizations are component units of the City and as such are discretely presented (separated from the primary government) in the general purpose financial statements:

- Board of Education of the Memphis City Schools
- Memphis Area Transit Authority
- Memphis and Shelby County Airport Authority

Further explanations of the discretely presented component units and the reasons for their inclusion are provided in the notes to the financial statements.

The following entities are considered to be joint ventures of the City:

- Mid-South Coliseum
- Memphis and Shelby County Convention Center
- Memphis and Shelby County Port Commission
- Public Building Authority of Memphis and Shelby County
- New Memphis Arena Public Building Authority of Memphis and Shelby County

These organizations also are further described in the notes to the financial statements.

The following related organization and jointly governed organizations are excluded from the City's financial statements, as they do not meet the definition of financial accountability as defined by GASB:

- Memphis Housing Authority (related organization)
- Memphis and Shelby County Center City Commission
- Memphis and Shelby County Parking Authority
- Memphis Center City Revenue Finance Corporation
- Industrial Development Board
- Depot Redevelopment Corporation of Memphis and Shelby County
- Sports Authority of Memphis and Shelby County Incorporated

The City administration annually prepares a plan of services for the upcoming fiscal year and the estimated cost of providing these services. This plan is reviewed by the City Council and is formally adopted by the passage of a budget ordinance prior to the end of the fiscal year. The ordinance provides for budgetary control at program levels (e.g., public safety) and by division (e.g. police) and said budgets cannot be exceeded without the approval of the City Council. The Mayor has authority to approve transfers between categories (e.g., personnel, materials and supplies) within maximum limits for each transfer and each program. Transfers between programs, however, require authorization by ordinance or resolution of the City Council.

# **Economic Condition Assessment**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates. The Center for Business and Economic Research at The University of Tennessee provided the following economic overview:

# The National Economy

- Despite enduring two of the most destructive hurricanes in our country's history, the US's inflationadjusted Gross Domestic Product (GDP) grew at 3.2 percent in 2005 and is expected to grow at 3.4 percent by the end of 2006.
- The United States did, however, feel the economic impact of the hurricanes in the form of higher gasoline prices. Gasoline prices rose from an average of around \$2.25 per gallon during the summer of 2005 to well over \$3.00 per gallon shortly after hurricane Katrina.
- The national economy appears to have weathered the storms successfully and has recently experienced a sudden fall in gasoline prices, thus easing the strains placed on consumers earlier in the summer and fall of 2005.
- Consumption spending, which typically makes up about two-thirds of total inflation adjusted GDP, increased at an annual rate of 4.1 percent in third quarter of 2005. The consumer spending growth exceeded growth in disposable income, creating a sustained negative personal savings rate.
- Spending on residential housing slowed slightly, but remained relatively strong despite rising interest rates in 2005. However, so far in 2006, the nation's housing market has seriously weakened due to rising interest.
- The United States personal income grew by 7 percent from second quarter 2005 to second quarter 2006. Personal income in Tennessee was up 5.5 percent in 2005, followed by 6.1 percent and 4.6 percent (seasonally adjusted annual rate) growth in the first and second quarters of the year.

# Local Economy

The Memphis MSA is comprised of eight counties – Shelby, Tipton, and Fayette, TN; DeSoto, Marshall, Tate, and Tunica, MS; and Crittenden, AR. The City of Memphis contains about 51 percent of the MSA's population, and Shelby County accounts for slightly more than 73 percent.

A key contributor to the stability of the Memphis and Shelby county economy is its job diversity. Government, trade, healthcare services, hospitality and warehousing, transportation and utilities are all mainstays of the regional economy. The City is conveniently located within 600 miles of most major cities and commercial markets in the United States. As a result of its central location and access to the interstate, Mississippi River, rail and airport, the city is a major hub for distribution.

In the aftermath of the 2001 recession, employment in Memphis has been growing over the past two years. Two sectors have led the way: educational and health services, followed by leisure and hospitality. More recently, the professional and business services sector has created a significant number of jobs as well. However, the largest sector in the Memphis economy—trade, transportation and utilities—has yet to return to its pre-recession employment level. The performance of this sector reflects in part recent national trends in the costs of shipping (due to increased fuel costs), warehousing and demurrage, as well as a nationwide shortage of truck drivers.

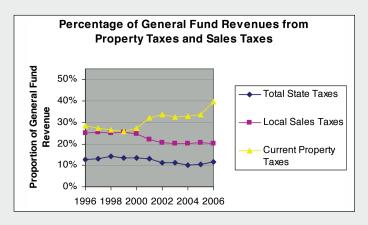

# **Unemployment Rates (Seasonally Adjusted), 2005-2006**

Region	Sep 2005	Sep 2006
Memphis MSA*	5.5%	5.2%
Tennessee	5.5%	4.6%
United States	5.1%	4.6%

Source: U.S. Bureau of Labor Statistics and Tennessee Department of Labor and Workforce Development. \*Not Seasonally Adjusted

The National economic climate has improved over the past few years, resulting in a steady decline in the US unemployment rate. Tennessee's September unemployment rate reflects a .9 percent decrease from September 2005 and reflects a 1.1 percent decrease from the 5.7 percent reported just one month before in August 2006. Memphis' unemployment rate decreased to 5.2 percent in September 2006, down from 5.5 percent a year ago. As the national economy continues to rebound and major local job creation initiatives are implemented, the unemployment situation in Memphis should continue to improve.

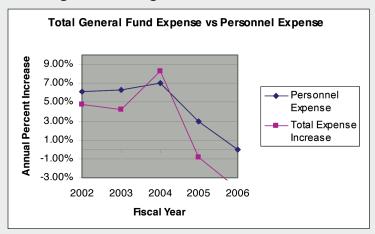

The chart below shows that Memphis' Current Property Taxes and Local Sales Tax maintained rough parity as the two largest single revenue sources through fiscal year 2000. Since then, there has been a growing dependence on the property tax as both Local Sales Taxes and State Shared Taxes have trended downwards as a percentage of total revenues. During fiscal year 2006, the City realized a significant increase in property tax revenues as a result of a rate increase.

Nationally and locally, fiscal managers are continually faced with managing rising energy prices, healthcare costs and employment costs. Policy makers are concerned with cost-push inflation as employment costs represent about two-thirds of total costs of production/service. During the first two years of the five year period reflected below, the City's personnel costs increased approximately 6 percent annually until a windstorm in fiscal year 2004 resulted in an additional one percent increase in personnel expense growth.

The 2004 windstorm generated an even steeper growth in total General Fund expenses. Total General Fund expenses in fiscal year 2004 grew by more than 8 percent, up from the 4 percent growth the previous year. During Fiscal year 2005, City managers executed spending cuts and a temporary layoff in 2005, resulting in substantial expense savings. In an attempt to contain personnel costs and other operating expenses, the City implemented additional spending cuts and a hiring freeze during FY2006.

The Federal Reserve Bank increased interest rates eight times in 2005 in an attempt to discourage rising inflation by reducing demand. By the summer of 2006, the federal funds rate had increased to 5.25 percent. Although the nation's housing market has been seriously weakened by the higher interest rates, Memphis' housing sales continue to be strong despite rising interest rates. Housing permits issued increased by 36.6 percent from March 2005 to March 2006. Furthermore, local home sales remained strong with a 16.3 percent increase in sales and an increase in average sales price of 4.1 percent.

**Home Sales in Memphis, February 2005 - 2006** 

	2005	2006	<b>Percent Change</b>
Total Home Sales	1,149	1,336	16.3%
Median Sales Price	\$127,500	\$128,900	1.1%
Average Sales Price	\$157,900	\$164,300	4.1%
Monthly Sales Volume	\$181 million	\$220 million	22.0%
Active Listings	8,389	8,984	7.1%

Source: Memphis Area Association of Realtors Multiple Listing Service.

### Recent Developments:

- Service Master, a Fortune 500 company, has agreed to relocate its corporate headquarters to Memphis from Chicago. It is anticipated that the move will create over 500 new jobs and the retention of over 1,300 existing jobs. New capital investment (all to be located within the city limits of Memphis) is anticipated to be within a range of \$12 million to \$123 million depending on the company's decision to build a new headquarters.
- International Paper, a Fortune 500 company agreed in August 2005 to move its corporate headquarters to Memphis. This will bring approximately 100 net new positions to the City and the retention of over 3,500 existing jobs.
- Nucor Steel has agreed to expand its operations to Memphis. This will represent a capital commitment of \$225 million and create over 225 net new jobs with wage levels that exceed the area median income by 175 percent.

- The City has been awarded four Hope VI grants (totaling over \$150 million) since 1995 from the Department of Housing and Urban Development (HUD). Over 1,100 units of mixed income housing have been developed to date with an additional 1,200 units planned.
- Economic development in downtown Memphis continues to thrive. Currently, there is over \$3.1 billion of economic development projects underway.
- In the area of healthcare services, the City is poised to become an internationally recognized center for the development and commercialization for biomedical technology fueled by the development of a \$450 million, 1.2 million square feet medical research park, the \$100 million expansion of the University of Tennessee Medical School, the \$1 billion expansion of the St. Jude Children's Research Hospital as well as the \$250 million expansion of the Lebonheur Children's Medical Center.

Long-term Financial Planning. During fiscal year 2006, the City achieved fiscal stability after two years of less than positive results by executing short-term mission critical actions such as implementing hiring/travel freezes, suspending overtime for non public safety positions, and limiting spending on materials and supplies. To ensure the City's financial position remains fiscally sound, the City has implemented a multi-year financial management plan as a means of exploring new and more efficient methods of revenue generation and cost-effective service delivery. To this end, an Efficiency Study that includes a comprehensive assessment and review of the City's financial position, organizational structure, technological systems and processes is underway. The plan will focus on the following areas:

- Revenue Generation
- Operational Efficiency
- Cost Containment
- Managing Key Assets (Capital Improvements)
- Developing Five-Year Strategic Financial and Management Plan
- Improving Bond Rating
- Increasing/Sustaining Reserve Levels
- Developing Growth/Economic Development Plan

Moreover, the primary objectives of financial management plan are to enhance communication at all levels, maintain fiscal soundness, maximize productivity and improve operational efficiencies. In addition, internal and external teams have been formed to identify opportunities in the following areas: human resources/personnel, procurement, information technology, asset management, collections, fleet management, administrative policy, joint/shared services, and others areas that are developed as needed. The City is working with the Memphis Regional Chamber and Memphis Tomorrow to create a "Growth Strategy" that will ideally enhance the city's overall growth, tax base and wages. The city has engaged consultants to conduct in depth studies of the Memphis Police Department and Memphis Fire Services to ensure both public safety agencies are operating at maximum efficiency regarding staffing, placement of fire stations, etc.

We envision a model city government based on proven business principles that support the facilitation and execution of the City's fiscal and operational goals.

### **Relevant Financial Policies**

The City of Memphis is in the intermediate stages of preparing for implementation of Governmental Accounting Standards Board (GASB) Statement No. 45, Accounting and Financial Reporting for Employers for Post-employment Benefits Other than Pensions. The statement provides for recognition of the cost of other post-employment benefits (OPEB) over employees' service periods, similar to the treatment required for pension costs.

Long-term obligations associated with OPEB costs will become a required disclosure for Memphis, effective July 1, 2007. Other required disclosures, per GASB Statement No. 45, include identifying the contributions made in comparison to OPEB costs, changes in net OPEB obligations, funding progress during the current year and the two previous years, and the actuarial valuations and assumptions used.

The City has received a preliminary actuarial valuation identifying the potential financial impact based on existing plan benefits, and is in the process of establishing an OPEB Trust. The valuation along with plan change alternatives that could possibly reduce the obligation is currently being reviewed. Presently, the City funds the cost of retiree healthcare benefits on a pay-as-you-go basis.

**Major Initiatives** In addition to the annual operating budget, the City also adopts a Capital Improvement Program (CIP) that is a multi-year plan for capital expenditures to replace and expand the City's infrastructure, vehicles and equipment. The program is updated annually to reflect the latest priorities, updated cost estimates and available revenue sources. Various sources of revenue include general obligation bonds, federal grants, state grants, user fees and private funds. Results of the Memphis Poll, an annual survey, are used to identify priorities and concerns of citizens. Projects are reviewed based on need, impact on the area, quality of life in our neighborhoods and the general economic climate of the City. Highlights of the CIP budget plan for 2007-2011 are:

- The Fire Division's budget includes the replacement of pumpers, aerial trucks and ambulances. Also, the division plans to construct an urban search and rescue facility.
- The Police Division's budget includes funds for more than 200 replacement police cars and for development of a Multiple Database Search and Analysis Solution (MDSAS) database.
- The Parks Division's budget includes funds for the Zoo's Northwest Passage, equipment for the Whitehaven and Riverside golf courses, ADA improvements to the Liberty Bowl restrooms and improvements to the Leftwich Tennis Center.
- The Public Services and Neighborhoods Division's budget includes funding for a new animal shelter, a fourth vehicle inspection station and library roof repairs.
- The Memphis Area Transit Authority's capital improvement budget is heavily leveraged by Federal and State funding that will be used to fund a new bus transfer station near the Memphis International Airport. Preventative maintenance is funded entirely by G.O. Bonds.
- Riverfront Development's budget includes funds for Beale Street Landing and Cobblestone improvements.
- The Public Works Division's budget includes funds to pave 100 lane miles of streets each year, and for ADA ramp improvements, fourteen road projects and three bridge projects. The Stormwater Fund CIP budget will allow the City to make major investments in drainage infrastructure throughout the City. The Sewer Fund projects are for the repair and replacement of sewer infrastructure, new sewer connections and improvements to the treatment plants.

- The General Services Division's budget includes major ADA improvements and minor improvements to various City buildings and equipment.
- Housing and Community Development's budget includes funding for several neighborhood redevelopments including the Uptown, Lamar Terrace and Dixie Homes neighborhoods.
- The Engineering Division's budget includes funding for replacement of traffic signals, transportation improvements and a major traffic signal modification at the intersection of New Allen and Ridgemont.
- Information System's budget includes projects to upgrade the City's information technology infrastructure.

# Capital Planning Process

It is the role of the Finance Division to provide financing strategies to assist in developing a plan to fund the capital improvement needs of the City. A key element of this strategy includes a comprehensive review and assessment of the City's Capital Improvement Program (CIP) to ensure the coordination of the City's planning initiatives, financial capacity and environmental/physical development are in alignment. The City's CIP has a capital budget which includes a spending plan for the upcoming year and a capital program which includes a plan for capital expenditures that extend up to five (5) years and beyond. The success of the capital improvement program depends on the broad participation and cooperation of the City's divisions and quasi city agencies. In addition, the CIP is linked to the operating budget.

The benefits of a successfully managed CIP include preservation of capital assets, improvement of infrastructure, better coordination of capital needs and operating budgets, stabilization of debt costs and improvement of the City's credit rating. To develop an effective capital improvement program, a CIP Committee was established during fiscal year 2006 for planning and oversight purposes. The committee responsibilities include, but are not limited to the following:

- Identify and determine status of previously approved projects and funding sources for each project.
- Evaluate the merits of division/department requests for CIP projects and equipment.
- Establish a priority list of capital need projects and a timeline for completion.
- Create a CIP funding plan that designates a revenue source/method of financing for each proposed project.
- Submit a CIP funding plan to the Mayor and City Council to include in next year's capital budget and capital expenditure plan for the next four (4) years.

The following analyses of capital expenditures for capital improvement projects are employed:

### Capital Expenditure Analysis

A review of Capital Improvement Projects are undertaken to insure that all major capital expenditures are not only necessary and appropriate but also fall into categories that include, but are not limited to:

- 1. Critical Maintenance
- 2. Major Development/New Construction Initiatives
- 3. Infrastructure
- 4. Vehicle and Equipment Acquisition

Furthermore, Capital Improvement Projects are prioritized and coordinated with the plans of other public entities to maximize the leveraging of resources with other major projects being developed in both the public and private sectors. are scheduled to become a part of the City on December 31, 2006.

### **Annexation Plans**

The City has proposed to annex two areas within its reserve growth area: Berryhill and Southwind-Windyke, which are scheduled to become a part of the City on December 31, 2006.

# Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Memphis for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2005. This was the 29th consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The City of Memphis FY2005 Citizens' Report earned the Popular Annual Financial Reporting Award. The City also received GFOA's Distinguished Budget Presentation Award for its annual budget document for the fiscal year beginning July 1, 2006, the 8th consecutive year for this award.

The preparation of this report could not have been accomplished without the dedicated efforts of the staff of the City's Finance Division and the City's independent public accountants, Watkins Uiberall, PLLC and Banks, Finley, White and Company. We wish to express our appreciation to both, with particular thanks to Patrice Thomas, CPA, Comptroller Vickie Lewis, Deputy Comptroller and the Accounting staff.

Respectfully submitted,

Robert Lipscomb

# PRIMARY GOVERNMENT AND DISCRETELY PRESENTED COMPONENT UNITS

<sup>(1)</sup> The Board of Education and the appointed boards and authorities for Memphis Area Transit Authority and Memphis and Shelby County Airport Authority are legally separate from the primary government. These component units are discretely reported in a separate column in the combined financial statements to distinguish them from the primary government. Memphis light, Gas and Water and Memphis Light, Gas and Water Retirement and Pension System are reported as part of the primary government. Certain other boards and commissions not listed above do not meet the definition of component units as presented in GASB Statement 14. These entitles are further explained as related organizations, jointly governed organizations, and joint ventures in the Letter of transmittal and Note 1 of the notes to the financial statements.

### INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council City of Memphis, Tennessee

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Memphis, Tennessee, (the "City") as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Memphis-Shelby County Airport Authority, which represents \$1,162,410,000 and \$145,369,000, respectively, of the assets and revenues of the component units. Those financial statements were audited by other auditors whose reports thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Memphis-Shelby County Airport Authority is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test, basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 6, 2006 on our consideration of the City's internal control over financial reporting and on

our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information as listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules, supplementary schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying supplemental schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and is also not a required part of the basic financial statements of the City. The combining and individual fund financial statements and schedules, supplementary schedules, and the supplemental schedule of expenditures of federal and state awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Wathins Wiberall, Plic Banks, Finley, Whilt I b.

Memphis, Tennessee December 6, 2006 (except for Note V. B., as to which the date is December 20, 2006)

# **Management's Discussion and Analysis**

As management of the City of Memphis, Tennessee (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2006. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal and notes to the financial statements. All amounts, unless otherwise indicated, are expressed in thousands of dollars

# **Financial Highlights**

- The primary government's total net assets increased by \$100,230 and exceeded its liabilities at June 30, 2006 by \$1,949,763 (net assets).
- At June 30, 2006, the City's governmental activities reported ending net assets of \$182,808, an increase of \$7,610 or 4.3% from the prior year
- The City's business-type activities reported ending net assets of \$1,766,955, an increase of \$92,620 or 5.5% from prior year.
- At June 30, 2006, the fund balance for the general fund was \$33,940, an increase of \$32,728 from prior year.
   Decreased expenditures due to several cost cutting initiatives and increased revenue collections contributed to the positive results. The unreserved portion of the fund balance was \$29,746.
- The City's total debt decreased by \$51,356 or 2% during the current fiscal year.

# **Overview of the Financial Statements**

This discussion and analysis document is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information to provide greater detail of data presented in the basic financial statements.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the year ended June 30, 2006. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, community services, transportation and environment, and education. The business-type activities of the City include the operations of the regional sewer collection and treatment facilities, the distribution of electricity, gas and water, and the operation of the storm water system and the City golf courses.

The government-wide financial statements include not only the City itself (the primary government), but also the Board of Education of the Memphis City Schools, Memphis Area Transit Authority, and the Memphis-Shelby County Airport Authority, each of which is a legally separate entity for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements are presented as Exhibits A-1 and A-2; component unit financial statements are presented as Exhibits A-12 and A-13.

# MANAGEMENT DISCUSSION AND ANALYSIS For the fiscal year ended June 30, 2006

CITY OF MEMPHIS, TENNESSEE (Continued)

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains seventeen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for its major funds. Data from the other fifteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements.

The City adopts an annual appropriated budget for its general, special revenue (except Workforce Investment Act Fund, Community Service Fund, Central Business Improvement District Fund, Community Redevelopment Agency Fund, and Education Fund), and debt service funds. Budgetary comparison statements are provided to demonstrate compliance with this budget.

The basic governmental fund financial statements, including reconciliation to the government-wide Statements of Net Assets and Activities, are presented as Exhibits A-3 through A-6.

**Proprietary Funds.** The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer collection and treatment facilities, the distribution of electricity, gas and water, and operation of the storm water system and the City golf courses. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its printing and supply services, self insurance for health benefits, self insurance for unemployment benefits, and operations and maintenance of City vehicles. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the sewer collection and treatment facilities and the distribution of electricity, gas and water, both of which are considered to be major funds of the City; and operations of the storm water system and the City golf courses, nonmajor funds. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements.

The basic proprietary fund financial statements are presented as Exhibits A-7 through A-9.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for

proprietary funds. The actuarially determined net pension asset (negative NPO) is reported in the government-wide statement of net assets as governmental activities.

The basic fiduciary fund financial statements are presented as Exhibits A-10 and A-11.

**Notes to the Financial Statements.** The notes which follow Exhibits A-1 through A-13, provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Information concerning the City's progress in funding its obligation to provide pension benefits to its employees is included in the notes to the financial statements.

**Required Supplementary Information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information to demonstrate legal budgetary compliance for each major fund for which an annual budget is adopted. Required disclosure concerning the City's progress in funding its obligation to provide pension benefits to its employees is included in the notes to the financial statements. Required supplementary information is presented as Exhibit B-1.

Combining and Individual Fund Statements and Schedules. Combining schedules provide detail in connection with nonmajor governmental funds and internal service funds referred to earlier. Individual fund statements provide greater detail, presented on the basis of budgeting (encumbrances included with expenditures), for the General Fund, nonmajor special revenue and capital projects funds, and debt service fund. Capital Asset schedules present information concerning the categories of assets, function and service provided, source of funding and additions and deductions during the year. Combining and individual fund statements and schedules are presented as Exhibits C through H.

# **Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$1,949,763 at June 30, 2006.

	Condensed Statement of Net Assets							
		Govern activ		Busines activ		To	tal	
		2005	2006	2005	2006	2005	2006	
Current and other assets	\$	805,706	807,982	1,990,548	2,007,566	2,796,254	2,815,548	
Capital assets Total assets		1,123,238 1,928,944	1,127,384 1,935,366	1,617,132 3,607,680	1,675,132 3,682,698	2,740,370 5,536,624	2,802,516 5,618,064	
Long-term liabilities outstanding		921,191	978,811	1,528,206	1,455,370	2,449,397	2,434,181	
Other liabilities		832,555	773,747	397,707	460,373	1,230,262	1,234,120	
Total liabilities Net assets: Invested in capital assets, net		1,753,746	1,752,558	1,925,913	1,915,743	3,679,659	3,668,301	
of related debt		269,490	239,334	1,434,661	1,486,184	1,704,151	1,725,518	
Restricted		81,491	78,238	90,115	89,905	171,606	168,143	
Unrestricted		(175,783)	(134,764)	156,991	190,866	(18,792)	56,102	
Total net assets	\$	175,198	182,808	1,681,767	1,766,955	1,856,965	1,949,763	

By far the largest portion of the City's net assets (88.5%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to

repay this debt must be provided for by other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets (8.6%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (2.9%) is reflective of the City's practice of maintaining adequate reserves for payment of debt service and capital projects, while funding current operations with current revenue sources.

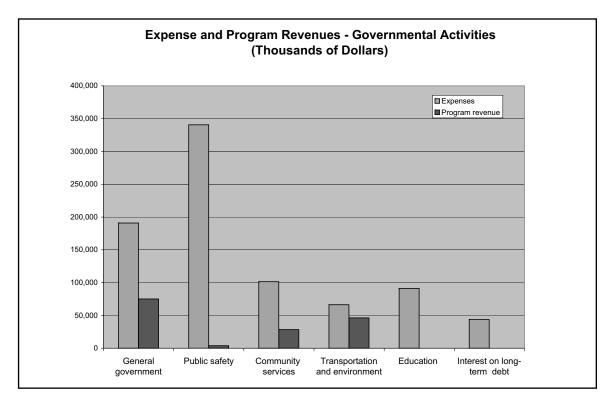

At June 30, 2006, the City reports positive balances in all three categories of net assets for its business-type activities and two categories of net assets for its governmental-type activities.

Net assets - June 30	\$	175,198	182,808	1,681,767	1,766,955	1,856,965	1,949,763		

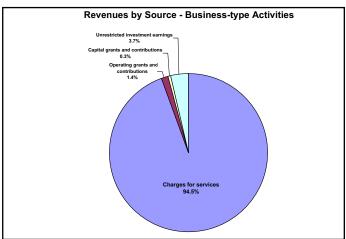

**Governmental activities.** Governmental activities increased the City's net assets by \$7,610 and Business-Type activities increased net assets by \$92,620, thereby resulting in a 5.5% increase in total primary government's beginning net assets. Key elements of the governmental activities are discussed below:

- Total expenses increased by \$39,826 or 5.0% from last year. Total revenues increased by \$85,376 or 12% over last year. Revenues and Transfers for FY 2005 were restated as a result of a change in reporting as required by GASB to reflect "in lieu of tax payments" received from MLG&W as transfers rather than revenue.
- The most significant increase in expenses from prior year was realized in public safety, whose expense increased by \$22,515 or 7%. Expenses for Education and Interest on long-term debt increased by \$6,081 or 7% and \$6,441 or 17%, respectively.
- An increase of 63.8% or \$37,200 in charges for services, primarily related to increased solid waste management fees,

contributed significantly to the overall increase in revenue for fiscal year 2006. Also, local taxes increased by 11.8% as a result of increased property tax collections. Other Revenue decreased by \$17,471 or 52.4%, due to intergovernmental revenues and the change in net pension obligation amounts being reflected in operating grants and contributions and charges for services as required by GASB.

**Business-type activites.** Business-type activities increased the City's net assets by \$92,620, accounting for 5.5% growth in the government's beginning net assets. Key elements of the increase is as follows:

- MLGW's Electric Division accounts for \$66.8 million of the net asset increase. The growth in net assets is a result of continued growth in operating revenue over operating expenses. Over 86% of the Electric Division's net assets are related to utility plant, which include property, plant, and construction.
- Charges for services increased by 13.3% over last year. Most of this increase can be attributable to increased electricity sales to customers and TVA's wholesale power rate increase in October 2005.

### Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2006, the City's governmental funds reported combined ending fund balance of \$34,506, an increase of \$29,157 in comparison with the prior year. Approximately 87.8% of this total amount (\$30,312) constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period (\$2,703) or for special services (\$1,491).

# MANAGEMENT DISCUSSION AND ANALYSIS For the fiscal year ended June 30, 2006

CITY OF MEMPHIS, TENNESSEE (Continued)

The general fund is the chief operating fund of the City. At June 30, 2006, unreserved fund balance of the general fund was \$29,746, while total fund balance was \$33,940. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 5.9% of total general fund expenditures, while total general fund balance represents 6.7% of the fund expenditures.

The fund balance of the City's general fund increased by \$32,728 during the fiscal year ended June 30, 2006. Key factors resulting in this increase are as follows:

- Total General Fund Revenues increased by \$51,680 or 12.08% over prior year. This significant increase is primarily
  the result of the City realizing increased property tax collections in FY 2006 as a result of a tax rate increase. In
  addition, the City received increased collections related to the Hall Income Tax from the Tennessee State Department
  of Revenue.
- Total expenditures grew slightly by \$3,849, less than 1%, over last year. This modest increase was the direct result of significant cost saving measures implemented during FY2006. Expenditures of the general government and community services decreased by \$1,783 and \$6,019, respectively. However, these cost savings were offset by public safety's increase in expenditures over prior year of \$10,597.
- The general fund's operating transfers out decreased by \$11,658 or 52.7% primarily as a result of a decrease in transfers out to the Solid Waste Management Fund. During FY 2006, the fees for solid waste collections were increased, thereby reducing the amount of operating transfers needed from the General Fund.

The fund balance of the City's Debt Service fund increased by \$22,376 during the fiscal year ended June 30, 2006. Key factors resulting in this increase are as follows:

- Total revenues increased by \$14,953 or 18.5% primarily due to an increase in local taxes. However, total expenditures decreased slightly by 2.4%.
- Other financing sources were up by \$11,153 due primarily to increased transfers from other funds to pay their debt service obligations.

Detail for other governmental funds, including special revenue funds and the capital project fund are presented in Exhibits D-1 and D-2. Significant changes from FY 2005 are summarized as follows:

- As the Capital Projects Fund did not meet the minimum criteria as defined by generally accepted accounting principles (GAAP) for mandatory major fund reporting this year, the fund is reported as a non-major fund this year. Fund balance decreased by \$27,880 to a negative balance of \$27,577.
- The New Memphis Arena Fund (FedEx Forum) revenue and expenditures decreased by 49.8% and 30%, respectively. This decrease is the result of the State of Tennessee having made a final payment of \$5,584 of its total \$20,000 commitment in FY2005 and due to \$2,500 in payments from MLG&W Water Division being reported as transfers this year to comply with GASB standards whereas in previous years this amount was recorded as a "receipts in lieu of taxes" revenue line item. The Water Division, through an agreement with the City, transfers a payment in the amount of \$2,500 per year. The agreement is effective through the year 2028. This fund also reports the collection and disbursement of certain revenues related to the bonds issued by the Sports Authority for construction of the arena.
- Solid Waste Management Fund revenues increased by 107.8% as result of the fee increase that became effective during FY 2006. As a result, operating transfers to the Solid Waste fund from the General fund decreased substantially in fiscal year 2006.

**Proprietary funds.** The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of \$190,923 comprised primarily of \$192,322 for Memphis Light, Gas and Water, which can be used for on-going operations of the public utility system and \$3,203 unrestricted net asset for the Sewer Collection and Treatment Fund. Both the Sewer Fund and MLGW are assessed an in-lieu-of tax payment with all proceeds allocated to the General Fund, except for the Water Division payment, which is part of the financing arrangement for the New Memphis Arena. The remaining negative \$4,602 represents unrestricted net assets of the non-major funds, Golf and Storm Water.

# **General Fund Budgetary Highlights**

The original operating budget for FY 2006 did not anticipate any use of unreserved fund balance. After a few years of less than desirable results due to significant revenue shortfalls in state and local sales taxes, the City achieved fiscal stability primarily as a result of increased revenues and expense savings realized from hiring/travel freezes and spending restrictions on materials and supplies. Most divisions ended FY 2006 with expenditures below budget. Differences between the original budget and the final amended budget can be briefly summarized as follows:

- General Fund actual expenditures were under budget by \$14,538. Revenues were over budget by \$10,749.
- The slowdown in hiring, suspension of overtime for non-public safety positions and limited spending on materials and supplies during FY 2006 contributed significantly to the positive budget to actual variance in expenditures. Also, the City imposed a new storm water drainage fee beginning May 1, 2006. For FY 2006, the City realized net savings in the General Fund of approximately \$1.2 million when these operations were moved into an enterprise fund.
- The revenue variance resulted primarily from: (1) Current property tax collections exceeding budget by \$8,666. The major factor being lower than anticipated assessment appeal reductions. (2) Transfers from MLGW exceeded budget by \$5,125 as a result of a new customer service center and two major substations that significantly increased net plant value subject to the City's "in lieu of tax" charge. (3) Higher State revenue collections and an enhancement in the State Department of Revenue's method of distributing these funds to municipalities caused State Taxes to exceed budget by \$3,816. (4) The City received a large payment (\$1,257) for an insurance claim from a prior year for a fire at one of the City's facilities.
- A portion of the positive revenue variance was offset by the negative variance of \$11,049 for franchise fees paid by telecommunications companies that provide telephone/telecommunication services and equipment to subscribers. A legal challenge contributed significantly to this variance.

# **Capital Asset and Debt Administration**

**Capital assets.** The City's investment in capital assets for its governmental and business-type activities as of June 30, 2006 amounts to \$2,802,516 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, roads, highways, and other infrastructure. The total increase in the City's investment in capital assets for the current fiscal year was 2.3% (a .03% increase for governmental activities and a 3.6% increase for business-type activities)

	Condensed Statement Capital Assets (net of depreciation)							
	 Governi activi		Total					
	 2006	2005	2006	2005	2006	2005

Major capital asset events during the current fiscal year included the following:

- Rehabilitation of the Liberty Bowl Stadium to include ADA requirements, new fixtures and interior renovations.
- Construction of two new police precincts, Southeast and Hickory Hill.
- Improvements to City owned right-of-ways in the Central Business District and downtown areas.

 Installation of wheelchair ramps on corners at intersections throughout the City as required by the American with Disabilities Act.

Additional information on the City's capital assets can be found in Note IV (D).

**Long-term debt.** At June 30, 2006, the City had total bonded debt outstanding of \$2,574,936. Of this amount, \$1,031,071 comprises debt backed by the full faith and credit of the government, inclusive of self-supporting debt of the Board of Education and Airport Authority, and \$1,543,865 represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Revenue bonds		-	-	1,543,865	1,606,517	1,543,865	1,606,517		
Total	\$	1,031,071	1,011,509	1,543,865	1,614,783	2,574,936	2,626,292		

The City's total debt decreased by \$51,356 (2% percent) during FY 2006. Total debt includes state loans, general obligation bonds, bond anticipation notes, capital outlay notes, capital lease obligations, and revenue bonds. Governmental activities' total debt increased by 1.9%, while business-type activities' debt decreased by 4.4%.

The City has long held a high grade bond rating on indebtedness from the major credit rating services. As of June 30, 2006, the City held ratings of A1 from Moody's, A from Standard and Poor's and A+ Fitch, Inc. Among the factors most commonly cited by these firms in support of the credit rating assigned to the City's general obligation bonds include a stable and expanding economic climate, broad revenue base, and well-managed finances. In addition, the City has maintained good relations with the rating services and the major investment institutions through comprehensive disclosure of financial data and direct meetings with rating agency officials. The City continues to follow prudent fiscal policies and practices while expanding its financial base.

The City's full faith and credit and unlimited taxing power has been pledged to the payment of general obligation debt principal and interest. There is no legal limit on the indebtedness which may be incurred.

The City issued General Improvement Bonds of \$115,115 in February 2006 to refund previously issued General Improvement Bonds and bond anticipation notes. The City's Commercial Paper Program provides for the sale of bond anticipation notes to provide interim financing of various capital projects and to pay the principal of maturing debt.

In 2005, MLGW's Water Division AAA bond rating was reaffirmed from Standard & Poor's after an annual review of financial management practices. The Water Division holds the highest possible bond ratings—Aaa from Moody's Investors Service as well as the AAA from Standard and Poor's. The Electric Division's AA rating was also reaffirmed. The Gas Division currently has no debt. More information is available in MLGW's separately issued financial statements. Separate financial statements for MLGW are issued as of and for its year-end December 31, and can be obtained by writing to MLGW Financial Statements, P.O. Box 430, Memphis, Tennessee 38101-0430.

Additional information on the City's long-term debt can be found in Note IV (G).

# **Economic Factors and Next Year's Budgets and Rates**

Factors considered in preparing the City's budget for the 2007 fiscal year are discussed more fully in the Budget document and include:

- In the aftermath of the 2001 recession, employment in Memphis has been growing over the past two years. Memphis' unemployment rate decreased to 5.2 percent in September 2006, down from 5.5 percent a year ago.
- The FY 2007 revenue collections are expected to continue to improve, yet are still budgeted very conservatively. In addition, expenditures are expected to remain stable as division leaders have been given a mandate to manage their costs within established resources.
- Increasing Public Safety is always a concern. Therefore, the City plans to hire an additional 100 to 125 new police
  officers over the next four years.
- To ensure the City's financial position remains fiscally sound management has implemented quarterly financial reviews and consultants have been hired to complete an operational and financial efficiency study..

At June 30, 2006, unreserved fund balance in the general fund was \$29,746. The City has approved an operating budget of \$497,074 in total expenditures for FY 2007, with planned contribution of \$8,576 to unreserved fund balance. The City's tax rate for FY 2007 has been set at \$3.4332 per \$100 of assessed value. The tax rate is allocated to General Fund, Education, Debt Service, and Capital Projects. The City continues to explore cost cutting measures and additional revenue sources.

# **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information may be addressed to the Office of the Director of Finance, Room 368, City of Memphis, 125 North Main, Memphis, Tennessee 38103. The Comprehensive Annual Financial Report, the 2007 Operating Budget and 5 Year Capital Improvement Program, and other general information about the City may be found on the City's website, <a href="https://www.memphistn.gov.">www.memphistn.gov.</a>

# RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET ASSETS (Thousands of Dollars) June 30, 2006

# CITY OF MEMPHIS, TENNESSEE Exhibit A-4

\$ 182,808

Amounts reported for governmental activities in the statement of net assets are different because:	
Total governmental fund balances:	\$ 34,506
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	1,127,232
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	86,324
Net pension assets should be reported as an asset in the governmental- wide statement of net assets. This is the cumulative amount by which the City has overfunded its pension obligations.	78,238
Internal service funds are used by management to charge the costs of printing & mail, information systems, health insurance, unemployment compensation, and fleet management to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	(3,521)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	(1,139,971)

The notes to the financial statements are an integral part of this statement.

# RECONCILIATION OF THE STATEMENT OF REVENUES ( EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF AVTIVITIES

CITY OF MEMPHIS, TENNESSEE Exhibit A-6

(Thousands of Dollars)

For the fiscal year ended June 30, 2006

Amounts reported for governmental activities in the statement of net activities are different because:

Net change in fund balances - total governmental funds

\$ 29,157

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

4,265

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

6,047

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of

(29,990)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

(6,673)

Internal service funds are used by management to charge the costs of printing & mail, information systems, health insurance, unemployment compensation, and fleet management to individual funds. The net expenditure of certain activities of internal service funds is reported with governmental activities.

4,804

Change in net assets of governmental activities

\$ 7,610

The notes to the financial statements are an integral part of this statement.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting entity

The City of Memphis, Tennessee (the City), incorporated in 1826, operates under an elected Mayor-Council form of government and is organized into the following divisions: Executive, Finance and Administration, Fire, Police, Library, Parks, Public Works, Human Resources, Public Services, General Services, Housing and Community Development, Office of Planning and Development, City Attorney, City Engineer, Information Systems, and Memphis Light, Gas and Water (MLGW). The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Each discretely presented component unit is reported in a separate column in the combining statement of major component units within the basic financial statements (see note below for description) to emphasize that it is legally separate from the City.

#### Fiscal Year End

Memphis Light Gas and Water (MLGW), a division of the primary government, has a fiscal year end of December 31. Thus, the amounts and disclosures for the MLGW Enterprise Fund, the MLGW Retiree Medical and Life Insurance Benefits Trust Fund and the MLGW Retirement System Trust Fund are as of December 31, 2005. The disclosures for other divisions, component units, and joint ventures are as of their June 30, fiscal year end.

#### **Blended Component Units**

The City does not have any component units that are considered blended.

#### **Discretely Presented Component Units**

The component unit column in the government-wide financial statements includes the financial data of the City's component units. They are reported in separate columns in a combining statement in the basic statements after the fund financial statements to emphasize that they are legally separate from the City.

**Board of Education of the Memphis City Schools (BOE)** - BOE was created by City Charter as authorized by various Private Acts of the General Assembly of Tennessee. BOE consists of nine members elected by the citizens of the City representing seven districts and two at-large positions. BOE is a body politic and corporate responsible for the management and control of the Memphis City Schools. The annual general operating budget of the BOE requires the approval of the City Council. The BOE's fiscal year end is June 30.

**Memphis Area Transit Authority (MATA)** - MATA was created by City ordinance on May 13, 1975 replacing the Memphis Transit Authority. The MATA board consists of seven members nominated by the City Mayor and approved by the City Council for terms of three years. MATA has the authority to supervise the operations of the City's transit system. The system is managed by a private management firm hired by MATA. MATA is funded by a combination of user fees, federal and state grants, and a subsidy from the City. MATA's annual budget, rates and fares are approved by the City Council. MATA must also obtain the approval of the City Council before incurring certain obligations. MATA's fiscal year end is June 30.

**Memphis-Shelby County Airport Authority (MSCAA)** - MSCAA was established by City resolution on September 30, 1969. The City Mayor has the right to appoint six of seven Board members (seven year terms) of MSCAA. MSCAA's Board selects management staff, sets user charges, establishes budgets and controls all aspects of general aviation, airport management and development. However, the City has issued general obligation bonds on behalf of MSCAA and is contingently liable for such. The debt service for City bonds issued on behalf of MSCAA is funded by MSCAA's revenues. MSCAA's fiscal year end is June 30.

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices.

# NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2006

CITY OF MEMPHIS, TENNESSEE (Continued)

BOE 2597 Avery Avenue Memphis, TN 38112 (901) 325-5461 MATA 1370 Levee Road Memphis, TN 38108 (901) 722-7162 MSCAA 2491 Winchester Rd., Ste. 113 Memphis, TN 38116 (901) 922-8000

#### **Related Organization**

The City Mayor has the right to appoint members of the Memphis Housing Authority (MHA) Board, but the City is not able to impose its will as such members can only be removed with cause. Additionally, the potential for MHA to provide financial benefit to or impose financial burden on the City does not exist.

#### **Joint Ventures**

The City is a participant in several joint ventures in which it retains an ongoing financial interest or an ongoing financial responsibility. The City participates in the following joint ventures (see Note V (D):

- · Mid-South Coliseum
- Memphis and Shelby County Convention Center Complex
- · Memphis and Shelby County Port Commission
- Public Building Authority of Memphis and Shelby County, Tennessee
- New Memphis Arena Public Building Authority of Memphis and Shelby County, Tennessee

#### **Jointly Governed Organizations**

The City, in conjunction with Shelby County, Tennessee (the County) created the following organizations that are not considered joint ventures as the City and the County do not retain an ongoing financial interest or responsibility:

**Memphis and Shelby County Center City Commission (the Commission)** – The Commission is an organization responsible for promotion and redevelopment of the Memphis Center City area. Board members (seven) are appointed by the City and the County Mayors, with approval by the City Council and the County Commission, for three year terms. The City collects special assessment taxes for the promotion and maintenance of the Memphis Center City area which are remitted annually to the Commission for such activities.

**Memphis and Shelby County Parking Authority (the Parking Authority)** – The Parking Authority is a nonprofit corporation established jointly by the City and the County in fiscal year 1998 under the laws of the State of Tennessee. The Parking Authority provides uniform parking policies, coordinated management including the relation of parking to public and private transportation patterns, and strategic planning for existing and future parking facilities. The City and County Mayors appoint the Board members (seven), for terms that range from two to six years.

**Memphis Center City Revenue Finance Corporation (the Finance Corporation)** – The Finance Corporation is a nonprofit corporation established jointly by the City and the County under the laws of the State of Tennessee. The Finance Corporation provides various forms of financial assistance to development projects. The City and the County Mayors appoint the Board members (nine), with approval by the City Council and the County Commission, for six year terms.

**Industrial Development Board (IDB)** – The IDB operates as a nonprofit corporation for the purpose of promoting industrial development in the City and the County. Board members (nine) are appointed by the City and the County Mayors, with approval by City Council and the County Commission, for six year terms.

**Depot Redevelopment Corporation of Memphis and Shelby County (the Corporation)** – The Depot Redevelopment Corporation is a nonprofit corporation established jointly by the City and County under the laws of the State of Tennessee. The primary purpose of the Corporation is to secure from the United States the land, building, and equipment of the Memphis Defense Depot (closed as a military base in 1997); enter into agreements to acquire, construct, improve, lease, operate and dispose of property; and to promote the redevelopment of the Memphis Depot for the citizens of the City and

County. Board members (nine) are appointed by the City and County Mayors, with approval by the City Council and County Commission, for six year terms.

**Sports Authority of Memphis and Shelby County Incorporated** (the Authority) – The Authority is a nonprofit corporation established jointly by the City and County under the provisions of the Sports Authority Act of 1993 (State of Tennessee). The purpose of the Authority is to review and/or act upon issues dealing with sports entities, teams, stadiums, arenas, and other matters related to the improvement of sports related activities. Board members (eleven) are appointed by the City and the County Mayors, with approval by the City Council and County Commission, for six year terms.

#### B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statements of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenues (except for investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received.

The City reports the following major governmental funds:

**General Fund** - The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service Fund - The Debt Service Fund accounts for the resources accumulated and payments made for

principal and interest on long-term general obligation debt of governmental funds.

The City reports the following major proprietary funds:

**Sewer Collection and Treatment Enterprise Fund** – The Sewer Collection and Treatment Fund accounts for the operations of the regional sewer collection and treatment facilities operated by the City.

**Memphis Light, Gas and Water Division (MLGW) Enterprise Fund** – The MLGW Fund accounts for the provision of electricity, gas and water to customers in Shelby County, Tennessee, which includes the City.

Additionally, the City reports the following fund types:

**Internal Service Funds** – The City's Internal Service Funds account for the financing of goods or services provided by one department to other departments or agencies of the City on a cost reimbursement basis. The City reports the following Internal Service Funds:

**Printing and Mail Internal Service Fund** 

**Health Insurance Internal Service Fund** 

**Unemployment Compensation Internal Service Fund** 

Fleet Management Internal Service Fund

**Fiduciary Funds** – The City's Fiduciary Funds account for the activities of the following pension and other postemployment benefit plans, which accumulate resources for payments to qualified participants and investments held for external organizations:

**City Retirement System** 

**Library Retirement System** 

Memphis Light, Gas and Water Retirement System

Memphis Light Gas and Water Retiree Medical and Life Insurance Benefits

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City, MSCAA and MATA have elected not to follow subsequent private-sector guidance. MLGW has elected to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between MLGW and the Sewer Collection and Treatment Fund and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sewer Collection and Treatment Fund, the MLGW Fund, and the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### D. Assets, liabilities, and net assets or equity

#### Cash and cash equivalents and investments

The City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Investments are stated at their related fair value (see Note IV (A).

#### Property taxes receivable

Property taxes are recorded as receivables when levied, net of estimated uncollectibles. The receivables collected during the current fiscal year and those collected by August 31, 2006, related to tax levies for fiscal year 2006 and prior, are recorded as revenue. Amounts received related to the property tax levy of the next fiscal year and the net receivables estimated to be collectible subsequent to August 31, 2006, are recorded as deferred revenue at June 30, 2006.

#### Interfunds receivable and payable

Activity between funds that are representative of lending/borrowing arrangements outstanding at June 30 are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Direct expenses (charges based on actual use) are not eliminated, whereas indirect expense allocations made in the funds are reversed in the statement of activities.

Transactions which constitute reimbursements of a fund for expenditures or expenses initially made from it which are properly applicable to another fund, such as insurance claims, are recorded as expenditures or expenses (as appropriate) in the reimbursing fund and as reductions of the expenditure or expense in the fund that is reimbursed.

All interfund transactions except quasi-external transactions and reimbursements are accounted for as transfers. Nonrecurring or nonroutine transfers of equity between funds are considered equity transfers. All other interfund transactions are treated as transfers.

Under the Charter of the City of Memphis, the City is entitled to dividends from Memphis Light, Gas and Water Division (MLGW) based upon equity. These dividends are recorded as a transfer.

#### Inventories and prepaid expenses

Inventories in the Proprietary Funds are stated at cost determined principally by the first-in/ first-out (FIFO) method. General Fund inventories are recorded as expenditures when purchased and there were no significant inventories on hand at June 30, 2006. All other inventories are recorded as expenditures when consumed rather than when purchased (Consumption Method).

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in

both government-wide and fund financial statements.

#### Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., streets, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 (amount not in thousands) and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Contributed capital assets are recorded at estimated fair market value at the date received. The capital assets reported do include infrastructure that was acquired in fiscal years ending after June 30, 1980.

The costs of normal maintenance and repairs that do no add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense incurred by the Sewer Fund during the current fiscal year was \$6,197. Of this amount, none was included as part of the cost of capital assets constructed with bond proceeds.

Property, plant and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

Buildings	25-50	years
Improvements	10-60	years
Infrastructure	50	years
Machinery, Buses and Equipment	3-15	years

#### Compensated absences

City employees are granted vacation, sick and other leave benefits in varying amounts in accordance with administrative policy and union contracts. Vacation days earned are required to be utilized annually, but may be carried forward upon written request. In the event of termination, an employee is reimbursed for accumulated vacation days. Employees are required to take their vacation in their last year of employment prior to retirement. Employees are generally reimbursed for accumulated unused sick leave, not to exceed 75 days, only upon retirement, and only for those employees with 25 years or more service with the City. Certain exceptions to this policy occur in accordance with the terms of various union contracts.

The liability for vacation, sick and other leave benefits related to and intended to be paid from Proprietary Funds and the amount that is expected to be liquidated with expendable available financial resources from Governmental Funds is included in the fund financial statements. Additionally, the long-term portion of the liability for these benefits to be paid by Governmental Funds is reported in the government-wide financial statements.

#### **Deferred Compensation Plan**

The City and MLGW offer their employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plans permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The City and MLGW's amended plans meet the requirements of Internal Revenue Code Section 457. The amended plans provide that assets or income of the plans shall be used for the exclusive purpose of providing benefits for participants and their beneficiaries or defraying reasonable expenses of the administration of the plan. Since the assets of the amended

plans are held in custodial and annuity accounts for the exclusive benefit of plan participants, the related assets of the plan are not reflected on the balance sheet.

#### Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, general obligation bonds, revenue bonds and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Fund equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### Reclassification of Funds and Restatement of Fund Balance/Net Assets

Prior year fund balance on the following proprietary fund has been adjusted as stated below:

	<u>Pro</u>	
		MLGW Gas <u>Division</u>
Fund Balance/Fund Equity at June 30, 2005 Adjustment of prior year payable, accrual, deferral Restated Fund Balance/Fund Equity at June 30, 2005	\$ <u>\$</u>	405,092 (7,202) 397,890

#### II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

### A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of the \$1,138,661 difference are as follows:

Bonds payable	\$ 915,315
Bond anticipation notes payable	114,000
Notes payable	786
Capital lease obligation payable	970
Unamortized loan costs	25,701

# NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2006

# CITY OF MEMPHIS, TENNESSEE (Continued)

Compensated absences Accrued interest payable	72,768 10,431
Net adjustment to reduce-fund balance-total governmenta funds to arrive at net assets-governmental activities	al \$1,139,971_

## B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of the \$4,265 difference are as follows:

Capital outlay Depreciation expense	\$ 98,737 (94,472)
Net adjustment to increase net changes in fund balances-total governmental funds to arrive at changes in net assets of governmental activities	\$ 4,265

Another element of that reconciliation states that "the issuance of long-term debt (e.g. bond, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$29,990 difference are as follows:

Debt issued or incurred:	
Issuance of general obligation bonds	\$ 184,115
Bond issue costs	5,776
Premium on bond issue	6,530
Principal repayments:	
General obligation debt	(46,046)
Payment to escrow agent for refunding	 (120,385)
Net adjustment to decrease net changes in fund balances-	
total governmental funds to arrive at changes in net assets	
of governmental activities	\$ (29 990)

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this \$3,420 difference are as follows:

Claims and judgments	<u>\$</u>	3,420
Net adjustment to increase net changes in fund balances-total governmental funds to arrive at		
changes in net assets of governmental activities	\$	3,420

#### III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Budgetary information

The City Council annually approves the budget ordinance for the General, Special Revenue (except Community Service Fund, Central Business Improvement District Fund, Community Redevelopment Agency Fund, and Education Fund) and Debt Service Funds of the City.

During the fiscal year, budgetary control is maintained at a program level. The City Mayor has the authority to approve transfers between line items within the total amounts of each program category (Personal Services, Material and Supplies, Capital Outlay, Grants and Subsidies, Inventory and Expense Reimbursements). The City Mayor also has the authority to approve transfers between program categories within the total amounts of each program; however, each transfer shall have a maximum limit of \$50 and each program shall have an annual cumulative limit of \$100 for transfers between categories within the total amounts of each program. During the fiscal year, any transfer of appropriations between programs can be made only upon the authorization by ordinance or resolution of the City Council. At year-end, the Comptroller is authorized to transfer appropriations between programs to cover any resulting unfavorable variances as long as the total expenditure appropriation is not exceeded. The reported budgetary data has been revised for amendments authorized during the year and at year-end. Such data reflects expenditures by program categories at a division level to avoid excessively detailed program classifications.

For Workforce Investment Act Special Revenue Fund, budgets are approved annually upon the availability of the grants from the federal government. The lives of the grants range from 2 to 3 years. The Midtown Corridor Fund has a "carryover" budget. The prior years' budget remains open until the revenue is completely expended, which generally exceeds one fiscal year.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. The basis of accounting applied to budgetary data presented is not consistent with generally accepted accounting principles for governmental funds, as actual expenditures are increased by current year encumbrances in order to be consistent with the basis of budgeting used.

#### B. Excess of expenditures over appropriations

In demonstrating compliance with the City's legally prescribed budgetary requirements, expenditures at June 30, 2006, did not exceed appropriations at the program level. The comparison of actual expenditures to the budget for the General Fund reflect no unfavorable variances from budget at the program level because the revisions to budget were recorded after year end to offset the legal level deficits for several functions. These revisions were made in accordance with the authorization allowed in the adopted budget ordinances for 2006.

#### C. Deficit fund equity

The New Memphis Arena Special Revenue Fund has a deficit fund balance of \$9,023 as of June 30, 2006. The City of Memphis, Shelby County, and The Memphis and Shelby County Sports Authority, Inc. are parties to an interlocal agreement relating to the financing of the new sports arena that was completed in August 2004. Of the \$250,000 budget, the City paid \$12,000 for acquisition and construction of the Arena site and infrastructure improvements. The City's commitment was funded through legally available non-ad valorem revenues. The interfund payable to the Debt Service Fund and Capital Projects Fund will be repaid from future hotel motel taxes. The City anticipates the New Memphis Arena Special Revenue Fund negative fund balance will be eliminated over the next 10 years by using proceeds from the hotel/motel funding source. This fund also reports the pass-through of certain revenues related to Sports Authority bonds issued for the construction of the Arena.

Premiums for the Unemployment Compensation Fund, which reflects a deficit fund balance of \$1,905 as of June 30, 2006, were increased July 1, 2005. The increased premium reduced fiscal year 2006's operating loss down to \$231 from \$894 in fiscal year 2005. Another premium increase is scheduled for fiscal year 2008 which is expected to eliminate the fund deficit over a 5 year period. The Printing and Supply and Fleet Management internal service funds' annual operating losses also decreased substantially this fiscal year. Management is continuing a review of these funds' operations and charges to ensure that the funds' cost and charge structure are in alignment and to develop a strategy for eliminating the current fund deficits over time.

#### IV. DETAILED NOTES ON ALL FUNDS

#### A. Deposits and investments

Statutes authorize the City to invest in bonds, notes or treasury bills of the United States or any of its agencies, certificates of deposit, repurchase agreements utilizing obligations of the United States or its agencies as the underlying securities, state pooled investment fund, money market mutual funds and mortgage-backed securities. Statutes require that (1) deposits have securities as collateral whose market value is equal to 105 percent of the value of the deposits, less so much of such amount as is insured by federal deposit insurance and (2) securities underlying repurchase agreements must have a market value at least equal to the amount of funds invested in the repurchase agreements. Tennessee Code Annotated Sections 9-4-105 and 9-4-404 state that collateralization coverage for cash deposits may be computed based on average daily balances of the preceding month.

City ordinances, as interpreted by opinions of the City Attorney, authorize the City to enter into stock and bonds borrowed/cash or bond pledged securities lending agreements, that is a transfer of securities with a simultaneous receipt of securities. The securities received in the transfer are the type which the City is legally authorized to hold. The market value of the securities received in the agreement is 102 percent of the value of the securities transferred in the case of the securities of United States issuers and 105 percent in the case of securities of non-United States issuers. The securities transferred are a part of the total investments reported below. The securities being held are not reported as a part of the total investments. The City retains the interest income on the securities being transferred and received \$573 during the year ended June 30, 2006. On June 30, 2006, the market value of the securities transferred was \$23,744 and the market value of the securities the City was holding was \$24,833. The monitoring procedures in the securities lending programs are the same as those requirements in regard to the repurchase agreements. At year end, the City has no credit risk exposure to borrowers because the amounts the City owes the borrowers exceed the amounts the borrowers owe the City.

#### **Cash and Investment Pool**

The City uses a central cash and investment pool (the "Pool") for all funds other than the Pension Trust Funds, MLGW funds, and certain investments of the Capital Projects Fund and Sewer Collection and Treatment Fund. The Memphis and Shelby County Port Commission also participates in the Pool. As discussed in Note 1, the Port Commission operates as a joint venture and is therefore not included in the reporting entity. The Port Commission's equity position in the Pool is reported as an investment trust fund. The equity of the other funds within the reporting entity is recorded as an asset in those funds. The City's component units do not participate in the Pool. The individual fund pool balances are based upon actual cash receipts and disbursements with investment income, including any unrealized gains from changes in the fair value of investments, allocated monthly to each fund on a pro-rata basis. The fair value of the Pool is the same as the value of the Pool shares. The City's investment policy with respect to the Pool is to maximize investment earnings while maintaining an acceptable level of risk. Since investments in the Pool must provide for the future cash needs of the City, flexibility and liquidity of investments are generally maintained at all times. The City does not provide guarantees to the Pool participants to support the values of their equity positions.

#### Interest Rate Risk

In accordance with its investment policy, the city manages its exposure to fair value losses arising from increasing interest

rates by limiting the duration of the portfolio, excluding bond proceeds, to less than one (1) year. Furthermore, no investment is allowed to have a maturity of greater than two (2) years from date of purchase unless such maturity is approved by the State Director of Local Finance.

#### Credit Risk

It is the City's policy to limit its investments to prime commercial paper which shall be rated at least A1 or equivalent by at least two (2) nationally recognized rating services. Proceeds of bonds, notes and other obligations issued by the city, reserves held in connection therewith and the investment income there from, may be invested in obligations which (a) are rated in either of the two highest rated categories by a nationally recognized rating agency; (b) are explicitly guaranteed general obligations of a state of the United States, or a political subdivision or instrumentally thereof, having general taxing powers; and (c) have a final maturity on the date of investment not to exceed twenty-four (24) months or which may be tendered by the holder to the issuer thereof, or an agent of the issuer, at not less than twenty-four (24) month intervals unless approved by the State Director of Local Finance. As of June 30, 2006, the government's investments in general obligation bonds were rated A1 by Moody's Investor Service, A by S & P, and A+ by Fitch Ratings.

#### Concentration of Credit Risk

The City's investment policy requires portfolio diversification by security type and institution. The maximum percentage of the portfolio permitted in each eligible security is as follows:

U.S. Treasury	100%	maximum
Federal Agency (Fixed Rate)	100%	maximum
Federal Agency (Variable Rate)	10%	maximum
Repurchase Agreement	50%	maximum
Commercial Paper	15%	maximum
Banker's Acceptances	15%	maximum
Insured/Collateralized Certificates of Deposit	20%	maximum
Municipal Obligations	20%	maximum
Tennessee LGIP	25%	maximum

The City's investment policy is further diversified and limits the exposure to any other issuer. No more than 5% of the City's Portfolio is allowed to be invested in the securities of any single issuer with the following exceptions:

Each Federal Agency	35%	maximum
Each Repurchase Agreement Counterparty	20%	maximum

#### **Custodial Credit Risk**

The City's investment policy provides that all securities purchased by the City or held as collateral on either deposits or investments shall be held in third-party safekeeping at a financial institution.

Deposits held by the Pool at June 30, 2006, were as follows:

<u>Description</u>		Carrying <u>Amount</u>	Bank <u>Balance</u>
Cash deposits	\$	(11,049)	8,540

The investments held by the pool consist of the following at June 30, 2006:

	Maturity	Interest	Fair	
Description	<u>Dates</u>	<u>Rates</u>	<u>Value</u>	<u>Duration</u>
U.S. Government agencies	July 2006	4.93-5.00	\$ 21,738	.030
Commercial paper	July 2006	5.20	1,495	.035
Certificate of Deposit			 4,000	
Total			27,233	
Investments not subject to				
Categorization - Money market funds			 13	
Total investments			\$ 27,246	

The Pool does not issue separate financial statements. Condensed financial information as of June 30, 2006 is as follows (dollar amounts and share amounts are the same):

Condensed Statement of Net Assets Investments Bank overdraft Net assets	\$ 27,246 (11,049) \$ 16,197
Net assets held in trust for pool participants:	
Internal participants Total net assets held in trust for pool participants	16,197 \$ 16,197
Condensed Statement of Changes in Net Assets Additions:	
Investment income Purchase of units	\$ 5,034 <u>23,700,437</u>
Total Additions Deduction:	23,705,471
Redemption of units Net decrease Net assets held in trust for pool participants:	<u>23,707,116</u> (1,645)
Beginning of Year End of Year	17,842 \$ 16,197

#### Investments Outside of the Pool

In addition to the cash and investment pool, several funds in the primary government own investments outside of the Pool. The Capital Project Fund's investments were purchased from the unexpended portion of general obligation bond issues which require the City to maintain separate investments for arbitrage purposes. The Sewer Collection and Treatment Fund's investments were purchased to set aside funds to satisfy certain revenue bond covenants. Investments in these funds are generally of the same type as in the Pool with the addition of collateralized certificates of deposit. These funds also are required to hold funds relating to certain construction projects in the State of Tennessee Local Government Investment Pool ("LGIP"). The LGIP is an interest bearing account insured and regulated by the State. The fair value of the position in the LGIP is the same as the value of the pool shares. All of MLGW Fund's investments are outside of the City's investment pool. MLGW's investments are invested under a cash management program which provides for the investment of excess cash balances in short-term investments and the investment of debt service funds in instruments

maturing as the related debt matures. These investments are similar to those described above with the addition of commercial paper and mutual funds. Investments in the City Retirement Fund, the Library Retirement Fund, and the MLGW Retirement and Pension System include stocks, corporate and government bonds, mortgage-backed securities, mutual funds, limited partnerships, real estate investments and commercial paper in addition to the money market securities mentioned above. As of June 30, 2006, the City's investments in general obligation bonds were rated A1 by Moody's Investor Service, A by Standard & Poor's, and A+ by Fitch Ratings.

MLGW's general investment policy is to apply the prudent investor rule: Investments shall be made with judgment and care, under circumstances then prevailing which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. Repurchase agreements have a term to maturity of no greater than ninety (90) days and, commercial paper maturity is no greater than two hundred-seventy (270) days. If the corporation has senior long term debt it must have a minimum rating of AA or equivalent and a short term debt minimum rating of A or equivalent as provided by a majority of the rating services that rate the issuer. Municipal obligations are rated in either of the two highest rating categories by a nationally recognized statistical rating organization. Asset-backed securities are defined as debt securities that have specifically pledged collateral. Each holding shall be rated Aaa by Moody's Investors Service or AAA by Standard & Poor's.

Deposits held by the primary government outside of the Pool at June 30, 2006, were as follows:

	(	Carrying	Bank
<u>Description</u>	<u>.</u>	<u>Amount</u>	<b>Balance</b>
Cash deposits	\$	(2,126)	(6,626)
Cash on hand		105	
Total deposits and cash on hand	\$ <u> </u>	(2,021)	

The investments held by the primary government outside the Pool consist of the following at June 30, 2006:

		Fair
<u>Description</u>		<u>Value</u>
Short-term investments		140
U.S. Government securities		169,259
Common stock - domestic		114,106
Corporate bonds - domestic		9,949
Mortgage-backed securities		12,531

Forward Purchase Agreements		24,513
Total Investments	<u>\$</u>	200,342

A reconciliation of cash and investments for the discretely presented component units as shown on the Combining Balance Sheet for the discretely presented component units is as follows:

Total component unit cash and deposits	\$ 263,165
Total component unit investments	 226,609
Total	\$ 489,774
Cash and cash equivalents	\$ 242,983
Investments	42,672
Restricted cash and cash equivalents	20,182
Restricted Investments	183,937
Total	\$ 489,774

#### B. Receivables

Receivables as of year end for the City's individual major funds and nonmajor, internal service, and fiduciary funds in the aggregate, including the applicable allowances for the uncollectible accounts, are as follows:

		General	Debt Service	Sewer Col- lection and Treatment	Memphis Light, Gas and Water	Nonmajor and Other Funds	Total
Receivables:	-	General	OCIVICE	reament	and Water	i unus	Total
Property taxes	\$	244,690	89,683	-	_	111,022	445,395
Sales and income taxes		37,006	-	-	-	-	37,006
Special assessments		-	19	-	-	-	19
Federal and state grants		951	-	-	-	29,318	30,269
Interest and dividends							
on investments		56	4	328	-	52	440
Notes and accounts receivable		-	-	3,922	259,911	250	264,083
Housing and rehabilitation							
loans		-	-	-	-	81,721	81,721
Other		116,887				2,863	119,750
Gross receivables		399,590	89,706	4,250	259,911	225,226	978,683
Less allowance for uncollectibles		(95,683)	(3,296)	(498)	(11,429)	(20,804)	(131,710)
Net total receivables	\$	303,907	86,410	3,752	248,482	204,422	846,973

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At June 30, 2006, deferred revenue principally represents: (1) amounts received for various capital projects upon which revenues will not be recognized until such projects have started, (2) amounts relating to property taxes as described above, (3) operating subsidies received in advance, (4) uncollected principal on Housing Rehabilitation Loans and (5) long-term receivables due from agencies.

#### C. Property taxes

The City levies property taxes for the calendar year annually based upon assessed valuations. The various types of property are assessed at a percentage of market value on January 1 of each year as follows:

Farm and residential real property	25%
Commercial and industrial real property	40%
Commercial and industrial personal property	30%
Public utilities real and personal property	55%

The assessed value upon which the fiscal 2006 levy was based was approximately \$11.2 billion. The market value was approximately \$35.7 billion making the overall assessed value 31.26 percent of the market value. Taxes attach as an enforceable lien on property on June 1, the day taxes are levied, and are due by September 1. Current tax collections for the year ended June 30, 2006, were 93.68 percent of the tax levy. At June 30, 2006 the allowance for uncollectibles by fund was as follows:

General Fund	\$ 8,580
Education Special Revenue Fund	4,073
Debt Service Fund	3,297
Capital Projects Fund	13
Total	\$ 15,963

The property tax levy is without legal limit. The rate, as permitted by Tennessee State Law and City Charter, is set annually by the City Council and collected by the City Treasurer. The City allocated the property tax per \$100 of assessed value for the year ended June 30, 2006, as follows:

General Fund		\$ 1.9088
Education Special Revenue Fund		.8271
Debt Service Fund		.6941
Capital Projects Fund	_	.0032
Total	\$	3.4332

The Sewer Fund and MLGW are assessed an in-lieu-of-tax payment with all proceeds from this source allocated to the General Fund. The City contributed 22.5% of the MLGW electric payments to the County in accordance with the calculation required by state law.

#### D. Capital assets

Capital asset activity for the year ended June 30, 2006 was as follows:

#### **Primary Government**

	 Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Capital assets, not being depreciated:				
Land	\$ 58,747	3,390	(735)	61,402

Total nonmajor special revenue		14,019	10,556	-	32	-	891	891	202	2,016	-	26,591
Enterprise fund:												
Sewer		5,137	-	-	-	-	-	-	-	-	-	5,137
Memphis light, gas and water		48,610	-	-	-	-	-	2,500	-	2,500	-	51,110
Golf		-	292	-	-	-	-	-	-	-	-	292
	\$	67,766	16,429	6	57	3,439	891	3,391	1,414	9,192	219	93,612

Transfers are used to (1) move revenue from the fund that statute or budget requires to collect them to the fund that statue or budget requires to expend them and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The composition of interfund balances as of June 30, 2006 is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Amount
GOVERNMENTAL FUND TYPES		
GOVERNMENTAL FUND TTPES		
General	Municipal state aid Community development Solid waste Sewer Golf Storm water Printing & mail Unemployment compensation Fleet Management	\$ 2,762 16 1,038 3,809 3,356 1,548 301 1,832 4,812
		19,474
Debt service	Municipal state aid Capital projects	526 28,218 28,744
Special Revenue:		
Drug enforcement	WIA Miscellaneous grants	427 4
Midtown corridor	Miscellaneous grants	1,345 1,776

PROPRIETARY FUND TYPES		
Internal Service: Printing and mail	Community development	1
Health insurance	Community development New Memphis arena Retirement	9,079 7,343 3,815
Fleet management	Community development	20,240
FIDUCIARY FUND TYPES		
Pension Trust: Retirement	General	13
Total		\$ 70,247
Due to/from primary government and compo	onent units:	
Receivable Entity	Payable Entity	Amount
Primary government - debt service Total	Component unit - MATA	\$ 800 \$ 800

These balances resulted from (1) timing differences between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, and (2) payments between funds occur. Also, there are some interfund balances resulting from working capital loans made between the funds. The majority of these balances are scheduled to be collected in the subsequent year.

#### F. Leases

#### **Operating Leases**

The City occupies certain storage and office facilities principally under operating lease arrangements. The minimum annual rentals under such leases are not significant.

#### **Capital Leases**

The City has entered into a lease agreement as lessee for financing the acquisition of vehicles for the Division of Police. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

#### Assets:

Machinery and equipment	\$ 5,287
Accumulated depreciation	 (4,303)
Total	\$ 984

The remaining debt service requirements for the capital lease obligations for the City at June 30, 2006, are as follows:

Fiscal Year	Total Payments
2007	\$ 1,009
Less portion representing interest	(39)
Present value of net minimum future payments	<u>\$ 970</u>

#### G. Long-term debt

#### **General Obligation Bonds**

The City's full faith and credit and unlimited taxing power has been pledged to the payment of general obligation debt principal and interest. There is no legal limit on the indebtedness which may be incurred.

In February, 2006, the City issued \$115,115 of General Improvement Refunding Bonds, Series 2006A \$76,930 and 2006B \$38,185 to refund \$3,895 in General Improvement Bonds, Series 1998, \$2,960 in General Improvement Bonds, Series 1999A, \$16,570 in General Improvement bonds, Series 2000, \$11,995 in General Improvement Bonds, Series 2002, \$3,755 in General Improvement bonds, Series 2003. The net proceeds of \$121,253 (after the net issue premium of \$6,531, payment of \$393 in underwriter's fees, and \$537,600 in insurance) were used to purchase U.S. Government, State, and Local Series Securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the above-mentioned bonds. As a result, these Series bonds are considered to be defeased. The proceeds and extinguishment of debt as well as the issue costs paid by the City were recorded in the Debt Service Fund for the refunding issue.

The city refunded bonds to realize a cash flow savings in fiscal year 2006, 2007, and 2008, which allowed restructuring of debt. The net present value was \$560. In addition, \$80 million of Commercial Paper was retired.

#### **Commercial Paper Program**

In April 2001, the city entered agreements to sell bond anticipation notes in the form of General Obligation Commercial Paper. The Commercial Paper is issued under the State of Tennessee Commercial Paper Program in an amount not to exceed \$150,000. The purpose of the Commercial Paper is to provide interim financing of various capital projects. The Commercial Paper has varying maturities of not more than 270 days from their respective dates of issuance. The City has entered a line of credit agreement, which expires on April 24, 2009, to provide liquidity support for this Commercial Paper Program. The debt is classified as long-term debt and is reflected in the City's Statement of Net Assets and the City's Capital Improvement Projects Fund, based on the City's ability to refinance the debt under the line of credit agreement.

#### **Defeased debt**

In prior years, the City defeased other general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and the liability of the defeased bonds are not included in the City's financial statements. On June 30, 2006, a total of approximately \$251,280 bonds outstanding are considered defeased.

#### Changes in long-term liabilities

Various bond indentures contain significant limitations and/or restrictions for annual debt service requirements, maintenance of and flow of monies through various restricted accounts and minimum amounts to be maintained in various sinking funds. The City is in compliance with these limitations and restrictions.

#### NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2006

Long-term liability activity for the year ended June 30, 2006, was as follows:

The following is a summary of long-term debt by fund at June 30, 2006:

	General Obligation Bonds	Bond Anticipation Notes	Notes Payable	Capital Lease Obligations	Revenue Bonds	Total
Governmental Funds	\$ 915,315	114,000	786	970	-	1,031,071
Enterprise Funds	 <u>-</u>		-	-	1,543,865	1,543,865
Total long-term debt	\$ 915,315	114,000	786	970	1,543,865	2,574,936

Long-term liability activity for the year ended June 30, 2006, was as follows:

Governmental activities:	 Balance June 30, 2005	Additions	Reductions	Balance June 30, 2006	Due Within One Year
General obligation bonds payable Premium on general obligation bonds Bond anticipation notes payable Notes payable Capital lease agreements Accreted value on bonds Vacation, sick and other leave benefits	\$ 876,741 23,993 125,000 1,571 2,626 5,571 73,244	115,115 6,530 69,000 - - 667 8,021	(82,779) (4,822) (80,000) (785) (1,656)	909,077 25,701 114,000 786 970 6,238 81,260	35,595 - 114,000 786 970 - 7,870
	\$ 1,108,746	199,333	(170,047)	1,138,032	159,221

Revenue bonds State loans MLGW revenue bonds	\$ 117,790 192 1,383,290	32,000	(7,380) (192) (80,355)	142,410 - 1,302,935	8,465 - 82,030
Premium on MLGW revenue bonds Less deferred amounts: For issuance discounts and on refunding MLGW notes payable Vacation, sick and other leave benefits	107,305 (1,868) 8,074 2,869	- - - 2,674	(13,867) 867 (1,124) (2,869)	93,438 (1,001) 6,950 2,674	1,213 328
	\$ 1,617,652	34,674	(104,920)	1,547,406	92,036

The accreted value of bonds represents accrued interest on the \$6,401 principal portion of compound interest bonds of the 1993A Refunding Bonds. The cumulative accreted value of the 1993A Refunding Bonds is \$6,238 at June 30, 2006. The compounded accreted values (principal plus accreted interest) of this portion of the 1993A Refunding Bonds at maturity are as follows:

Maturity Date	Principal Amount	
August 1, 2008 August 1, 2009 August 1, 2010 August 1, 2011	\$ 2,112 1,523 1,427 1,339	4,605 3,555 3,545 3,545
Total	\$ 6,401	15,250

The compound interest bonds are subject to optional redemption by the City prior to their maturities at stated redemption prices which are calculated based upon the compounded accreted value at the date of redemption. A summary of General Obligation Debt and Revenue Bonds at June 30, 2006 follows:

Description	Interest Rates(%)	Original Issue	Balance Outstanding at Year End
General Obligation Debt:			
General City Government Serial Bonds (1)	2.125-6.125	\$ 1,548,871	\$ 914,055

### H. Restricted assets

The balances of the restricted asset accounts in the enterprise funds are as follows:

Investments – Memphis Light, Gas and Water	\$ 88,408
Customer deposits – Memphis Light, Gas and Water	 17,696
Total	\$ 106,104

### V. OTHER INFORMATION

# A. Risk management

The City is self-insured for health and medical benefits as well as on the job injury claims. The Health Insurance - Internal Service Fund charges premiums to other funds (primarily to the General Fund) which are used to pay claims and to fund the accrual for "incurred but not reported" (i.e. IBNR) claims and administrative costs of its health and medical benefits program. Additionally, on the job injury claims of \$6,290 were recorded in the Governmental Funds.

There were no significant incremental claim adjustment expenditures/expenses other than the expected cost of administering the claims paid by third party administrators. These liabilities, including IBNR (incurred but not reported claims), are based on the estimated ultimate cost of settling the claims using past experience adjusted for current trends, and any other factors that would modify past experience.

The changes in the insurance claims payable for the years ended June 30, 2005 and 2006 are as follows:

			On the Job In	jury
	 Health and Medical	Sewer	Vehicle Maintenance Fund	Governmental Funds
Balance - June 30, 2004 Current year provision Payments	\$ 10,363 66,510 (69,150)	23 - -	- 72 (72)	5,031 5,125 (4,678)
Balance - June 30, 2005 Current year provision Payments	 7,723 69,625 (69,185)	23 - -	- 65 (65)	5,478 6,317 (5,505)
Balance - June 30, 2006	\$ 8,163	23	_	6,290

The City received insurance recoveries during the year for fire loss at the Shelby County Building in the amount of \$1,257 and for vandalism at the Farrisview facility to vehicles and equipment in the amount of \$717.

# B. Subsequent events

The City of Memphis issued on September 6, 2006, \$20,220,000 Sanitary Sewerage System Revenue Refunding Bonds, Series 2006 to refund certain outstanding Sanitary Sewerage System Revenue Bonds of the City for Fiscal Year 2007. This transaction was negotiated with Duncan-Williams, Inc. as Senior Manager. The net present value savings over 14-years is \$1,334,731.54.

On December 20, 2006, \$89,385,000 of General Improvement Refunding Bonds were issued for the purpose of refunding certain outstanding Bonds of the City for Fiscal Year 2007. This transaction was negotiated with Morgan Keegan & Co., Inc. as Senior Managers. The net present value savings over 17-years is \$4,802,515.55.

# C. Contingent liabilities

The City is a defendant in a number of various lawsuits filed in the ordinary course of its operations. The City believes that \$8,710 is a reasonable measure of the ultimate settlement of these matters and has been reflected on the City's Statement of Net Assets.

Amounts received or receivable from grantors, principally the Federal and State governments, are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the City as revenue, would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time although City officials expect such amounts, if any, to be immaterial.

The City has commitments at June 30, 2006, for outstanding purchase orders and outstanding contracts reported as reserves for encumbrances in the General Fund of \$2,703. The City had additional commitments totaling \$55,328 for certain infrastructure and sewer construction projects.

## D. Joint ventures

# **Mid-South Coliseum**

The Mid-South Coliseum (the Coliseum) is a joint operation between the City and the County. It is managed by a board consisting of two members appointed by the City, two appointed by the County, and one appointed jointly by the City and the County. The participants must approve expenditures for salaries over \$3 and other expenditures over \$2. The City and the County share in profits or fund any deficits from operations in a ratio of 60% and 40%, respectively. As of and for its year ended June 30, 2006, the Coliseum reported the following derived from its audited financial statements:

\$ 1,496
1,390
106
2,097
2,546
449
<b>\$</b>

Financial statements for the Coliseum may be obtained from Mid-South Coliseum, The Fairgrounds, 996 Early Maxwell Blvd., Memphis, TN 38104.

# **Memphis and Shelby County Convention Center Complex**

The Memphis and Shelby County Convention Center Complex (the Convention Center) is a joint operation between the City and the County. It is managed by an eight member board consisting of four members appointed by the City and four members appointed by the County. The board is responsible for reporting the results of operations of the Convention

Center semi-annually to both the City and the County. Each participant shares equally in the profits of the Convention Center and is responsible for funding any deficit from operations in the same proportion. As of and for its year ended June 30, 2006, the Convention Center reported the following derived from its audited financial statements:

Assets	\$ 13,649
Liabilities	1,586
Equity	12,063
Operating revenues	3,376
Operating expenses	6,521
Other income	2,999
Net loss	146

Financial statements for the Convention Center may be obtained from Memphis Cook Convention Center, 255 N. Main Street, Memphis, TN 38103-1623.

# **Memphis and Shelby County Port Commission**

The Memphis and Shelby County Port Commission (the Port Commission), a joint operation between the City and the County, is managed by a seven member board. Three of the board members are appointed by the City and two are appointed by the County. In addition, the director of public works for the City and for the County serves as ex officio members of the board with the right to vote. Capital expenditures over \$5 must be approved by both the City and the County. Excess revenues of the Port Commission are distributed to the City and the County in a sum equal to what would be the City and the County taxes on the property owned by the City and the County, managed and controlled by the Port Commission. Any deficits of the Port Commission are funded equally by the City and the County. As of and for its year ended June 30, 2006, the

Port Commission reported the following derived from its audited financial statements:

Assets	\$ 28,365
Liabilities	7,866
Equity	20,499
Operating revenues	1,811
Operating expenses	2,584
Net loss	773

Financial statements for the Port Commission may be obtained from the Memphis and Shelby County Port Commission, 1115 Riverside Blvd., Memphis, TN 38106-2504.

# Public Building Authority of Memphis and Shelby County, Tennessee

In April 1989, the City and the County entered into a joint operation creating a nonprofit corporation, the Public Building Authority of Memphis and Shelby County, Tennessee (the PBA). The PBA was responsible for the construction of the Pyramid facility (the Pyramid). The total construction costs of \$64,000 were funded \$27,000 each by the City and the County from the proceeds of various G.O. Bonds issued by each and \$10,000 contributed from the State of Tennessee on behalf of the University of Memphis. The City's portion of the construction costs plus half of the amount contributed from the State is reflected in the Governmental-wide Capital Assets.

In September 1991, the City and the County entered into a contract with a company to manage the Pyramid Arena Operations. The management agreement, effective July 1, 1991, is for a three year period with three 5-year renewal options. This agreement is automatically renewable unless either party provides a written notice to the other that it intends not to renew. Management fees to be paid annually to the company are based upon the following percentages of operating revenues:

# **Operating Revenues**

Up to \$2.5 million	10%
\$2.5 to \$3.5 million	0%
\$3.5 to \$4.5 million	7.5%
above \$4.5 million	5%

Under the management agreement, the City and the County will provide the funds necessary for the Pyramid Arena Operations based upon approved budgets. Excess operating revenues, net of management fees and operating expenses, as defined under the management agreement, will be paid to the City and the County.

As of and for its year ended June 30, 2006, the Pyramid Arena Operations reported the following derived from its audited financial statements:

Assets	\$ 695
Liabilities	168
Fund equity	527
Operating revenues	228
Operating expenses	1,436
Other income	988
Net loss	220

Financial statements for the PBA may be obtained from the Pyramid Arena, One Auction Street, Memphis, Tennessee 38105.

## New Memphis Arena Public Building Authority of Memphis and Shelby County, Tennessee

In August 2001, the City and the County entered into a joint operation creating a nonprofit corporation, The New Memphis Arena Public Building Authority of Memphis and Shelby County, Tennessee (The New Arena PBA). The New Arena PBA is a non-profit corporation established under the Statutes of the State of Tennessee and is governed by a Board of Directors whose members are jointly appointed by the Majors and Memphis and Shelby County and approved by the Memphis City Council and the Shelby County Commission. The New Arena PBA is responsible for the construction of a multipurpose sports and entertainment facility (FedEx Forum). The total construction cost of \$250,000 is to be funded from \$186,000 from Senior Lien Revenue Bonds, \$20,000 from Subordinate Lien Revenue Bonds, \$12,000 each by the City and the County from non-ad valorem revenues, and \$20,000 from the State of Tennessee for a parking structure and intermodal transfer station. As of and for its year ended December 31, 2005, the New Memphis Arena PBA reported the following derived from its audited financial statements:

Assets	\$ 225,375
Liabilities	1,887
Fund equity	223,488
Operating revenues	49
Operating expenses	8,295
Other income	876
Net loss	7,370

Financial statements for the New Memphis Arena PBA may be obtained from New Memphis Arena PBA, 195 Linden Avenue, Memphis, Tennessee 38103.

# E. Other postemployment benefits

In addition to providing pension benefits, the City (excluding MLGW) provides certain health and medical benefits and life insurance for retired employees in accordance with the City ordinance, which authorized payment of the benefits. Substantially all of the City's employees may become eligible for the benefits if they reach normal retirement age while working for the City. Of premiums paid for retiree health and medical benefits and life insurance, 70 % is paid by the General Fund (with the remaining 30% paid by the retirees) and is recognized as an expenditure, which totaled \$19,500 for 2006. At June 30, 2006, the number of retirees eligible for health and medical benefits is 3,932.

MLGW has post-retirement major medical and life insurance benefits available to all employee groups as a continuation of those benefits that were available prior to retirement. Currently, 2,443 retirees and beneficiaries are eligible for post-retirement benefits. MLG&W has established a grantor trust to accumulate funds to be used to pay future post-retirement medical benefits. Post-retirement benefit costs, paid 100% by MLGW and the grantor trust, totaled \$19,119 for the year ended December 31, 2005.

# F. Pension and retirement plans

# **City of Memphis Retirement System**

**General** - The City of Memphis Retirement System is established under Chapter 25, Code of Ordinances, City of Memphis, Tennessee and is administered by a Board of Administration under the direction of the Mayor. Separate financial statements for the plan are not issued.

As of and for its year ended June 30, 2006, the City Retirement System reported the following net assets:

## Assets:

Cash and cash equivalents	\$	106
Investments, at fair value:		
U.S. government securities – long-term		259,408
Common stock – domestic		852,408
Common stock – foreign		354,843
Mutual funds and money market		256,196
Corporate bonds – domestic		282,607
Investment in real estate		97,048
Interest and dividends on investments		8,174
Due from other funds		13
Other		3,849
Total assets	2	<u>2,114,670</u>
Liabilities:		
Notes and accounts payable		23,717
Due to other funds		3,81 <u>5</u>
Total liabilities		27,532
Net assets:		
Held in trust for pension benefits and pool participants	\$ <u>2</u>	,087,138

As of and for its year ended June 30, 2006, The City Retirement System reported the following changes in net assets:

Additions:		
Employer contributions	\$	13,984
Plan member contributions		19,679
Interest and dividend income		66,779
Other investment income		91
Gain from real estate investment		11,437
Net appreciation in the fair value of investments		132,859
Total additions		244,829
Deductions:		
Benefits		108,392
Administrative expenses		8,226
Refunds of contributions	_	10,057
Total deductions	_	126,67 <u>5</u>
Net increase		118,154
Net assets – beginning of year	_1	,968,984
Net assets – end of year	\$ <u>2</u>	2,087,138

**Plan Description** - The City Retirement System pension trust fund accounts for the activity of the City of Memphis Retirement System and is a single employer public employee retirement system. Substantially all permanent full-time salaried employees of the City (excluding component units) are required to participate in either of two contributory defined benefit pension plans (the Plans) which are as follows: 1948 Plan - for salaried employees hired prior to July 1, 1978, and 1978 Plan - for salaried employees hired after June 30, 1978. Under City Ordinances, trust assets are reported in one trust fund and not segregated between the two benefit plans. Permanent, full-time employees in job classifications covered by contract with the Social Security Administration are not participants of the Retirement System as they are covered under the Federal Insurance Contribution Act (Social Security).

At June 30, 2006, the Retirement System membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to	
benefits but not yet receiving them	3,932
Active employees:	
Fully vested	2,992
Nonvested	2,863
Total	9,787

The Plans provide retirement benefits as well as death and disability benefits. Retirement benefits vest after ten years of service. General employees, under the 1948 Plan, may retire after completion of 25 years of service or, if earlier, after age 60 and completion of 10 years of service. Under the 1978 Plan, general employees may retire after completion of 25 years of service or, if earlier, after meeting any of the following:

- 1) after age 65 and the completion of 5 years of service,
- 2) after age 60 and the completion of 10 years of service.

Police officers and firefighters under the 1948 Plan and the 1978 Plan may retire after completion of 25 years of service

# NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2006

# CITY OF MEMPHIS, TENNESSEE (Continued)

or, if earlier, after age 55 and completion of 10 years of service. Elected and Appointed participants may retire after 12 years of service.

Benefits amounting to 2.25 percent (for credited service prior to January 1, 1989) and 2.50 percent (for credited service January 1, 1989 and after) of the earnings base for the first 25 years of credited service plus 1 percent of the earnings base for the next 10 years of credited service are payable semi-monthly for life.

**Summary of Accounting Policies** - The financial statements of the Plans are prepared using the accrual basis of accounting. Contributions, benefits, and refunds are recognized when due and payable in accordance with the terms of the plans.

**Method Used to Value Investments** - All investments of the City of Memphis Retirement System are reported at fair value. Short term investments are reported at cost, which approximates fair value. All other investments are valued based upon quoted market prices except for real estate investments, which are appraised by independent appraisals. At June 30, 2006, the City of Memphis Retirement System held one investment in Tattersall Advisory Group with a value of \$346,341, which represents more than 17 percent of plan net assets. No other investments in any one organization represent more than 17 percent of plan net assets.

**Contributions** - The Plans' funding policy provided for actuarially determined periodic contributions at rates of 5 percent per annum for general city employees and up to 7 percent for police and fire employees. The City is required to contribute the remaining amounts necessary to fund the Plans, using the actuarial basis specified by statute. The City is also required to appropriate funds for the trust fund as necessary to pay all costs and expenses of the Plans.

Actuarial Methods and Assumptions - The actuarial valuation method used is a market value related method. The frozen entry age actuarial cost method is used in determining the funding requirements. Significant actuarial assumptions include (a) a rate of return on the investment of present and future assets of 7.5 percent a year compounded annually, (b) projected salary increases of 5 percent a year compounded annually, attributable to inflation, (c) no additional projected salary increases for seniority or merit, and (d) no post-retirement benefit increases.

**Schedule of Funding Progress** - The frozen entry age actuarial cost method, used in determining funding requirements, only identifies the initial unfunded actuarial accrued liability, which is incurred at the inception of the plan and amortized. All other sources of unfunded liabilities (such as plan amendments and experience gains and losses) become part of normal cost. The schedule of funding progress for the six years ended June 30, 2006 is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Unamortized Portion of initial Unfunded Actuarial Accrued Liability (IUAAL)	Unfunded Frozen Actuarial Accrued Liability (UFAAL)	Covered Payroll	IUAAL as a Percentage of Covered Payroll	UFAAL as a Percentage of Covered Payroll
7/1/2001	1,824,173	0	0	208,141	N/A	N/A
7/1/2002	1,886,836	0	0	217,737	N/A	N/A
7/1/2003	1,861,728	0	0	226,580	N/A	N/A
7/1/2004	1,926,926	0	0	241,321	N/A	N/A
7/1/2005	1,992,833	0	0	254,529	N/A	N/A
7/1/2006	2,056,080	0	0	265,605	N/A	N/A

**Schedule of Employer Contributions** - The schedule of employer contributions for the six years ended June 30, 2006 is as follows:

Year Ended June 30	Annual Required Contribution	Percentage Contributed
2001	10,227	108.6
2002	0	(See Below)1
2003	0	(See Below)2
2004	709	1,909.0
2005	2,695	513.7
2006	11,893	117.6

Even though the Annual Required Contribution was zero for this plan year (1)\$11,819,000 was contributed to trust (2)\$12,483,000 was contributed to trust.

**Annual Pension Cost and Net Pension Asset** – The City Retirement System's annual pension cost and net pension asset for the year ended June 30, 2006 were as follows:

Annual required contribution	\$	11,893
Interest on net pension asset		(6,018)
Adjustment to annual required contribution	_	11,690
Annual pension cost		17,565
Contribution made		13,984
Increase in net pension obligation		(3,581)
Net pension asset at beginning of year		80,240
Net pension asset at end of year	\$	76,659

Three-year trend information is as follows:

Year Ended June 30	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2004	5,334	254.0	73,634
2005	7,238	191.3	80,240
2006	17,565	79.6	76,659

# **Library Retirement System**

**General** - The Retirement System of the Memphis and Shelby County Public Library and Information System is established under Chapter 18, Code of Ordinances, City of Memphis, Tennessee and is administered by a Board of Administration under the direction of the Library Board of Trustees and City Council. Separate financial statements for the plan are not issued.

As of and for its year ended June 30, 2006, the Library Retirement System reported the following net assets:

### Assets:

Cash and cash equivalents	\$	1,109
Investments, at fair value:		
Common stock – domestic		32,565
Mutual funds and money market		28,792
Interest and dividends on investments		41
Total assets	_	62,507

### Net assets:

Held in trust for pension benefits and pool participants \$ 62,507

As of and for its year ended June 30, 2006, The Library Retirement System reported the following changes in net assets:

## Additions:

Employer contributions	\$	314
Plan member contributions		314
Interest and dividend income		1,454
Other investment income		(1)
Net appreciation in the fair value of investments		4,780
Total additions	_	6,861

# **Deductions:**

Benefits Administrative expenses Refunds of contributions Total deductions	2,079 462 <u>96</u> 2,637
Net increase Net assets – beginning of year	4,224 
Net assets – end of year	\$ <u>62,507</u>

**Plan Description** - The Library Retirement System pension trust fund accounts for the activity of the Library Retirement System, a single employer public employee retirement system. Substantially all regular full-time and permanent part-time employees of the Library are required to participate in either of two contributory defined benefit pension plans (the Library Plans) which are as follows:

Plan I -for all employees hired prior to April 1, 1975, and employees hired after March 31, 1975, who do not join Plan II, and

Plan II - for employees hired after March 31, 1975, who applied for membership in Plan II as a condition of employment.

Hourly-rate employees are not eligible for coverage under the above Library Plans since they are covered under the Federal Insurance Contribution Act (Social Security).

# NOTES TO FINANCIAL STATEMENTS (Thousands of Dollars) For the fiscal year ended June 30, 2006

CITY OF MEMPHIS, TENNESSEE (Continued)

At January 1, 2006 the Library Retirement System membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them

108

Active employees:

Vested125Nonvested195

Total <u>428</u>

The Library Plans provide retirement benefits as well as death and disability benefits. Retirement benefits, under Plan I, vest partially up to 15 years of service at which point employees are fully vested. Under Plan II, retirement benefits vest after 15 years of service, with partial vesting only occurring after 10 years of service. Under Plan I, employees may retire under any of the following:

- (a) Completion of 30 years of service
- (b) Completion of 25 years of service and attainment of age 55,
- (c) Completion of 10 years of service and attainment of age 60.

Under Plan II, employees may retire under any of the following:

- (a) Completion of 30 years of service and attainment of age 60,
- (b) Completion of 25 years of service and attainment of age 62,

01

(c) Completion of 5 years of service and attainment of age 65.

Also under Plan II, employees may retire with reduced benefits after completion of 25 years of service and attainment of age 55. Upon retirement, retirees receive monthly benefits for life with benefits continuing to the surviving spouse until death or remarriage.

Under both Library Plans effective for retirements after June 30, 1992, monthly benefits are calculated as 2.5 percent of the average compensation multiplied by years of credited service not in excess of 25, plus 1 percent of average compensation for the next 10 years. Average compensation, as defined by Plan I, is the greater of the average monthly compensation for the three consecutive years of service during which compensation was the highest or average monthly compensation for the twelve months preceding the date of retirement. Average compensation, as defined by Plan II, is the greater of the average monthly compensation for the three consecutive years of service during which compensation was the highest.

**Summary of Accounting Policies** - The financial statements of the Library Plans are prepared using the accrual basis of accounting. Contributions and benefits are recognized when due and payable in accordance with the terms of the Library Plans.

**Method Used to Value Investments** - All investments of the Library Retirement System are reported at fair value. Short term investments are reported at cost, which approximates fair value. All other investments are valued based upon quoted market prices. The Library Retirement System has no investments in any one organization, which represent more than 5 percent of plan net assets.

**Contributions** - The Library Plans' funding policy provides for actuarially determined periodic contributions at rates of 3 percent per annum for employees. The Library is required to contribute the remaining amounts necessary to fund the Library Plans, using the actuarial basis specified by statute.

**Actuarial Methods and Assumptions** - The actuarial valuation method used is a market value related method. The frozen entry age actuarial cost method is used in determining the funding requirements. Significant actuarial assumptions include (a) a rate of return on the investment of present and future assets of 7.5 percent a year compounded annually, (b) projected salary increases of 5 percent a year compounded annually, attributable to inflation, and (c) post-retirement benefit increases up to 5%.

**Schedule of Funding Progress** - The frozen entry age actuarial cost method, used in determining funding requirements, only identifies the initial unfunded accrued liability, which is incurred at the inception of the plan and amortized. All other sources of unfunded liabilities (such as plan amendments and experience gains and losses) become part of normal cost. The schedule of funding progress for the six years ended January 1, 2006 is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
1/1/00	52,099	30,417	0	171.0	8,086	N/A
1/1/02	50,769	41,939	0	121.0	9,420	N/A
1/1/03	44,609	49,000	4,391	91.0	10,639	41.0
1/1/04	53,766	50,030	0	107.0	11,213	N/A
1/1/05	59,129	52,814	0	112.0	11,074	N/A
1/1/06	61,017	54,855	0	111.0	10,190	N/A

**Schedule of Employer Contributions** - The schedule of employer contributions for the six years ended June 30, 2006 is as follows:

Year Ended June 30	Annual Required Contribution	Percentage Contributed
2001	0	N/A
2002	0	N/A
2003	0	N/A
2004	1,494	23.0
2005	341	98.0
2006	0	N/A

**Annual Pension Cost and Net Pension Asset** – The Library Retirement System's annual pension cost and net pension asset for the year ended June 30, 2006 were as follows:

Interest on net pension asset	\$ (94)
Adjustment to annual required contribution	 96
Annual pension cost	2
Contribution made	 (330)
Decrease in net pension obligation	328
Net pension asset at beginning of year	 1,251
Net pension asset at end of year	\$ 1,579

Three-year trend information is as follows:

Year Ended June 30	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2004	1,498	23.0	1,259
2005	343	98.0	1,251
2006	2	16,146.0	1,579

# **MLGW Retirement System**

**General** - The MLGW Retirement System is established under a resolution by the Board of Commissioners of MLGW and is administered by the MLGW Pension Board under the direction of the Board of Commissioners. Separate financial statements for the MLGW Retirement System and the MLGW Retiree Medical and Life Insurance Benefits are issued as of and for its year-end December 31, and can be obtained by writing to the MLGW Pension Plan, P.O. Box 430, Memphis, Tennessee 38101-0430.

**Plan Description** - The MLGW Retirement System pension trust fund accounts for the activity of the MLGW Retirement System, a single employer public employee retirement system. Prior to 1988, the retirement system included the contributory defined benefit plans (the "1948 Plan" and the "1978 Plan"). The 1948 Plan and the 1978 Plan were amended and superseded as of July 1, 1988. All employees who were members of the 1948 Plan and the 1978 Plan automatically became members of the amended, restated and consolidated MLGW Retirement System.

At December 31, 2005, the MLGW Retirement System membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled	
to benefits but not yet receiving them	2,461
Active employees	2,672
Total	5,133

The MLGW Pension Plan provides retirement, disability and death benefits to participants and their beneficiaries. The MLGW Pension Plan also provides for cost of living adjustments beginning at the age 56 for retired, disabled and surviving spouses on a graded scale of 5% per annum based on the consumer prices index.

**Summary of Accounting Policies** - The financial statements of the MLGW Retirement System are prepared using the accrual basis of accounting. Contributions and benefits are recognized when due and payable in accordance with the terms of the MLGW Retirement System.

**Method Used to Value Investments** - All investments of the MLGW Retirement System are reported at fair value. Short term investments are reported at cost, which approximates fair value. All other investments are valued based upon quoted market prices except for real estate investments, which are appraised by independent appraisals. The MLGW Retirement System has no investments in any one organization, which represent more than 5 percent of plan net assets.

**Contributions** - All members under the MLGW Retirement System are required to contribute 8 percent of the benefit compensation to the MLGW Retirement System. During 2005, MLGW was required to contribute 8 percent of the benefit compensation of all active participants. Investment costs of the MLGW Retirement System are financed through investment earnings. Other administrative costs are included in the annual required contribution amount.

**Actuarial Methods and Assumptions** - The actuarial valuation method used is the five-year weighted index method. The aggregate actuarial cost method is used in determining the funding requirements. Significant actuarial assumptions include (a) a rate of return on the investment of present and future assets of 8 percent a year compounded annually, (b) projected salary increases of 4.50 to 8.16 percent a year compounded annual, and (c) pensioner cost of living adjustments of 1.05 to 2.63 percent compounded annually.

**Schedule of Funding Progress** - The aggregate cost method does not identify or separately amortize unfunded actuarial liabilities. These liabilities are amortized through the normal cost. Under the aggregate cost method, the actuarial accrued liability equals the actuarial value of assets. At December 31, 2005, the actuarial value of assets was \$1,126,577.

**Schedule of Employer Contributions** - The schedule of employer contributions for the past six years is as follows:

Year Ended December 31	Annual Required Contribution	Percentage Contributed
2000	2,856	376.8
2001	4,330	221.5
2002	9,972	98.8
2003	15,890	67.3
2004	18,241	88.4
2005	18,683	67.3

# G. Component units

As discussed in Note 1, BOE, MATA, and MSCAA are included as discretely presented component units of the City's financial statements. Essential disclosures related to the above discretely presented component units are included in the complete financial statements of each of the individual component units. See Note 1(A). Condensed financial statement information for these discretely presented component units is shown below:

	GOVE	RNMENTAL TYPE	PR	OPRIETARY TYI	PE	COMPONENT UNITS

Fiscal Year	1997 (1) \$	1998	1999	2000	2001	2002	2003	2004	2005	2006

Taxes are normally due on June 1 and delinquent on September 1 each year and may be paid in two installments (June 1 through June 30 charged at 12% per annum until paid. Discounts are not allowed. Delinquent taxes may be collected by foreclosure proceedings through and August 1 through August 31). A penalty of 1/2 of 1% accrues the first of each month taxes remain delinquent and interest is court ordered tax sales.

(1) Refunds of delinquent taxes were greater than collections due to appeals of assessments after the 1992 reappraisal.

NOTE: The special assessment fund was established in fiscal year 1979 to account for the financing of the downtown merchant's share of the cost of the Mid- America Mall , plus the yearly cost of promotional events for the Mall and downtown area. In accordance with GASB 6, the Special Assessment Fund was eliminated in 1987.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council City of Memphis, Tennessee

We have audited the accompanying financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Memphis, Tennessee (the "City"), as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 6, 2006. We did not audit the Memphis-Shelby County Airport Authority, which is a component unit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

#### **Compliance** and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The

results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain matters that we reported to management of the City in a separate letter dated December 6, 2006.

This report is intended solely for the information and use of the Mayor, City Council, management, the State of Tennessee, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Mayor and Members of the City Council City of Memphis, Tennessee

#### Compliance

We have audited the compliance of the City of Memphis, Tennessee (the "City") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. We did not audit the Memphis-Shelby County Airport Authority, which is a component unit. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006

#### **Internal Control Over Compliance**

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal

programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operations that we consider to be material weaknesses.

This report is intended solely for the information and use of the Mayor, City Council, management, the State of Tennessee, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
