Resolution supporting Senate Bill 2494 of the 113th Session of the General Assembly

WHEREAS, Tennessee Senate Bill 2494 (“SB 2494”) supported by Tennessee State Senator Raumesh Akbari and House Representative Antonio Parkinson, has been introduced to amend State law and allow local governments the option to establish grant programs to incentivize eligible professionals to live and work within the boundaries of the local government by providing grants in an amount not to exceed the amount of property tax due on the eligible professional’s principal residence; and

WHEREAS, as defined and used in SB 2494, “eligible professionals” would mean medical professionals, police officers, firefighters, and teachers; grant recipients under SB 2494 “shall use the grant to offset expenses of living within the boundaries of local government” and “provide an itemized accounting of expenditures made utilizing the grant funds to the county trustee or the trustee’s designee on or before the date on which real property taxes are due”; an

WHEREAS, ongoing national discussions such as residency requirements for public safety personnel and improving relations between communities and police officers are happening congruently with a concerning and widespread rise in violent crimes; given local leaders primary responsibility is to provide safety for citizens, a local government incentivization program for eligible workers is a policy solution that will work well for the City of Memphis; and

WHEREAS, providing the opportunity for a local government to create their own, specifically tailored grant program to meet the needs of their constituents, that will incentivize public safety, medical and education professionals to live within the boundaries of local government, will help to attract and retain critically needed professionals, encourage community relationship building and help maintain critically needed tax revenue for the City of Memphis; and

WHEREAS, the Memphis City Council supports State legislation, such as SB 2494, that offers choice to local governments in Tennessee, as local governments are more knowledgeable and closely involved with constituent concerns.

NOW, THEREFORE, BE IT RESOLVED, that the Memphis City Council hereby supports the passage of Senate Bill 2494 of the 113th Session of the General Assembly, being that the health, welfare, and public safety of the City of Memphis requires it.
